TICKET AGENT, GODERICH

Many alterations to the police statistic have been made as a result the chief's recommendation to the property of the commission. All of these were commission. All of these were connected with the International Salt Works and Lumber Company, and for the past 19 years had held his late position.

Mr. Kidd was born in Dublin, Ont., 30 years ago. He leaves his wife, two laughters and five sons to mourn his law in the R. C. Cemetery, Colborne Township.

London's police station is labeled "1874 A. D.," but it is to be hoped that some day a modern one will be built to conform with the 1921 A.D. force which Chief Birrell has built up. The fame of London's force is not a mere local fame, but has spread far and wide, for Windsor has picked Dan Thompson, a former member of the local force; St. Catharines, Harry Green, and Thorold another London ex-constable, as their police heads.
