Engineer Graydon will report on two claims for damages presented by Morris Percival, a drug clerk, and John Morkin, teamster. Percival was wheeling on Dundas street one Saturday evening recently, and went into one of the openings made in the asphalt pavement by the street railway company. His wheel was broken and he was injured, though not as seriously

was injured, though not as seriously as the bicycle. The city alleges that

the railway company is liable, the opening having been made by its em-

ployes when some repairs were being made to the rail joints, but it is said that the company will endeavor to throw the responsibility on the city, because an old wooden drain under the

pavement had collapsed, allowing the foundation for the asphalt to sink. The second claim is made by Mr. Morkin for injuries sustained by a horse, which went through a small bridge on Waterloo street near Oxford.

on Waterloo street near Oxford.

TOUR WAS SUCCESSFUL

JOHN FERGUSON, Manager.

Kilties Traveled 32,000 Miles-Did Not Miss an Engagement.

After the longest tour in the history of any musical organization in America, the Kilties' Band (Gordon Highlanders, Belleville), has returned home. The dozen Hamilton members and Bandmaster William F. Robinson, were met on their arrival in that city by a number of their old associates in the Thirteenth Regiment Band, relatives, and friends, and at Toronto, where the majority of the Kilties reside, a proportionate number of enthusiastic friends awaited the band's arrival. The remainder of the musicians, drummers, oipers, etc., who are from Montreal and Belleville, proceed to Belleville in their private car Thistle. The men came me loaded down with curios, with which they were presented by admiring enthusiasts in Old Mexico, Arizona, California, British Columbia, etc., and the couver. fact that the 48 weeks' tour has included Canadian, United States and Mexican cities has made the men's colsister, Mrs. R. Griffiths, Charles street, lection varied and interesting. During West London. the year over 300 cities have been visited, from coast to coast, and south to the gulf, and 32,000 miles have been covered. Remarkable to state, not a single concert was missed nor delayed by accident or otherwise, which was a record in itself, and every man came home the picture of health, despite the varied climatic conditions and the arluous task of giving two concerts every duous task of giving two concerns duous task of giving task of giving task of giving the giving task of givi closed in Boston, being the fourth appearance in that city. Cameron Brown, owner of the band, and T. P. J. Power, managing board. director of the tour, are now in Belleville completing arrangements for the Grove Park, Philadelphia, where the band will appear 50 strong the greater part of July, the Kilties' attendance reord of 150,000 at the great resort on July 4 last having led the park management to at once engage the "pride of all Canada" for this year. On its next trip the band may have some London musicians in its membership. During Mr. Brown's absence with the organization Mrs. Brown and family have re- which has been proposed by the westsided on King street, this city.

A Big Quarter's Worth

is always found in a bottle of Polson's Nerviline, the best household liniment known. It cures rheumatism, neuralgia, toothache, headache, sick stomach—in fact, it is good for everything a liniment ought to be good for. Mothers find it the safest thing to rub on their children for sore throat, cold on the chest, sprains and bruises. Never be without Polson's Nerviline. It will cure the pains and aches of the entire family, and relieve a vast amount of suffering every year.

This Grocery Store.

T is wonderful how this Grocery Store has grown in public favor during two years, unless we consider the motives which are behind it. The best grocery store should keep everything that is good, both staples and delicacies, should sell them at the lowest possible prices, and should be cleanly, and a pleasant place to visit.

This Grocery Store has striven to be all these things, and its growth is pretty good indication of its success. If you know it we don't need to tell you any of this, if you don't know it come in and satisfy yourself that what we have been saying is true.

Ontario Historical Society Meets on Famous Ground.

Visits Southwold Ruins and Talbot Farm.

The members of the Ontario Historical Society who were in attendance at the annual meeting during the last two days at St. Thomas, had a very pleasant outing yesterday. They first went to the ruins of an Indian village in the township of Southwold, where they found much of great interest to them. The village was an old fortified place with double walls covering about two and a half acres, in circular form, and the ruins are among the best defined in the country. While at the ruins the society received a paper by Mr. H. F. Gardiner, of the Hamilton Times, on "The Origin of Names." From there they proceeded to the farm of the late Col. Talbot, the founder of the settlement, where they spent the remainder of the day. School Inspector Smith, of Hamilton, furnished paper on "Among the Piot Series of Character Sketches." Before returning to St. Thomas, the society passed a vote of thanks to Mr. Talbot Macbeth, of this city, the present owner of the Talbot property, for his

kindness in throwing the farm open to The election of the officers for the year resulted in the re-election of C. C. James, M.A., of Toronto, deputy minister of agriculture, as president David Boyle, of Toronto, as secretary, and Frank Yeigh, Toronto, as treasurer. Mr. Talbot Macbeth, of this city, was elected one of the vice-presidents There were a number of Londoners at the outing, among them being the delegates of the society, Messrs. Frank Leonard and James Egan, and Miss Priddis; Ald. Campbell, Dr. Woolverton, and City Clerk Edwards, together with coveral ledge.
