ICE-BREAKER'S GREAT WORK.

The work accomplished by the dehas been made for properly lighting it. County. so as to make navigation safe at night. In addition to this, Montreal harbor has been vastly improved, and before very long new docks and wharves will township of Westminster, as a scrube constructed, which will make the port one of the best-equipped in the

The chief drawback to the St. Lawrence route is the long period each year during which it is blocked by ice. The department has long realized that throughout the county. anything that could be done to shorten the period of the annual tie-up would be of immense advantage. During the past winter a determined effort was made to clear the river of ice, and keep it clear, by putting ice-breaking the court of appeals in the much-dissteamers to work. So successful have cussed Cobalt Lake case. been their operations that navigation will open this season much earlier than usual. The ship channel in the all the way from the gulf up to Montion by April 12.

thers, and in all conditions of temper- ously and by mistake. ature down to about 20 degrees below Cap Rouge, a few miles above Quebec, the most troublesome point in the river until the spring waters bear the ice down to the sea. By the beginning of April a solid jam three miles in length and forty feet deep was shattered like stone from a quarry. Some-St. Peter last week, and with the as- the title of the defendants. sistance of her sister steamer, the Lady Grey, had the lake channel cleared on has had nothing to do with the merits Sunday last, the ice disappearing down of the dispute between the Florence stream. The last of the ice was broken Mining Company and the Cobalt Lake up a couple of days ago, when the Mining Company and the Cobait Lake Lady Grey smashed a big jam in Montreal harbor.

MIDDLESEX FIFTY YEARS AGO.

An anonymous correspondent recently sent to this office a pamphlet court of appeal in discussing this published just after the election of point utters these significant words: 1848, which returned the LaFontaine-Baldwin ministry to power with an overwhelming majority, and signally repudiated the policy of Sir Charles Metcaife. Under the caption "Middlesex Redeemed!!" the pamphlet

great county of Middlesex, by which it will be seen that 700 more votes have been polled than at any former election. recorded their votes against the rump of Lord Metcalfe's administration, and greatest constituency in Canada West. Hurrah for our glorious constitution! Three cheers for the freemen of Middlesex! God Save the Queen.'

The events leading up to the election are familiar to students of Canadian history, but they may be recalled with profit, as they are full of ures. instruction. When Lord Metcalfe presumed to make appointments to office against the remonstrances of his ministers, he struck a blow at the first principles of responsible government, and reversed the wise course taken by his predecessor, Sir Charles Bagot, The members of the Government resigned with the exception of Mr. Domirick Daly, and for a period Lord public school readers will be sold at ents of Metcalfe, and the Reformers of the two prices throws discredit up-

malady). Things went from bad to Metclafe's administration," had so publishers' contracts. plainly lost the confidence of the country that Lord Elgin soon after his arrival dissolved parliament, the writs being returnable in January, 1848. The to which the riding of Middlesex contributed, Mr. Notman's majority being 360 in a total vote of 2,700.

It is interesting to note how the 10 their party affiliations through the there is a law higher than the state Township in 1848 showed a Conser- the divine law. Our neighbors are in ly removed and the blood is kept pure votes polled. Westminster had a Lib- ministration of justice. eral majority of 131 out of 275 votes cast in 1848, while the elections of 1908 show a Liberal majority of 398 out of 1,206. In Lobo, 50 years ago the Liberal vote was 110, and the Conservative vote 15, while in the last election it stood 407 to 195. Caradoc went Liberal with a very small majority in 1848, as in 1908. Delaware, Adelaide, Ekfrid, Mosa, and Williams all showed a Reform tendency that is still apparent. Metcalfe was Conservative as at present. The only turnover to be

The appearance of William Faverold lady, who advises Mary to forget sham at the Grand Opera House on Saturday evening in "The World and himself, but she only laughs at his His Wife" should prove a theatrical suit. Shortly after Strephon appears event of great importance. Mr. Favon the scene, accompanied by Barrersham last seen as & star in "The during his travels. Both have become Squaw Man," now comes as an actor-'men of the world," and scoff at the manager in complete artistic control mocence of the simple Areadian shep- before and behind the footlights. The herds. After Bardolph retires, Mary dramatic worth of "The World and enters, and discovers her long-lost His Wife" has been proved in the imlonger, as she is too simple and inover, but he refuses to love her any ersham is evidently not depending nocent to wed a "man with a past," so solely upon his own popularity to satpears with Bardolph to tell Mary that himself with a company of the first
