"This Company added about £90,000
 to its permanent capital, for the increased
 protection of its Insurers. This step dis-
 tinctly shows that the Company has always
 acted upon the principle enunciated by one
 of the directors at the last Annual Meeting
 of the proprietors—that the interests of the
 assured have a paramount claim on the
 directors—a claim superior even to that of
 the shareholders themselves.

"From that moment, as might be ex-
 pected, the Company attained the highest
 consideration throughout the country, and
 has retained it ever since. The result is
 shown in the unexampled fact that its Fire
 Revenue alone rose in about five years
 from little more than £30,000 to about
 £130,000!

"A further cause of this rapid growth
 lies somewhat more below the surface, but
 is yet of importance. From inquiry we
 learn that no fire office possessing half the
 above revenue annually deposits its accounts
 with the Registrar-general.

"The resources and balance-sheet of this
 great Company are, on the contrary,
 annually registered, and unmistakable
 evidence is thus given periodically of its
 capacity to meet its engagements."—
Morning Herald, December 26, 1855.

"Indeed, the bonus of the 'Royal' may
 be pronounced to be larger than any yet
 declared by the mass of the English offices.
 Here is an office which yields a fairly earn-
 est and wholesome reversionary bonus of 80
 per centum in its Life Branch, and in
 regard to fire operations, can make this
 very enviable boast, that it has exceeded
 the Fire business of all but two of the
 London Fire offices—viz.: the receipt of
 nearly £130,000 per year in Fire premi-
 ums alone—some of which ancient offices
 have been in existence for a century!
 Equally successful and singular in both
 departments. Indeed, the Life Depart-
 ment may be said to present results equally
 as worthy of mention."—*Morning Chronicle*,

**A MARVELOUS REMEDY FOR A
 MARVELOUS AGE.**
HOLLOWAY'S OINTMENT.
The Grand External Remedy.

By the aid of a microscope, we see mil-
 lions of little openings on the surface of our
 bodies. Through these this Ointment,
 when rubbed on the skin, is carried to any
 organ or inward part.—Disease of the Kid-
 neys, disorders of the Liver, affections of the
 Heart, Inflammation of the Lungs, Asthmas,
 Coughs and Colds, are by its means effec-
 tually cured. Every housewife knows that
 salt passes freely through bone or meat of
 any thickness. This healing Ointment far
 more readily penetrates through any bone or
 fleshy part of the living body, curing the
 most dangerous inward complaints, that can-
 not be reached by other means.
*Erysipelas, and Rheumatism, Scorbatic
 Humours.*

No remedy has ever done so much for
 the cure of disease of the Skin, whatever
 form they may assume, as this Ointment,
 Scurvy, Sore Heads, Scrofula, Erysipelas,
 cannot long withstand its influence. The
 inventor has travelled over many parts of the
 globe, visiting the principal hospitals, dis-
 pensing this Ointment, giving advice as to
 its application, and has thus been the means
 of restoring countless numbers to health.
Sore Legs, Sore Breasts, Wounds and Ulcers.

Some of the most scientific surgeons now
 rely solely on the use of this wonderful Oint-
 ment, when having to cope with the worst
 cases of sores, wounds, ulcers, glandular
 swelling, stiffness or contraction of the joints,
 even of 20 years standing.

Piles and Fistulas.
 These and other similar distressing com-
 plaints can be effectually cured if the Oint-
 ment be well rubbed in over the parts affect-
 ed, and by otherwise following the printed
 directions around each pot.

*Both the Ointment and Pills should be used in
 the following cases:—*
 Bad Legs, Bad Breasts, Burns, Bunions,
 Bite of Moschetoes and Sand Flies, Coco-
 bay, Cheigo-foot, Chilblains, Chapped hands
 Corns, (soft) Cancers, Contracted and Stiff
 Joints, Elephantiasis, Fistulas, Gout, Gland-
 ular Swellings, Lumbago, Piles, Rheuma-
 tism, Scalds, Sore Nipples, Sore Throat, Skin-
 diseases, Scurvy, Sore-heads, Tumours
 Ulcers, Wounds, Yaw.
