FINE OUTING

Enjoyed by Employees of Canadian Colored Cotton Co.

The overseers, second hands, third hands, carpenters and machinists of the Canadian Colored Cotton Mills Co. Limited, MacNab street north, held their annual outing on Saturday. Leaving the city by boat they proceeded to Oaklands, where a fine game of baseball and other sports were indulged in, ending up with an hour's fishing, in which they were very successful, catching quite a plentiful supply of fish. After that they proceeded to the hotel in Burlington, where a bountiful repast was partaken of, after which they left for Hamilton, arriving in the city at 8.30, where, after giving three hearty cheers for the Canadian Colored Cotton Mills Co., and its popular and efficient manager, Mr. Alex. E. Adam, who so generously contributed to their splendid afternoon's outing, they departed for their respective homes very much pleased.

In response to several invitations, William Henry, founder of the Royal Life Saving Society, will visit Canada in August with the object of extending the organization.

His Majesty has approved of Gerhard Willich and M. K. Moorhead as United Nations Consuls at Quebec and St. John, N. B., respectively.

PRINTERS IT.

Had a Great Time at Nash's on
Saturday.

The printers had their annual picnic on Saturday at Nash's Grove, and, as usual, it proved a great success. The excursion left the Terminal station on the H., G. & B. cars at 2 o'clock, and after arriving at the grounds started in to enjoy themselves in the best manner possible. Refreshments were served in abundance. The feature of the programme was a soft ball game between the Has-beens and the Would-bes. The Has-beens were the older players who had gained fame for soft-ball playing, and the Would-bes were those aspiring to be players. The slippery grass made things interesting for the base runners. The Would-bes had Waite as a topper, and although he was at times good, the veterans hit him freely. Alf. Wilkes for the Has-beens proved a shining light, and twisted the ball over in such a manner as to confuse the batters. The final score was 27-13. "Billy" Smith as umpire proved to be the right man in the right place, although the teams differed with him on numerous occasions.

A programme of races was run off and resulted as follows:

Three-legged race—Waite and Dickson.
Jockey race—Wilson and Huhn.
Obstacle race—Dickson.
Fat men's race—Quinn.
Sneak Race—Quinn.
Consolation race—Campbell.

The feature was the easy manner in which Quinn won both his events.

MAY BLOSSOM.

Comedy Drama at Mounain
Theatre This Week.

The comedy drama "May Blossom" will be the offering for this week by The Summers Stock Company at Mountain Theatre, East End Incline. This piece is one of the best obtainable and was written by Belasco and De Mille, two of the most favorably known playwrights and producers in America. Miss Belle Stevenson will appear in the title role, a part that gives her every opportunity to display her ability as an emotional actress. Mr. Blake, as Steve Harland, is also cast to advantage, in fact, the entire company should be at their very best in their respective parts. New scenery and effects will be used in this play so an excellent production should be the result.

ACCOUNTANTS.

Institute.

The twenty-sixth annual meeting of the Institute of Chartered Accountants of Ontario was held here in the Board of Trade rooms on Saturday afternoon. Representatives were present from various parts of the Province, the majority of whom came up from Toronto on the afternoon boat.

The financial statement was presented and other business transacted. The report of the president and the statement of finances clearly showed a year of growth and prosperity. Church and Clergy.

More than two hundred organized Methodist Episcopal churches are located in the city of Chicago.

John M. Comstock, State statistician of the Congregationalists in Vermont, reports the smallest number of additions to the church in his State during any year since 1882. There is a loss of ninety in the total membership of the 213 churches dropped to 21,965. The total addition was 865, of which 467 were on confession of faith.

Noon meetings in Wall street have been resumed under the auspices of the evangelistic committee of New York city. They will be held in front of the new City Bank building on the site of the former United States Custom House. The Rev. Nelson P. Dame, rector of St. Paul's Church, Ossington-on-the-Hudson, will preach at the meetings throughout the summer.

Mr. Gordon Grant, inspecting engineer of the Transcontinental Railway Commission staff, has accepted the position of chief engineer vacated by H. D. Lumsden at a salary of \$10,000. He will commence his new duties in a few weeks. At least the thermometer is one thing that can always be depended upon to rise to the occasion.

BOLD BRIGANDS

Hold Up and Rob Travellers of
Money and Jewelry.Kill Man Who Resisted and Tie Up
Tollgate Keepers.

Berlin, July 17.—Brigands held the highway between Augustow and Lipsk on the Russo-German border all day of this week, and captured some fifty or sixty travellers, whom they relieved of money and jewelry estimated in the aggregate at \$25,000. Most of the victims were horse dealers on their way to the annual horse market at Lipsk.

One of the exploits of the highway-men was to seize a toll-gate. They bound the keeper and his wife and stationed one of their number, dressed in the gate-keeper's uniform, outside the gate. Passants were allowed to pass on the payment of the usual fee, but prosperous-looking travellers were overpowered and robbed, and then imprisoned in the attic of the gate-keeper's house or the outhouses, while the horses or vehicles were assembled in the walled court yard.

After the total of forty persons relieved of their money had sufficed, the bandits gathered together the best animals and made their departure, but before they left they shot dead in sight of the others a man named Fahl, of Augustow, who had offered resistance. The son of the gatekeeper returned late in the afternoon and released the prisoners. The German Government has taken up the matter with the Russian authorities.

NEW G. M.

Masonic Career of R. W. Bro
Judge D. F. MacWatt.

London, July 19.—Nothing has been left undone to make the meeting of the Grand Lodge of Masons, which opens here on Wednesday, a success. The reports will, it is announced, show a most prosperous condition.

The Grand Secretary's report will show receipts from all sources of \$44,776.25, with a total expenditure of \$41,573.62, including \$24,362.00 for benevolent grants.

R. W. Bro. Judge D. F. MacWatt, of Sarnia, who is now the Deputy Grand Master, and will be the new Grand Master, was born at Navin, Scotland, on July 9, 1853. In 1869 he came to New York and subsequently to Canada in 1873. He first saw Masonic light in Corinthian Lodge No. 96, Barrie, in June, 1885, and was master of the lodge before 1891. He has been D. D. G. M. of Georgian district, No. 9, was the first Grand Superintendent of the Georgian district under the Grand Chapter of Royal Arch Masons of Canada; was also Provincial Prior of the Toronto district of Knights Templars; Past Grand Master of the Royal and Select Masters, and President of the Order of the High Priesthood for the Province of Ontario. He has presided over Barrie Lodge of Perfection at T. P. G. M., and has been W. M. Sovereign of the Rose Croix Chapter of the same place. At Ottawa, in 1896, he was elected a sovereign grand inspector-general, 33rd degree A. and A. S. R. He is also a supreme grand master of the Knights Templars body of Canada.

FALLEN LOW.

Once Prominent Pastor of New York
Arrested as Drunk.

New York, July 16.—The Reverend Robert Morris Kemp, once chief vicar of old Saint Paul's, and counted a forceful preacher, was discharged by Magistrate Cornell in the Jefferson Market this morning, after he had spent most of the night before in a cell in the Charles street station under the charge of intoxication.

When the Reverend Mr. Kemp appeared before the court this morning, colorless, dejected and very unsteady on his legs, the magistrate looked over him critically.

Kemp complained at the station the night before that he had lost his diamond ring, a watch and chain.

Mr. Kemp who had been staying at No. 18 Abington square up to the time of his arrest, resigned from Saint Paul's in March, 1898, and became the minister of Saint Chrysostom's Church in Chicago. He was there only a few months and suddenly disappeared.

DEFIANCE BY LORDS.

Budget Will be Treated as an
Ordinary Measure.

London, July 18.—A statement made by Lord Lansdowne in a political speech makes it apparent that the United Lords intend to disregard precedent and treat the budget when it reaches them from the House of Commons as they would any other measure. Heretofore the House of Lords has not interfered with the financial measures of the Government of the day, the imposition of new taxes and expenditure being considered entirely in the hands of the House of Commons.

Lord Lansdowne said that it was not likely that the House of Lords would proclaim that it had no responsibility in the Budget Bill or that it was obliged to swallow the bill whole, because it mixed up financial affairs. He contended that it was unthinkable that in a country where there were two chambers it should be left absolutely to one of them to impose a new financial system.

The members of the Government recently threatened that if the House of Lords interfered with the budget they would appeal to the country on the question of reform, if not the abolition of that House.

IN ALASKA.

Men Who Killed Guards in Siberia
Now on American Soil.

Cordova, Alaska, July 18.—Among a party of 100 Russians who arrived here on the steamer St. Croix, from Nome, yesterday are several who are believed to be political convicts who escaped from a penal colony in the interior of Siberia several months ago. The party reached Nome from Siberia on the Russian steamer Vaag and immediately embarked for this port. The uniforms worn by the men are believed to have been taken from the guards, killed in the battle at Chukotok, near the Arctic circle, last March, when the convicts defeated a company of pursuing Cossacks.

FINCH BROS., 29 & 31 King St. W.

THE FARM

THE SILO AND THE CORN CRIB.

On many farms, when the silo comes in, the corn crib goes out. Drill in seed at the rate of half a bushel per acre, takes the place of hill planting in check rows. With early corn, grown in hills or drills, rigidly thinned, and properly cultivated, well-earied stalks will enrich the silo content. Ideal silage is supposed to combine the high nutritive value with succulence. But we are not so sure that we can afford, without losing more than variety in diet, to discard roots and corn in the ear. Once a man gets the silo habit, he does seem to grow averse to dry-curing fodder, and husking corn, and caring for both. The labor problem worries him, and after the grain harvest he appears to become busier than before; so the surplus corn remaining after the silo is filled is slashed down, shocked up, and all fed to the cattle unhusked. But then, after all for feeding hogs, horses, cattle and poultry, what better adjunct have we than a long, airy crib, packed with well-hardened ears of corn? It has made savings-bank deposits grow, and helped to pay for countless farms.

Knife Used in Family Row.

Toronto, July 19.—As a result of a family quarrel at 23 Duchess street yesterday Frederick Oliver, who is under arrest on a charge of being drunk, bears two knife wounds on his face, while his wife, Elizabeth, and his daughter, Mildred, are locked up on charges of wounding. The police have a evidence a bread craver that is supposed to have been used in the affray.

Why is it that the woman who runs a beautiful establishment is always so homely?
