Beiner Was sendended for closs-clearching Chase. Cameron was sent away for doing the same thing to Chase. Gould received a pass in front and put his team further: ahead in two minutes. Collins made a rush and got Collingwood's last counter in two minutes. For Midland, Chase, Hastings, Cook and Hanley were the best. Gould was marked right fron the start, and was pretty well used up at the last, but was game to the core. For Collingwood, Fryer played the game of his life, and Collins, when he was playing, was good, too. Belcher, Burns and Cameron did well, and Hammond stopped many good ones. Line up:

GRIMSBY SEPTETTE WON.

Beamsville, March 11.—(Special.)—The twin towns clashed again in an exhibition game of hockey last night on the local rink, the boys in green and white putting it over the local septette to the tune of 7-5. For the home team, G. on and Ketter put up a good article and the lime-light shone extensively on Gibson and Hand for the visitors. Although the Beamsville bunch lacked practice, they gave their supporters noth-ing to complain of, and the game was

quartette throughout the entire series, every man playing in every game, and in the same order throughout.

The game last evening was watched by quite a large gathering and great enthusiasm prevailed. The score throughout the sixteen ends was always close, and every stone was well played. After the game the winners received the congratulations of all, including the losers, and a merry time was spent in the club Geo. Moore A. Sheppard J. M. Bridgett A. R. Whyte

COMMENT AND GOSSIP

The Hamilton hockey team, winners in the district of the O. H. A. intermediate series, has disbanded for the season. The boys did well and have put new life into Camida's favorite winter sport here. It is to be hoped that Dr. Cam's scheme to provide a tig ice rink will materialize before next season.

Tom Sharkey is sending some suggestions on prize fighting to his friends in Ireland that may prove of vast benefit to Jem Roche in his coming fight with Tommy Burns for the championship.

In Sharkey's opinion the only way for Roche to beat Burns is to continually pound him with left' jabs and a strong left hook. In this way, he says, a good fighter can keep Burns off and finally land him.

"I have watched the pictures of the fight between Burns and Gunner Moir very carefully," says Sharkey, "and I don't see where Burns comes in to beat any good man. Without taking any credit away from him, I regard Burns as a third-rate fighter compared with our well known heavyweights.

"Anybody could have beaten Moir the way he went after Burns in the pic-

eatch one of those fellows like Burns, who keep boring in, the only way to handle them is with left jabs and left hooks. I believe I could have beaten Burns by using the left hand alone.

"I have never seen Roche fight, and know nothing about him, but I have studied Burns. If Roche is any kind of a good fighter he should stand an excellent chance. His friends, though, should train him in the use of his left. If Bob Simpson containes to make such big scores in bowling games bis should train him in the use of his left friends will suspect he is a "high roll-" It will take a left to beat Burns, and if it is used properly nothing else will

be needed.

Notice was sent out from a meeting of the Highband Park Jockey Club, that the jumpers Croxton and Vagabond had been restored to good standing. The ban was also removed from Deerslayer at the same time. The reinstatement of Vagabond and Croxton came a bit bate, as these two horses died at City Park last week as a result of an overdose of calomel.

Frank Murphy, the youngster who ransuch a plucky race in the Ward Marathon, is training for the shorter distances.

In Sharkey's onjning the only way for the sake of the old country I would like to see Roche hold Burns of the ease the would like to see Roche hold Burns of the eavyweight championship leave America, but nobody ever seriously looked upon Burns as a real champion. He gets on with a lot of lemons and gets away with it clean.

"When a man like Richard Croker is willing to back Jem Roche there must be something in him. Mr. Croker was never regarded as a sucker, and he something or the shorter distances.

Dope on the Orleans Derby.

New Orleans, March 10.—(By Wireless.)—I am in possession of the right dope on the pending Derbies (or Derbys), as the case may be). I understand that it is all cut and dried for Chapultepec, but, on the other hand, Chapultepec may not win if he does not finish in front. There is always some doubt about these Derbies (or Derbys). Chapultepec has done everything that has been expected of him in his work as well as in his training, and the prevailing opinion is that he cannot finish ing opinion is that he cannot finish assume such a withering freight bill, worse than first unless he is beafen. He has been the pet posey of the puissant pack all winter, and to argue him out proach him from the wrong side. ck all winter, and to argue min out the money is to argue one's self a intimated that he has been pickled for these Derbies (or Derbys), and I have a notion amounting almost to a conviction that the horses that beat him will

mutt. He will win beyond peradventure unless, of course, he happens to lose. I am afraid of l'inkoia. There's a horse, or, at least, a gelding. He will be trained to the hour and is in the hands of a shrewd man who was elever enough to have himself reinstated three times. Pinkola's forte is mud, which may be slang for slops. He will have the service of one of the best jockeys on the track, and I would not be qurprised that if he won they would pay off on him (or it, we have forgotten which).

Ottawa, March 10.—Some of the Opposition papers are going to extreme lengths these days in an effort to discredit the Government by distorting facts, but it has remained for The Montreal Star to cap the climax by publishing to day an interview with an American manufacturer, whom The Star alleges is supplying many important parts of the Ross rifle, which is supposed to be a Canadian-made arm. The manufacturer in question is Mr. Frank Mossberg, of Attleboro', Mass. He has already made an affidavit denying the charges made by The Montreal Star concerning the allegations made under sensational head lines as to the purchase from him of rifle parts, which are in fact made in the factory at Quebec.
