

## LIFE INSURANCE FOR YOUR HOUSE

**A** TREE often lives several hundred years. Nature has protected the wood by covering it with bark to shield it from the elements.

When trees are sawed into lumber, Nature's protection is lost. Therefore, the wood used in your house must be paint protected to insure it against wear and weather.

"100% Pure" Paint is a good life insurance policy on your house. It protects against decay—pays for itself, over and over again, in the repairs it saves—adds value and beauty to the building as well as long life to the wood.

### Martin-Senour "100% Pure" Paint

is most satisfactory for all outside and inside painting. "100% Pure" is genuine White Lead, Oxide of Zinc, purest Colors, and Linseed Oil—ground to extreme fineness by powerful machinery—the combination of which produces a paint that is greatest in hiding, covering and wearing qualities—and makes it the cheapest to use as well as the most satisfactory.

Write for our booklet, "Town and Country Homes". It gives you many helpful suggestions in Color Harmonies, and is free for the asking.
