

LIVE STOCK MARKETS. TORONTO.

Receipts of live stock at the City Market were 75 carloads, composed of 1428 cattle, 931 hogs, 89 sheep, 129 calves and 2 horses.

There were a few lots of good cattle, but many were common, half-fed on sale to-day.

Trade was much the same as at the Junction. Some of the drovers stated that prices all round were not as good as on Monday.

Exporters—A few odd lots of export steers sold up to \$5.85, but there were few shipping cattle on sale. Export bulls sold at from \$4.25 to \$5, and an odd one or two of extra quality brought \$5.25 per cwt.

Butchers—Prime picked lots of butchers sold at \$5.50 to \$5.75; loads of good at \$5.20 to \$5.50; medium \$4.85 to \$5.15; common \$4 to \$4.25; good cows, \$4 to \$4.75; rough cows \$3.50 to \$3.75; canners \$2 to \$3 cwt.

Feeders and Stockers—Messrs. H. & W. Murby report a fair trade in stockers and feeders, which are becoming more plentiful as the season advances, but not equal to the increasing demand. The Messrs. Murby bought 200 stockers and feeders at the following quotations: Good steers, 1000 to 1100 lbs each, at \$4.75 to \$5; good steers, 900 to 1000 lbs. each, at \$4.25 to \$4.75; good steers, 800 to 900 lbs each, at \$3.90 to \$4.25; good steers, 600 to 800 lbs each, at \$3.25 to \$3.50; light stockers, 400 to 600 lbs each, at \$3 to \$3.25.

Milkers and Springers—About fifty milkers and springers sold at \$30 to \$60 each, and one extra quality cow at \$70, the general run of the good cows selling at from \$45 to \$55 each.

Veal calves—The run of calves not being as heavy as that of last week, prices were just a shade stronger. Prices ranged at from \$3 to \$5.50 per cwt.

Sheep and lambs—Receipts light. Export ewes sold at \$4.50 to \$5.25; rams \$3.50 to \$4.50; yearling lambs, \$6.50 to \$7.50; spring lambs \$3 to \$6.50.

Hogs—Receipts light. Mr. Harris reports prices unchanged, but slightly easier. Selects, \$6.40, fed and watered, and lights \$6.15.

OLD COUNTRY CRIMINALS.

That the increase of crime in Ontario is due to the importation of undesirable from the old country is charged by Dr. Bruce Smith, Inspector of Prisons for Ontario, in his annual report, which has been presented to the Government.

Dr. Bruce Smith states:—"Although the year closes with the largest number that have been in confinement in the jails of Ontario within the past twenty years, this increase is not due to increase in crime in the Province, but is largely due to Canada, and especially Ontario, being made the dumping ground during the past year of some most undesirable immigrants. Every jail I have visited within the past six months has had among its prisoners persons who have been only a few months in this country. Some of them have spent most of their lives in English prisons. Several have admitted that they have been discharged by English Magistrates on condition that they would emigrate to Canada.

There must be something radically wrong with our immigration regulations that will permit such apparent neglect in the inspection of persons seeking and obtaining passage as immigrants to this country. The whole system of encouraging such people to seek a home in Canada is wrong, and the sooner the conditions complained of are recognized and changed the better."

RELATIVELY UNFLATTERING.

In Dr. Edward Everett Hale's younger days he was about to leave a parish, and a good old lady was bewailing the fact and insisting that the church would be ruined thereby. Dr. Hale, flattered by her words and manner, and wishing to console her, said:

"But sister, the man who will succeed me is a fine preacher and a splendid fellow. You'll soon see that everything is all right and get used to it."

"No, no, I won't," she answered tearfully. "I don't get used to this changing. I've seen six changes in preachers now, and it's got worse and worse all time."

FEET AND ALL.

A young housekeeper went to market to purchase a chicken. After selecting one and enquiring the price she said:

"Isn't 14 cents rather high? The butcher across the street charges only 13."

"With the feet on?" asked the butcher.

"No, I think the feet were cut off," she replied.

"I thought so," said the butcher, "When we sell a chicken here, ma'am, we sell it feet and all."

THERE'S LOGIC FOR YOU.

A juror had been selected in a murder trial, and they were about to swear him in, when the judge, to be on the safe side, bethought himself to say to the man:

"I trust, sir, you fully understand the duties and responsibilities of a juror?" Straightening himself up to his full height, the man nodded calmly and replied:

"I'm a plain chap, and I believe in being fair to all. I don't go by what the lawyers say, and I don't go by what the judge says; but I look carefully at the prisoner in the dock, and I say to myself: 'He must have done something or he wouldn't be here,' so I bring 'em all in guilty."

CATARRH NOW CURABLE

BUT NEVER BY MEDICINE SWALLOWED, SNUFFS, SPRAYS OR DOUCHES.

Catarrh is not a blood disease and that is why it cannot be cured by any medicine taken into the stomach. Catarrh is a germ trouble contracted from the germ-laden air you breathe inward. These germs fasten themselves in the tissues and air cells of the breathing organs, multiply by millions, cause sneezing, coughing, raising of mucus, discharge from the nose, difficulty in breathing, hoarseness, dryness and stoppage of the nose, tickling in the throat and other symptoms that can only be reached by the dry air principal of Hyomei.

It medicates the air you breathe with the curative properties of the Australian Eucalyptus Forests where catarrh is unknown.

The reason you get relief in a minute or two from Hyomei is because it destroys every catarrhal germ in the air you breathe, and its dry penetrating aroma will reach the innermost recesses of the air passages, killing millions of germs a minute. Their destruction means freedom for oppressed respiratory organs. J. Coates sells Hyomei under a guarantee of satisfaction or money back. Price \$1.00.

At the approaching Provincial elections the ballots will have no identifying number, and every elector will be certain of absolute secrecy as to how he voted.

The gambling fever has gripped the women of New York and reports from this great society mecca are to say the least, hair-raising. It is said that there are hundreds of poker games running nightly, and homes are being neglected, jewels and other valuables pawned, and in many cases utter ruin is the result. When woman takes to bad there is no awakening till the disease has robbed her of womanliness, purity and all the nobler attributes of femininity.

David Dack, an employee of the Cargill stove mill, was found dead on the railroad track between Cargill and Eden Grove on Sunday afternoon. The deceased was subject to fits and during one of these attacks fell face downwards on the track and was smothered to death before assistance arrived. He was about 34 years of age and single.

WHY CERTAIN MEN MARRY.

An editor sent out circular letters to a large number of married men, and asked them why they married. Here are some of the answers:—

I didn't intend to do it.
Because I did not have the experience I have now.

I married to get even with her mother, but never have.

That's what I have been trying for 11 years to find out.

I yearned for company and now we have it all the time.

I thought it would be cheaper than a breach of promise suit.

Because Sarah told me that five other men had proposed to her.

That's the same fool question my friends ask me.

I wanted a companion of the opposite sex. She is still opposite.

The old man was going to give me his foot, so I took the daughters hand.

Because I asked her to have me and she said she would: I think she's got me.

Because I thought she was one among a thousand: now I think she is a thousand and among one.

I was lonely and melancholy, and wanted some one to make me lively. She makes me very lively.

OUR NATIONAL DANGER.

TIME TO CRY A HALT BEFORE COMPLETE WRECK RESULTS.

There are thousands, both men and women, who do not take time to eat properly. They rush through life, and as a result we have an age of indigestion, nervousness, irritability, sleepless nights and morose disposition. Our national danger is stomach weakness, due to the strenuous life.

Mi-o-na tablets strengthen the walls of the stomach and stimulate secretion of the digestive juices. They make the stomach comfortable and cure indigestion.

Sick headaches, palpitation, yellow skin and coated tongue are a few of the many distressing results of indigestion that Mi-o-na never fails to cure. J. Coates sells Mi-o-na in 50c. boxes, and guarantee to refund money if it does not give complete satisfaction.

The Evangelical Conference passed a resolution condemning the three-fifths clause in the local option law.

The Post-Office Department will issue a new series of postage stamps to mark the three hundredth anniversary of the founding of Quebec. Stamp collectors will be on the lookout for them, and the Postoffice Department will increase its revenue.

A by-law was passed in Havelock on February 24, raising the hotel license fee to \$750. At first the liquor party tried to quash the by-law. They then said they would not pay the high fee, but would shut up their houses, but the hotelkeepers in town, three in number, have made application for licenses at the high rate. The former rate was \$250.

Beware of Substitutes!—Greedy dealers endeavor to plan off a substitute for Putman's Corn Extractor. Insist on Putman's only—it cures corns and warts thoroughly. The imitation may fail.

Ontario is evidently now infested with gangs of desperadoes, many, no doubt, from across the lines and many unhappy home products. Heretofore burglaries, hold-ups and such like have been confined to cities mostly, but of late the country districts have apparently attracted the attention of the criminal classes—they are much more easily worked. In many surrounding places during burglaries and robberies have recently occurred and it would be a wise precaution for people having valuables of any kind either in the shape of merchandise or household belongings to provide themselves with a good six-barrelled revolver and see that their doors are locked securely before retiring, and if they have a good watch-dog let him sleep on the premises.

PAIN

Pain in the head—pain anywhere, has its cause Pain in congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablet—coaxes blood pressure away from pain centers. Its effect is charming, pleasantly delightful. Gently, though safely, it surely equalizes the blood circulation.

If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are sleepless, restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the unnatural blood pressure.

Bruse your finger, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is—always. It's simply Common Sense. We sell at 25 cents, and cheerfully recommend

Dr. Shoop's Headache Tablets J. COATES.
