Disputes With the Independent Operators Settled-More Trouble in Chicago.

Hazelton, Pa., Nov. 10.-G. B. Markle & Co. and their 2,500 men, who refused to work because they were asked to make individual application for their positions, came to an agreement today, and operations at the four Markle collieries will be resumed tomorrow. The company offered to reinstate all the employes except the thirteen recently evicted, and not to discriminate against the members of the union on condition that the men agree to abide by the decision of the arbitration commission and answer questions as to their age and other de-tails before resuming their places. These terms were accepted. Hazelton, Pa., Nov. 10. — A conference was held at Drifton today between the officials of Coxe Bros. & Co. and a committee of the company's employes to bring about, if possible, a settlement of the difficulty at the Coxe's collieries, which have no yet resumed operations because of the refusal of the men to apply indi-vidually for their old positions, as re-The mine workers' committee presented a written demand that all the men be reinstated, and that the company give a guarantee that it will abide by the decision of the arbitration commission. The answer of the company was given in a sealed envelope, which was not opened until the executive board of division No. 7 convened this evening. It is understood that President Stearns agrees to reinstate all men for whom places can be found, but declines to discharge any non-unionists to make room for strikers. President Stearns returned to New York this evening. The execu-tive board reached no decision tonight on the proposition of President Stearns. The matter will be considered further tomorrow.

LATE CHANGES IN THE CABINET

Popularity of New Minister of Public Works.

ARRIVAL OF MR. PREFONTAINE

Terrebonne or Maisonneuve Constituency Will Le Tarown Open for Election.

Ottawa, Nov. 10. - The transfer of Mr. Sutherland to the public works department and the elevation of Mr. Prefontaine to cabinet rank were definitely determined on Saturday by the Prime Minister, who acquainted his colleagues with his decision at council in the afternoon. Constitutional procedure, however, had to be followed, and formal announcement of the cabinet changes was withheld until today. Mr. Sutherland's assumption of the portfolio of public works meets with the hearty approval and indorsation of all his colleagues, and by none is it more cordially supported than by the Quebec ministers. Mr. Sutherland has been a member of the Government since Sept. 30, 1899, and has proved him-

self to be a sagacious, industrious and capable administrator.

MR. PREFONTAINE. Mr. Prefontaine arrived from Monreal at 7 o'clock this evening and imnegiately proceeded to the Russell House, where he met Hon. James Sutherland, who had just come down from his office. The minister and the prospective minister cordially shook hands and then went in to dinner together. Later on Mr. Prefontaine called at the Premier's residence and had an interview with Sir Wilfrid Laurier.

Mr. Prefontaine's acceptance of office, in the natural order of things, would vacate the constituencies of Maisonneuve and Terrebonne, for both which he was returned at the general election. His election for Terrebonne has, however, been contested, and, while it is probable that appointment to the cabinet opens this constituency, the point is not quite clear. As soon as the matter is settled Mr. Prefontaine will make his choice constituency. It is not unlikely that he will decide upon Maisonneuve. In ne will in all probabili returned without opposition. One of his first acts as Minister of Marine will be to make an inspection of the St. Lawtrip he may be accompanied by Hon. James Sutherland.

THE PREMIER WILL REST. The Prime Minister will probably drop affairs of state for a few weeks and take a good rest. Official duties and many engagements monopolized nearly the whole of his time during his absence in Europe, and, although he was able to snatch a few days of repose in Switzerland, the holiday was not as extended as it should have been. Since his return to Canada he has been constantly employed with Governmental matters, which has induced a slight return of indigestion. In consequence of this Sir Wilfrid was obliged to excuse himself from attendance at the state dinner tonight. He expects to be at his office tomorrow, but will doubtless yield to the solicitations of his colleagues and friends and enjoy the vacation which he has so well earned, bethey seem almost to have succeeded in fore entering upon the work of preparing for the session.

RIGHT HON, SIR RICHARD CART-

WRIGHT The appointment of Sir Cartwright as member of the Imperial Privy Council marks a distinct de parture. It is the first time on record that this distinction has been conferred upon a colonial minister who has not held the office of premier, and thus constitutes a recognition by the home ministry of the imperial responsibilities which now devolve upon colonial statesmen, apart altogether from the merely domestic matters with which they deal. The status conferred is most important, the Imperial Privy Councilors being outranked only by peers or the sons of peers. In Sir Richard Cartwright's case everyone will admit that the honor has been well deserved, and hearty congratulations have been pouring in upon him.

ACTIVE CAMPAIGN PROJECTED

Referendum Association Prepares to Arouse Interest.

A meeting of the Referendum Campaign Association will be held in Somerset Hall this evening for the purpose of completing the necessary organization incidental to the conducting of the campaign between now and voting day, the fourth of next month. Mr. John M. Gunn, the secretary of the association is strongly desirous of seeing present all who are interested in the success of the movement.

Three mass meetings are projected. The first will be held on Sunday, Nov. 16, at 8:20 p.m. in the First Congregational Church; the second on Sunday, Nov. 23 at the same hour in St. Andrew's Presbyterian Church, and the third on Sunday, Nov. 30, also at the same hour in the First Methodist Church. A petition to the city coun-cil requesting the use of the city half for three or four Thursday evenings between now and Dec. 4, has been circulated and largely signed.

OPERATORS' REPLY TO MR. MITCHELL

Presented to the Coal Strike Commission.

PRESIDENT BAER SPOKESMAN

Characterizes Demand for 20 Per Cent Increase as "Arbitrary, Unreasonable and Unjust."

Washington, Nov. 11 .- The reply of President George F. Baer, of the Philadelphia and Reading Coal Company, to the charges of President Mitchell, of the United Mine Workers, which has been presented to the anthracite coal strike commission, was made public today. Mr. Baer makes no reference to Mr. Mitchell as president of the miners' organization, but refers to him

simply as an individual. Taking up the specifications in Mr Mitchell's charges, seriatim, Mr. Bac first admits that his company owns 37 collieries, and that before the strike rence before navigation closes. In this it employed 26,829 people. Following is

a brief summary of the response to Mr. Mitchell's other specifications: Second-The demand for 20 per cent increase in wages on piecework is de-nounced as "arbitrary, unreasonable, and unjust." The company contends that after making all necessary allow-ance for different condition that the rate of wages paid for the mining of anthracite coal is as high as that paid in the bituminous coal fields.

Second-The company denies that the present rate of wages is lower than is paid in other occupations in the same locality and controlled by like conditions. Fourth and fifth-Mr. Baer denies

that the earnings of the anthracite workers are less than average earnings for other occupations requiring skill and training and also the charge that the earnings are insufficient because of the dangerous character of work in the anthracite mines. Sixth—This specification made by Mr. Mitchell is referred to as too vague

way it is stated that the anthracite regions are among the most prosperous in the United States.
Seventh—The company as unjust and inequitable the demand for a reduction of 20 per cent in hours of labor without a reduction of earnings for time employes, and this demand is pronounced impracticable. In this connection the following state-

for specific answer, but in a general

ment is made: "Because of the injury to the mines the strike of the United Mine Workers, the cost of producing coal has been greatly increased and a temporary advance in price was made by this company, but it will be impracticable to continue such increase when mining operations become nor-

Eighth-Mr. Baer says that his company has no disagreement with any of its employes about the weighing of coal, because the quantity is usually determined by measurement and not by weight. Ninth-Replying to the fourth do-

mand made by Mr. Mitchell, Mr. Baer says since the advent of the United Mine Workers' organization into the anthracite fields, business conditions there hace decreased; that discipline has been destroyed; that strikes have been of almost daily occurrence; that men have worked when they pleased. and that the cost of mining has been

greatly increased. Mr. Baer also takes the position that the jurisdiction of the commission is limited to the conditions named by the coal company presidents, which ex-cludes the United Mine Workers from any recognition in the proceedings. He says, however, that "when a labor organization limited to anthracite mine workers is created, which shal lobey the law, respect the right of every man and honestly co-operate with employers, that agreement may

become practicable."
