COST OF A KISS.

Port Huron Fire Department Called

Out to Quench the Smack.

PORT HURON, Aug. 1.—The other evening a stranger coolly walked into Judge Vance's residence, Huron avenue, and very deliberately made an attempt to kiss the hired girl. The judge was not at home and the ladies of his household were panic-stricken. Someone ran to the patrol box at the corner of Huron avenue and Suffolk street and attempted to call a policeman, but instead turned in a fire alarm and called out the department. In a short time all the men, women and children in that part of the city were out and questioning the man, and when Policeman Ellertson arrived he found that a goodly sized mob had surrounded the culprit near the upper end of Huron avenue. The man was arrested and taken to the police station, where he gave his name as Donald McIsaac and his age as 55 years. The old man has been a resident of Port Huron for some time, and those best acquainted with him consider him slightly demented.

TOLERATION SUGGESTED.

an Order-in-Council Regarding the School Question.

OTTAWA, Aug. 1.—The long expected order-in-council recommending the Legislatures of Manitoba and the Northwest Territories to modify their school regulations, to remove the cause of the Catholic minority's complaints, has at last been passed. It has been signed by His Excellency, and was yesterday transmitted to the Lieutenant-Governor of Manitoba and the Territories. The order-in-council contains a copy of the petitions sent by the Catholic clergy of Canada to the Dominion Government, and recommends: That the committee be observed to your Excellency that the statements which are contained in this memorial are matters of deep concern, and that it is a matter of the utmost importance to the people of Canada that the laws which prevail in any portion of the Dominion should not be such as to occasion complaint of a position of injustice to any class or portion of the people, but should be recognized as establishing perfect freedom and equality, especially in all matters relating to religion and religious belief and practice, and the committee therefore humbly advise that your Excellency may join with them in expressing the most earnest hope that the Legislatures of Manitoba and the Northwest Territories respectively may take into consideration at the earliest possible moment the complaints which are set forth in this petition and which are said to create dissatisfaction among Roman Catholics, not only in Manitoba and the Northwest Territories, but likewise throughout Canada, and also take speedy measures to give redress in all the matters in relation to which any well-founded complaint or grievance be ascertained.

To Cultivate Beauty.

Of all the diseases with which the human family is afflicted, none resists more measures for treatment than skin diseases of a chronic nature. Pimples and scabbiness are among the most aggravating troubles of otherwise pretty women. "These difficulties," says Dr. E. C. Radley, "may be entirely overcome by the continued use of Eesley's Liver Lozenges by taking one or two regularly after every meal. They are sold at 25 cents a box or 5 boxes for a dollar.

Don't forget, 219 Dundas street is the place to get an easy shave and a fashionable haircut. JOHN L. FORTNER.

Margaret Again.

Another Strong Letter From Rev. J. A. Macdonald.

He Says False Tales Fall From the Fair One's Lips.

The Secretary of the I. P. W. Says They Have Implicit Confidence in Margaret. While Another From-icent Member Says She Must Go.

The following letter, published in the last issue of the Huntsville Forester, is self-explanatory:

To the Editor of the Forester: Dear Sir,—Your letter and a copy of your latest issue are now before me. What your write is still humiliating. That Margaret L. Shepherd can still find anywhere in Ontario an audience with an unsatisfied lust for her "filthy communications" is a fact discreditable alike to Canadian intelligence and morality.

You ask if her statements, made in Huntsville and elsewhere, in explanation of my "words of warning," are true. Believe me, I am not in the least solicitous about the damage done to my reputation by the stupid falsehoods of any self-confessed criminal. If people care to believe them, true, they are at liberty to do so. No honest person who knows Margaret Shepherd supposes she would speak the truth on any subject if a falsehood would serve her purpose better. And no one, but those who wished it were true, believed her when she said my wife was a Roman Catholic. She whispered the statement here, and has been uttering it with great boldness throughout the northern counties. I never publicly denied the statement, as it is not my custom to entertain the public with affairs that are private and personal. I say to you what I have said to many others who have written me on the same matter, that it is just because I am absolutely untrammelled by any compromising ecclesiastical or political entanglements that I feel free, when called upon to raise my voice in bold protest against unjustifiable attacks upon the unalienable rights of Catholics in Canada and against a self-constituted protectorate that is a disgrace to Protestantism. It so happens that out of nearly 200 relatives there is not one, near or remote, by blood or by marriage, who is now or ever was a Roman Catholic. With two or three exceptions they are all by birth, training and conviction, avowedly and unabashedly, both Protestant and Presbyterian.

These are, however, minor matters now. Mrs. Shepherd is already casting off by her old-time friends, and desperate efforts are being made to have her name forgotten. Many who a few months ago were ready to brave all charges against her character, because they thought she would serve their purpose, and who secretly or publicly gave credence and currency to her malicious falsehoods, now affect disgust at the mention of her name. But hands that clasped hers cannot so easily be cleaned and extended. With the gravest charges against her moral character, charges of embezzlement, drunkenness and gross immorality, which if not founded on evidence that would bear the search light of a court of justice were libelous, and with the makers and publishers of these charges unbelieved, for any man or any body of men to champion her cause is not a blunder but a crime, a crime that cannot plead ignorance in its extenuation, and for which the uttermost farthing of penalty must be paid.

More than this, Protestantism will have to suffer for not more promptly and more emphatically resenting the result. It has all along been plain to those who are not blinded by prejudice or self-interest that the reflex influence of this whole campaign will be infinitely more damaging to Protestantism than its direct influence was effective in making converts from Roman Catholicism. We have yet to receive credible evidence of one worthy conversion, but everywhere the name of Protestantism is besmeared by the touch of unclean hands. It may be that in no other way would Protestants learn the much-needed lesson of caution, and if the generations will not forget it, it may not be too dearly taught. In any case, let Protestants know that their weapons are light and truth, and if with these they fail, their failure is more honorable than any success won by deceit and darkness.

J. A. MACDONALD,
St. Thomas, July 20, 1894.

WILL STICK BY MARGARET, ANYWAY.

To the Editor of the Mail:

Sir,—I want to give you a correct statement of the present state of affairs with regard to the L. P. W. of C., and would ask you kindly to publish same for the benefit of the public. The largest councils and those of best standing in the order wish it to be thoroughly understood that they will have nothing whatever to do with Mrs. A. C. Youmans as supreme president, and are taking action accordingly. Also that they have implicit confidence in Mrs. M. L. Shepherd who has not with her consent been dropped from office. I am also instructed by aforesaid councils to state that as we are in sole possession of all the books, documents, regalia, seals, etc., belonging to the society; we and we alone are in the L. P. W. of C. till a proper understanding is come to. This is final, as we are too busy to carry on a paper war. Hoping you will please open your columns to this, the true state of affairs in the camp. Yours etc.,

MRS. E. M. BASKERVILLE,
Acting Supr. Sec. pro tem.

LONDON, Ont., July 25.

LEGAL PROCEEDINGS THREATENED.

WOODSTOCK, Aug. 1.—In reference to the statement of Mrs. Baskerville, of London, acting supreme secretary of the Loyal Protestant Women of Canada regarding the retention of office by Mrs. M. L. Shepherd, a local delegate to the recent Brantford council said to your correspondent that Mrs. Shepherd will not acknowledge that she has been dismissed from the presidency, and also from the membership of the order, and that she has instructed the former secretary, Mrs. Baskerville, of London, not to give up any of the books, documents or seals, as they contain many references to her, and she is desirous of producing these resolutions as evidence in certain legal transactions.

A prominent member of the newly-organized L. P. W. of C. stated this week that their solicitor had instructed Mrs. Shepherd to transfer the books, seals, etc., to the new secretary, Mrs. M. L. Wallace, of Woodstock, at once, and that if she did not comply that the organization would at once resort to legal means in order to obtain possession of same.

ESSEX.

G. R. Van Norman, jun., district C. P. R. freight agent at Detroit, will resign. Mr. W. A. Kittermaster, of Windsor, will succeed him. Mr. Van Norman has been district freight agent of the Canadian Pacific Railway ever since the road became a competitor for the business of Detroit in April, 1891, and has resigned in order to enter into the freight and steamship brokerage business.

It is generally known that Hiram Walker & Sons have been leasing or buying all the available land located on the gas belt at Gosfield. It has aroused Kingville people and several of them are endeavoring to secure enough of the gas fields to supply fuel for their manufacturing.

Analyst Ellis, of Toronto, finds that the water taken at the Walkerville intake pipe of the Windsor waterworks is unfit for use. Windsor will have to resort to filtration.

ELGIN.

R. Cusack has just shipped to Montreal 22 head of export cattle, bought from Angus Campbell, Southwell. Average weight 1,300 pounds, price paid 3 cents. A couple of weeks ago Mr. Cusack was paying 4 cents per pound, but received a telegram yesterday advising him not to pay more than 3 cents, as the market is demoralized. One reason given is that the Australian frozen mutton trade is lessening the demand in England for beef.

During the rain last Tuesday the building on Charles Bratt's farm, Port Talbot, that was used at one time as a slaughter house, was struck by lightning and burned. There was about a ton and a half of hay and two outters in the building.

Tuesday morning fire was discovered in the lumber yard of J. H. Fraser, Wallaceburg, and before it was got under control about \$8,000 worth of lumber was destroyed. The loss is partly covered by insurance.

The Canadian Co-operative Association held its second meeting at Chatham Tuesday. A decision was reached to use up all the stock on hand, after which the state mills will again close down.

Zeb Lucier, the Dover man, uncle of the Miss Luciers, who tried the cultivation of Dover Center suffering from smallpox, went to Chatham Saturday afternoon. Sergt. Skirving promptly arrested Lucier and lodged him in the cells. On his promise not to return to town he was released. Before going he was given a cold tub-bath to destroy any germs that might be about his person.

A Menheim correspondent says: A peculiar illness among young children seems to be quite widespread at present. The first premonition noticed is a very high fever, accompanied with a badly ulcerated throat. Most patients are out of their head shortly after the first symptoms, and die within a few days. The disease is not contagious, and is not fatal in nursing. No fatal cases have as yet occurred.

LAMBTON.

A Mooretown correspondent says: The low price of wheat of late years has caused some of our farmers to try the cultivation of beans, and the prospects of a large and remunerative crop are good. One farmer, Mr. Irwin, adjacent to the village, has over 30 acres, from which he expects a yield of at least 40 bushels per acre.

OXFORD.

Dr. Sinclair and Dr. A. Mackay performed a post mortem examination on the body of Malcolm Murray, the young son of J. Douglas, East Zorra, who died suddenly on Tuesday. The physicians found that the youth had received a sunstroke while playing in the garden, which resulted in prostration, and was the cause of death.

Mr. Sherwood, of Summersville, killed a large adder Monday, while another big one was found by D. C. Baker's cellar. It was discovered by Mr. Baker's mother, who had gone into the cellar for butter. She killed it. The stench was unbearable.

George Dorland, a farmer living north of Zorra, has been robbed of between \$25 and \$30. It was taken from his house while he was milking. His clothes were hanging in the hall at that time, as he supposed, with the money in the pockets, but he discovered them empty on investigation. There is only the faintest suspicion of who the thief may be.

Ingersoll's civic holiday is proclaimed for Aug. 16. The grand union excursion over the C. P. R. to Port Stanley is announced. The C. P. R. has taken from the Woodstock, celebrated their golden wedding Monday. The husband is 77 and his wife 72. They came from Ireland when young, and Mr. Montgomery was in the hotel and shoe business for years. He went farming and retired to Woodstock. There are 27 grandchildren.

YOUNG LAMONT'S CASE.

Neighbors Much Interested in the Story—Everyone Thinks the Youngster Would Die, But He Very Much Alive Now.

DUNDALK, July 30.—Hugh Lamont, of McIntyre, has a young son who is an object of interest throughout this whole section of country. From infancy the boy had drooped, and was bloated and swollen all over. It seemed to the parents that death could be the only release to one attacked so young with this disease. They heard of Dodd's Kidney Pills and began giving them to the child. With the first box the bloating and swelling began to disappear. Six boxes effected a perfect cure, and the boy is now just as healthy a youngster as sits up the dust on the high roads of Western Ontario.
