

A COLORED NOTICE

A colored notice in this issue of The Guide shows that your renewal is due.

The editors hope that you have enjoyed reading The Guide and that you will send \$1.50 for your renewal at once. A blank coupon and addressed envelope are enclosed for your convenience.

Several weeks' notice is given so that subscribers will have time to send in their renewals, thus not missing any issues.

Back numbers of The Guide cannot be supplied.

When requesting a change of address, subscribers should give the old as well as the new P.O. address.

The Yellow address label on The Guide shows to what time your subscription is paid. No other receipt is issued.

Remittances should be made direct to The Guide, either by registered letter, postal bank or express money order.

THE GRAIN GROWERS' GUIDE

"Equal Rights to All and Special Privileges to None"
A Weekly Journal for Progressive Farmers

Published under the auspices and employed as the official organ of the Manitoba Grain Growers' Association, the Saskatchewan Grain Growers' Association and the United Farmers of Alberta.

The Guide is absolutely owned and controlled by the organized farmers — entirely independent, and not one dollar of political, capitalistic, or special interest money is received in it.

GEORGE F. CHIPMAN, Editor and Manager
Associate Editors: E. A. WEIR, R. D. COLQUHOUN, NORMAN F. LAMBERT and MARY F. McALLUM

Authorized by the Postmaster-General, Ottawa, Canada, for transmission as second-class mail matter. Published weekly at 250 Vaughan St., Winnipeg, Man.

SUBSCRIPTIONS and ADVERTISING

Published every Wednesday. Subscriptions in the British Empire, \$1.50 per year, except Winnipeg city, which is \$2.00 per year. Foreign and United States subscriptions, \$2.50 per year. Single copies, 5 cents.

Advertising Rates

Commercial Display: 70 cents per square line. Livestock Display: 15 cents per square line. Classified: 5 cents per word per issue. No discounts for time or space on any class of advertising. All changes of copy and new matter must reach us seven days in advance of date of publication to insure insertion. Reading matter advertisements are marked "Advertisement." No advertisement for patent medicines, liquor, mining stock, or extravagantly worded real estate will be accepted. We believe, through careful enquiry, that every advertisement in The Guide is signed by trustworthy persons. We will take it as a favor if any of our readers will advise us promptly should they have any reason to doubt the reliability of any person or firm who advertises in The Guide.

This Machine Will Kill Sow Thistles!

One man at St. Agathe, Man., says: "A portion of our 375 acres of summerfallow was infested with sow thistle. We used a **Forkner**, cultivating six inches deep, and since that time scarcely a plant has sprouted or shown signs of life."

A—Strong, well braced elevated platform from which steel levers regulating sections are operated. Long levers make sections easily raised and lowered.

D—Spring seat on platform out of dust where operator can easily control machine and teams.

E—Heavy, durable steel two wheel foretruck eliminates neck weight on horses. Wheels have 4 in. convex tires, removable boxes, grease cups and dust proof hubs.

B—Heavy steel wheels which have wide concave tires, removable boxes, grease cups and dust proof hubs carry main frame 18 in. high and make light draft.

F—Large compression springs on each section insure even depth of cultivation on either even or uneven surfaces. Also give the machine action and flexibility.

C—Main frame and sections made of heavy angle steel well braced, trussed and riveted.

G—Unbreakable spring steel teeth with high throat room pass through slots in two heavy section angles, fastening with one bolt.

No. A-107—Cultivator

Each shovel laps the one next to it. Every inch of soil is cut and stirred. All weeds are cut off. Clearance of 14 inches between every four teeth for weeds and trash to pass freely through after they are cut. No clogging—No binding. Springs are reinforced and held firmly in two section angles. No shifting or twisting possible. Different types of shovels and sweeps for all kinds of soils, weeds and purposes are easily attached to spring with one bolt.

A machine that will clean up sow thistles will clean up any weeds. Go carefully over the points of the **U.G.G. Forkner Cultivator** shown above. It's thorough in its work and will give long satisfactory service.

Use Any of These Sweeps

2-in. Reversible Steels
4-in. Special Sweep
6-in. Special Sweep
10-in. Sweep
The 2-in. shows style of 1 1/2-in.
Ask for Prices or see Page 27, 1918 Catalog.
