Violated Pledge.

We have again and again pointed out that the Government is pledged to a reduction in taxation and that pledge has been flagrantly violated. Opportunities for doing something have been presented in four separate sessions of the Legislature but nothing at all has been done in the direction of easing the burden of the people.

How positively pledged the Government is to the policy of reduction of taxation is manifested by the words of Sir Edward Morris's Manifesto issued nearly four years ago. He pledged his faith to this policy in all the plainness of print, and with all the sacredness of his signature. Easy as Sir Edward declared the problem, he has not tackled it. On the contrary he has worked energetically at piling up the debts and increasing yearly the burden of interest on the public debt. The high cost of living is especially felt in Newfoundland, for every rise in the outside market price on a dutiable import has not only to be met, but the high duty on the rise itself, and the importer's profit on the rise too. Here is where the special hardship of high duties come in. The evil has been intensified since the Morris Government came into power by the operation automatically of high custom duties on rising prices abroad. Yet nothing has been done to relieve a situation which is steadily growing worse.

10 Weeks To-day

It is now ten weeks to-day since the first memorial to His Excellency the Governor was sent in by the President of the Fishermen's Protective Union in reference to the connection of the Hon. D. Morison with certain transactions in timber limits. The Memorial protested against the retention of Mr. Morison as a Minister of the Crown. Not only is Mr. Morison retained in his office, but he is to-day practically Acting Premier. His Excellency was invited to take the matter into his cognizance, and it surely cannot be urged that he has not had ample time to deal with the question.

NELLIE LOUISE CLEARED.—The schr. Nellie Louise, Capt. Burke, cleared to-day for Bahia fish laden from Bowring Bros. She sails on Monday.

Miss Verne's Next Concert

We take great pleasure in announcing to the music lovers of St. John's that Miss Adela Verne the celebrated pianist, whose series of Recitals was interrupted by her being quarantined for six weeks with scarlet fever, is now out again and in the best of health. Miss Verne will give another Recital in the College Hall next Thursday evening when a crowded house should greet her. Full particulars will be given our readers next week.

McMurdo's Store News.

SATURDAY June 8, '12. Zymole Tooth Wash is an excellent Liquid Tooth preparation, and may either be used by itself or as an auxiliary to Zymole, Sandicent, or other Tooth Paste or Powder. It can be depended upon to place the teeth, gums, and mouth generally in a thoroughly aseptic and healthy condition. It will be found very pleasant in use. Price 20c. a bottle.

McMurdo's Citrate of Magnesia is almost indispensable in summer, to cool the blood, correct stomach derangements and sluggish liver, and prevents or removes rashes and eruptions. A severe case of "hives" will generally yield to its use. Price 20c. a bottle.

Fire To-day.

An alarm of fire was sent in at 10.05 a.m. to-day from box 22, bringing the Central and West End firemen to Snook's barber shop on New Gower Street, where a slight fire was in progress. It was caused by a gas jet, which is used for heating purposes, igniting the partition. The West End firemen were to the scene first and quenched the fire with a stream of water. Very little damage was done and the all-out signal was rung in at 10.13.

C. C. C.

The order calling the Battalion together for Sunday morning, has been cancelled. Instead the Battalion and Band will parade at 2 o'clock, sharp, in the afternoon. All must attend. By order, O. C., M. F. SUMMERS, Lieut. and Adj.

Fishery and Weather Report.

Lamaline—Wind west, fresh breeze, fine, water rough after last night's breeze; no fishery news.
Flower's Cove—Wind west, clear, clear of drift ice.
Bonavista—Very high wind W.N.W., fine, but no damage to property.
Shipper's Hr.—Strong wind; fish scarce to-day except 2 or 3 traps secured 5 to 10 bris.
La Scie—Wind W, weather clearing, some traps out got 2 to 5 bris, ice 4 miles off.

Quick Trip.

As stated elsewhere, the little schr. Little Secret reached port from Bermuda last night in 9 days. Most nautical men consider that the vessel is singularly fortunate in making such a quick trip. In conversation with three of our oldest and most experienced mariners to-day we learn that Capt. John Jackman, who was in charge of the Algerine on her recent cruise, made the trip from Bermuda some years ago in less than 7 days in the barq. Peggy. The distance is approximately 1,900 miles.

Here and There.

MORE FEVER.—The Health Office reports another case of scarlet fever to-day which developed at a home on Gower Street.

S. E. GALE.—Last evening a strong south-east gale, accompanied by heavy rain showers, was in progress along the railway line.

Serious Accident

To Couple Intending to Get Married.

An accident happened in the West End of the city this morning under the most peculiar circumstances in which a bride and groom while on their way to the church to be married had a narrow escape from death and as it is so seriously injured.

The facts are as follows: Mr. Kelts, who was boarding at Berrigan's on Theatre Hill, was about to be married at the R. C. Cathedral to Miss Roache, who was staying at the Alexandra House, on New Gower Street, and after the ceremony to leave by the morning train at 8.45 on their honeymoon tour. It now appears that both voyagers have been temporarily abandoned. At 6.15 the party left the residence of the bride, who was gaily costumed, and intended to attend first mass at the Cathedral before getting the knot tied. Unfortunately, however, after being not more than a dozen yards from Alexandra House they were overtaken by a runaway horse which was dashing eastward at a lightning pace and run over. The animal was drawing a heavy four wheeled truck and collided with the side of a house on Queen's Street and did further damage. In the meantime the groom and bride were picked up (both unconscious) and driven to their respective boarding houses which they left. Miss Roach was badly injured about the head and is being constantly attended by Dr. Tait, while Mr. Kelts is seriously hurt about the sides and legs and Dr. Cowperthwaite is looking after him. The accident under such circumstances, is unusual and is being the topic of talk all over the city to-day. It is hoped that the unfortunate affair will not prove fatal.

Supreme Court.

(Before Johnson, J.)
In the matter of the Estate of Hy. Petherick, deceased.

This is an application on the part of Mary Ann Petherick, executrix to the estate of the late Henry Petherick, for directions as to the disposal of a sum of money which was at the time of the death of Henry Petherick in the bank in the names of Henry and Mary Ann Petherick jointly. Mr. Howley, K.C., was heard to the effect that the money was a joint tenancy and consequently it went in full to the survivor. Mr. J. J. McGrath was heard against the contention. At 1 p.m. the argument was not concluded.

BLOOD IMPURITIES

Train Notes.

The west bound express arrived at Port aux Basques at 11.20 p.m. yesterday.

The east bound express left Port aux Basques at 8.30 a.m. to-day. The local train reached the city at noon and the Bruce express at 1 p.m., bringing about thirty first class passengers, among whom was Mr. J. W. N. Johnstone, G.P.A. of the R. N. Co.

HERE FROM BARBADOS.—The tern schooner Waterwitch, Capt. Moore, 18 days from Barbados, arrived in port this forenoon with a cargo of molasses to the Nfld. Produce Company. The vessel had a favorable trip.

"Only a Cold"

SNEEZING and running at the nose, stuffed up feelings in the head, sore throat, tickling in the throat and coughing.

This is the natural development of what is in the beginning "only a cold." It is the way in which scores and thousands are allowing colds to develop into bronchitis, pneumonia, or consumption.

If colds were promptly cured there would be no need for sanatoriums and hospitals for consumptives. Because people have weak lungs they need not become consumptives if they will but guard against colds and cure them promptly by using Dr. Chase's Syrup of Linseed and Turpentine.

This great medicine has proven its right to a place in every home by curing croup, bronchitis, whooping cough, asthma and all sorts of coughs and colds. 25 c. nts a bottle, at all dealers or Edmanston, Bates & Co. Limited, Toronto.

Resolutions of Sympathy

At the regular meeting of St. Joseph's Institute, the following Resolutions of condolence to the family of our deceased brother member, were unanimously adopted:—
WHEREAS it has pleased Almighty God, in His Divine Wisdom, to remove from our ranks, by death, our esteemed brother member, [Name], and whilst bowing in submission to God's Holy will, we have cause to regret the loss of one so young in years, always fully lived up to the highest ideal of our Institute; and though regretting his early demise, we, as Catholics, have cause to rejoice in the fact that his soul, as provided for in our Institute, is participating in the merits of the Adorable Sacrifice of the Altar. It is therefore
RESOLVED that we tender our earnest expression of our sympathy
