

## I OWE MY LIFE TO "FRUIT-A-LIVES"

They Did Me More Good Than All  
Other Treatments Combined

Mrs. H. S. WILLIAMS

PALMERSTON, Ont., June 20th, 1913  
"I really believe that I owe my life to 'Fruit-a-lives'. Ever since childhood, I have been under the care of physicians and have been paying doctors' bills. I was so sick and worn out that people on the street often asked me if I thought I could get along without help. The same old stomach trouble and distressing headaches nearly drove me wild. Some time ago I got a box of 'Fruit-a-lives' and the first box did me good. My husband was delighted and advised a continuation of their use. 'Fruit-a-lives' completely cured me. Today, I am feeling fine, and a physician meeting me on the street, noticed my improved appearance and asked me the reason. I replied, 'I am taking Fruit-a-lives'. He said, 'Well, if 'Fruit-a-lives' are making you look so well, go ahead and take them. They are doing more for you than I can'. Mrs. H. S. WILLIAMS.  
'Fruit-a-lives' are sold by all dealers at 50c. a box, 6 for \$2.50, trial size 25c. or sent on receipt of price by Fruit-a-lives Limited, Ottawa.

## WOOD-USING INDUSTRIES

According to a bulletin now obtainable from the Forestry Branch, Ottawa, 807,456,000 feet board measure of wood were used by thirty eight different industries in the manufacture of all sorts of finished products, from spoons to ships. The value of the wood so used, as purchased in the rough, represented a total of \$19,161,384, and the capital engaged in these industries (which do not include sawmills, etc.), together with the labour engaged in the manufacture of these finished products, represents a very important economic asset to the resources of the province.

Thirty four different kinds of wood were used, chief of which was pine, representing 21.7 per cent of the total and costing, on the average, \$25.60 per thousand feet, board measure. Good, clear, white pine, however, is becoming comparatively scarce and it is being increasingly substituted by spruce, which costs little more than half as much, being one of the cheapest woods on the market. It is significant to note that only six native species were purchased entirely within the province, considerably over 55,000,000 being paid for imported wood.

The bulletin contains very three tables, containing summarized and detailed information regarding the quantity, value, kind and source of supply of the woods used in each industry. Short descriptions of each species with a list of their uses are also included and suggestions are made as to the utilization of waste, while the appendix contains a classified directory of all the manufacturers.

## SUDDEN DEATH OF JUSTUS FAIRLEY, JR.

Well Known Boiestown Man  
Dropped Dead While Shaving

Justus Fairley, Jr., of Boiestown, dropped dead at his home Thursday morning while shaving. Heart disease was the cause of death. He was sixty years of age and a brother of the late J. S. Fairley, the well known lumberman. Deceased had been in Fredericton on Tuesday in his usual good health returning home that night. Three sons survive—Harry, on the editorial staff of the Minneapolis Herald; Clarence, with the C. P. R. in Montreal, and Walter at home.

In a park in Berlin, umbrellas raised on high poles are used to keep the sun off young trees, which have been set out.

## IF YOUR CHILD IS CROSS, FEVERISH, CONSTIPATED

Look Mother! If tongue is coated, cleans little bowels with "California Syrup of Figs."

Mothers can rest easy after giving "California Syrup of Figs," because in a few hours all the clogged-up waste, sour bile and fermenting food gently moves out of the bowels, and you have a well, playful child again. Sick children need to be coated to take this harmless "fruit laxative." Millions of mothers keep it handy because they know its action on the stomach, liver and bowels is prompt and sure. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which contains directions for babies, children of all ages and for grown-ups.

After an experience which has lasted for two years, the city of Gardiner, Me. by a vote of 517 to 435 decided against a continuous of the commission form of government. Gardiner has thus far been the only Maine city to adopt the commission plan.

When Jasper Rainey was given a 20 year sentence to the Kansas State penitentiary at Leavenworth, he took a vow never to speak as long as he was inside the prison. He was released recently on parole, and broke his silence only after being informed that the parole had been granted.

Twenty five years ago John Wolf built a church at Carona, Md., in the Cumberland Mountains for the benefit of those working in sawmills near there. Since then the mills have been abandoned and as the church is not in use Wolf has moved the church 260 miles to Cedarcroft, Md. The church occupies a space 50 feet by 100 feet, contains 35,000 feet of lumber and was taken to pieces for transportation.

### Deafness Cannot be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

Undertaken by the tragic fate of the South expedition, Sir Ernest Shackleton, the famous Antarctic explorer, who had reached the farthest South before Captain Amundsen discovered the South Pole, announces that he is planning another South Pole dash to take place within two years. Although the plans for his expedition are not completed, it is believed Sir Ernest will follow the route taken by Captain Scott.

Officers in the Australian army have been shaving the upper lip, and this against the regulations. The War Office has just issued a special notice calling upon them to grow moustaches again at once. Only 1 regiment, the 14th Dragoons, or Windschraetzers, has the privilege of using the razor on the upper lip. This dates from 1757, when the regiment, composed of young beardless boys, distinguished itself at the battle of Kolin. Since then none of its officers had worn a moustache and the habit had gradually crept into other regiments. The Fourteenth will go on shaving. The War Office's edict has caused a good deal of grumbling in all regiments.

Between now and January 9 the Federal Cabinet will have to decide the fate of nine murderers under sentence of death. They are Paul Spillinger, New Westminster, December 12; Jesse Hemmick, Prince Albert, December 17; Victor Poppe, Winnipeg, December 19; Jerry Mulvihill, New Westminster, December 29; Peter Koosma, St. John, December 29; LeJensen, Clinton, B. C., December 29; William Campbell, Montreal, December 29, and Core Bruno, Fern, B. C., Jan. 9.

An exchange remarks that if the price of beef continues to soar, a cow will be a better investment than real estate. Looks like a good steer.

The Republic of Columbia requires lumbermen who cut cedar and mahogany to plant young trees of the same species in the cut over spaces.

The girls of the State Industrial School in Lancaster, Pa., are busy digging the foundation for a new building which is to be erected soon. The girls volunteered to do the work and seem to enjoy it.

Fourteen hundred women are to act as poll officials in Chicago at a coming election. There will be 700 judges and 700 clerks, one woman being assigned to each voting precinct.

A Caluster, called "the gooseman of the Cumberland River," has just accomplished an unusual feat in driving a flock of 2,400 geese 45 miles, from the farm on which they were raised, to Glasgow, Ky., where they were shipped to the markets.

The City of Dublin has 21,000 one room tenements, one of which is occupied by less than four persons. Six thousand five hundred have four, five or six tenants, 1,431 have seven, eight or nine, 45 rooms hold 10 persons apiece, 16 hold 11 and five live 12.

A Christmas tree was recently shipped from Franklin, Penn., to a city in Ohio by parcel post. The tree was bound so tightly that its growth was but four inches but the postmaster had to cut off a part of its length to make it come within the requirements.

While ploughing recently, L. B. Spaulding ploughed into a turtle's nest in Weathersfield Centre, Vt., and found 54 eggs. Eight of them have hatched into tiny turtles, which are very lively.

Sixty colored families from Parsons, Kan., are to leave soon for Golden Gate, West Africa, where they will form a colony. They will be merely the first of a large number who will follow.

Governor Colquhoun headed an annual turkey parade held in Cuero, Texas, in which 5,000 live turkeys were led through the streets in bands of 100. One of them drew a baby carriage in which was a small child.

The revised estimate of Japan's rice crop for 1913 is now placed at 269,933,975 bushels, a 12,000,000 bushel increase over the crop of 1912, and over 14,000,000 bushels above the average annual yield.

A Chicago judge hearing the case of a medicine vendor, promised to treat the prisoner leniently if he would demonstrate the efficacy of his hair tonic on two bald headed men. The prisoner replied: "No use, judge, heads addicted to splitting hairs never respond to modern treatment." Sentence was pronounced.

George Wilson, a New York business man, has built a home for himself on the wreck of a ship off Staten Island. The house contains two rooms, has unexcelled sunlight and a fine view of the harbor. It is usually by boat, but there is a cable road 250 feet long which is used in time of storm or in winter.

In Nettleton, Kan., there is a dog which meets the two daily mail trains, catches the mail pouch which is thrown from them, and carries it to the store where his owner is postmistress. He pays no attention to the other trains which pass through, and seems to understand the whistle of the mail train.

At Laurel, Long Island, the four year old son of Mrs. John Kopac, of that place the other day chopped off three fingers from the right hand of James, his year and a half old brother. Mrs. Kopac had left the children in the care of an older sister. All were playing near the wood pile and the girl left her charges for a few moments. She returned just in time to see, but not to prevent, the mutilation of the baby's hand.

What is claimed to be the longest homeward bound pennant ever brought in on an American ship flutters from the mizzen truck of the little cruiser Albany when she steamed into Bremerton navy yard on Puget Sound a few days ago. The pennant was 475 feet long and was made from the finest China silk. When the Albany's engines came to a stop, she had been in foreign service three years and four months, and had ended a cruise of 56,000 miles. On the homeward passage from Shanghai she passed through a typhoon in the Japan Sea, and three gales in the Pacific.

After seven years of effort an American expert has established in Uruguay one of the largest and best equipped veterinary colleges in the world.

Five horses belonging to Charles Kargler a farmer living near Orono, Me., disappeared from the pasture. The owner, thinking the animals to have been stolen, notified the sheriff, but some four days after he had a notice to discontinue the search because he had found his horses. The animals were slowly eating their way out of a straw shed which had collapsed after they had taken shelter under it.

Twenty four of the United States of Chicago give the interesting fact that there are now employed in Chicago 72,339 horses of only 287 less than a year ago. In Boston the number of horses is only 50 less than ten years ago. Minneapolis has 178 more, and St. Louis 730 more than ten years ago. Inasmuch as the city driving and carriage horse has disappeared, the figures show that more draft horses are in use today than ever before motor vehicles notwithstanding.

## ROYAL BAKING POWDER Absolutely Pure

A landowner living near Paris kept his savings hidden in sacks of corn and then in an attack of absent mindedness sent the corn to the mill to be ground. When he thought of his money and went to the mill his wealth had been ground into powder.

When Gilbert Somerset of Los Angeles, Calif., received a notice that an unstamped letter addressed to him had been deposited in the post office there he did not think it worth while to furnish a stamp for its transportation, but a second notice induced him to provide a stamp. The letter contained a check for \$1193.

A Catholic cathedral, costing in the neighborhood of half a million dollars and an Archbishop's residence, in keeping with the architectural beauty of the cathedral, will be started in Edmonton early next Spring, according to the announcement of his Grace Archbishop Legal, of St. Albert. In addition to the cathedral, it is proposed to erect thirteen smaller churches in various parts of the city next year.

Timonh, the big elephant who bore the Viceroy of India and Lady Harding at the time of their attempted assassination, and who, despite his wounds, did not budge in the excitement, has been officially pensioned by the Indian Government. The pension will suffice for "food and attendance," the first item probably being the larger for an elephant in a country where food is scarce and the population great. As Timonh is only 30, and elephants are long lived, he may become the world's oldest pensioner.
