Mr. *Simonds*, from the Committee, reported, that the Committee had gone into consideration of the business to them referred, and had directed him to report as follow :--

N. This account is incorrect, for want of the requisite vouchers and affidavit, which the Supervisors are required to furnish at the next Session of the General Assembly.

O. This report is satisfactory, and the accounts are accompanied with the requisite vouchers.

P. The requisite vouchers and affidavit accompany this account, which appears correct, except a short credit of £54 4 6½, which the Supervisors are required to explain at the next Session of the General Assembly.

As to the extra charge made by the Supervisors in some of the foregoing reports for superintending the Roads, over and above the days limited by Law, it is the opinion of this Committee, that application should be made by them to the Legislature, stating the particular circumstances of their respective claims, and further, that the Supervisors of the Great Roads do furnish for the information of the House, at the next Session of the General Assembly, full and general accounts of all the monies received and expended by them since the commencement of their duties as Supervisors.

And to move for leave to sit again.

Ordered, that the report be accepted.

The House, according to order, resolved itself into Committee of the whole House, on consideration of the report of the select Committee, to whom were referred the accounts of the expenditure of the monies entrusted to the Commissioners appointed under and by virtue of an Act, intituled " an Act to provide for the necessities of the Province occasioned by the failure of the late Crop."
