Write for our FALL AND WINTER CATALOGUE

OUR Fall and Winter Catalogue has been issued. If you have been issued. If you have been in the habit of getting our catalogue in the past you should have a copy of the new one now; if you have not, we want you to write us without delay, as the one we sent has likely gone astray in the mails.

If you have not been getting our catalogue, we want to hear from you also and we will see that you have one forthwith.

This catalogue is too valuable to be without. It is a veritable style book. The garments illustrated and described are the latest creations in the world of fashion. It is also a dictionary of low prices. We buy in such quantities, and for cash, that we are able to quote the lowest prices on every article that is required for wear or for the home.

But write for our Fall and Winter Catalogue and see what we are offering. We think ourselves that you will find it a great improvement on our first as we have been studying Western needs during the fourteen months we have been established in Winnipeg.

THE T. EATON CO. LIMITED
WINNIPEG, CANADA
