## MASONRY GAVE WAY IN THE ERIE CANAL

Four Boats Drawn Into Huge  
Crack — Flour Mills  
Tumble Over.

Syracuse, N.Y., July 31.—The  
arches of masonry which support the  
bed of the Erie Canal at a point near  
the centre of this city, where it passes  
over Stoning Creek, gave way yes-  
terday afternoon and four canal boats  
were drawn into the bed of the crack  
beneath, fifty feet of the canal bank  
collapsed. The boats, which were  
three-story Empire flouring mills, were  
precariously on the water and the  
Barrick and Greenway breweries, respec-  
tively on the north and south  
banks of the canal, were threatened  
with demolition.

The driver of the canal boat, Peter  
J. Roler, of Black River, noticed that  
the boat was moving too rapidly and  
hurriedly moored it to the canal bank.

The rope snapped like so much thread  
and the boat, with its cargo of flour,  
tumbled into the water and the boat  
heaved a safe section of the wall, all  
jumped to shore.

Henry Buse, 80 years old, father of  
the owner, was standing in the stern  
of the boat. Employees of the Standard  
Milling Co. seized him as the boat  
approached the shore.

A man, two women and five child-  
ren from other boats were also res-  
cued. The canal level at this point is five  
miles in length and Division Super-  
intendent Thomas Wheeler immedi-  
ately ordered the water drawn off.

All canal traffic is tied up and it  
will be several days at least before  
the damage can be repaired. The  
boats and cargoes are total losses.

HARRY THAW DENIES IT.

Declares That His Wife Is Not Going  
on the Stage.

New York, July 31.—Mrs. Evelyn  
Nesbitt Thaw gave an authoritative  
statement that she has no present  
intention of returning to the stage,  
but will devote her energies to the  
study of music. This statement was  
called out by a published report that  
Mrs. Thaw intended to take a lead-  
ing role at a Broadway theatre.

The following signed statement was  
given by Harry K. Thaw at the  
Times:

"This story, like many others, is  
absolutely false and has been start-  
led. I believe, for two reasons.  
First, I believe in my wife's character  
and secondly, my wife is not in the  
habit of making any such public  
statements, or, if she does, it is in  
all, or simply to fill space."

Fortune by Forgery.  
Casper, Wyo., July 31.—Chas.  
B. Hodge, alias Benton, who pleaded  
guilty to forging a cheque on a bank  
at Florence, Col., was sentenced to  
the penitentiary for ten to fourteen  
years. Hodge told the court that he  
had practiced forgery for 15 years,  
and had secured more than \$700,000  
during that time. He said his system  
was to secure introductions through  
preachers.

CANADA'S AID IN DEFENCE.  
Taking Over of Harbors Described as  
Great Service.

London, July 31.—In the House of  
Lords, Lord Brassey called attention  
to the proceedings in the Imperial  
conference respecting naval defence,  
and said the country had heard with  
satisfaction the Government's assur-  
ance that the all-red route would re-  
ceive careful consideration.

Lord Tweedmouth said he thought  
the negotiations had gone a long way  
towards coming to an arrangement  
with the colonies regarding naval de-  
fence. It was unfair to say the Home  
Government had been indifferent to  
the interests of the colonies. The case  
of Canada was different to the other  
colonies. Canada always refused to  
contribute directly to the cost of the  
navy, though now the Dominion had  
taken over certain harbors, which  
was a great service. He regretted,  
however, that the Canadian Govern-  
ment could not see its way to becom-  
ing more active in naval defence, but  
the Dominion had its own views and  
the line taken by the Home Govern-  
ment was as it should be, very much  
a matter of their own judgment as  
to what way the colonies should help.  
In dealing with a general policy,  
Lord Tweedmouth said the Admiralty  
had in view a new and extended  
cruiser construction policy.

Dropped to His Death.  
Toronto, July 31.—Wellington  
Grant, 38 years, employed by Haney  
& Miller on the waterworks tunnel at  
Allan's Point, is dead, as the result  
of a 20-foot fall from a trestle at 8  
o'clock yesterday morning. He died  
at noon of a fractured skull. He  
came to the city from Prince Edward  
Island a year ago.

Strike Leader Arrested.  
Hibbing, Minn., July 31.—Petreilla,  
the strike leader, was arrested yes-

Secretary Wright of the Two Har-  
bors Dock Workers' Union said yes-  
terday that of the 600 strikers 500 have  
left there for the western harvest  
fields.

Is Huntington Insane?

magistrate decided yesterday that

shot and wounded two sisters and  
two brothers at the bedside of his  
dying father, should be examined as  
to his sanity.

## BODY FOR SECURITY

UNDERTAKER HOLDING IT TILL  
CHARGES ARE PAID.

Detroit, Mich., July 30.—A ten-  
year-old boy named Stralkowski,  
was drowned here last week. His  
body was recovered in the lower riv-  
er and taken care of by an Amherst-  
burg, Ont., undertaker. The boy's  
father went to Amherstburg yester-  
day to take charge of the body and  
bring it home, but the undertaker  
refused to give it up until he paid  
his charges, amounting to \$25. The  
matter has been referred to the Un-  
ited States consul at Windsor, Cor-  
oner Parker of this county thinks  
that if the Amherstburg undertaker  
has any claim the Canadian author-  
ities should settle it. Bodies of Cana-  
dians found in the river on this side  
are cared for and returned to their  
families and the same thing should  
be done by Canada.

Although she was only 12 years  
old last September, in one month  
alone she has addressed more than  
5,000 people, and it is said that some-  
thing like 300 men and women have  
been converted as a result of her  
simple preaching.

In ten months she has caused a  
wave of revivalism to sweep over the  
county and spread into neighboring  
counties to the astonishment of the  
graybeards of the Primitive Metho-  
dist church.

She is a girl of somewhat full oval  
features and of marked antecubital  
ism. A little older in appearance by  
reason of unusual thoughtfulness,  
than her years lead one to expect,  
but bright eager and sparkling as a  
child should be.

She is no actor, she holds her  
mother's Bible in a very natural  
way, with the finger between the  
pages of the closed volume, at the  
place where the text from which she  
is speaking is to be found. Some-  
times she varies the pose, and the  
book is pressed to the side, while  
light emphasis is secured to enforce  
a particular sentence by a little rais-  
ing of the left hand.

Already this wonderful little girl  
has preached in several counties be-  
sides Yorkshire.

BOARD OF EDUCATION.  
To the Editor of The Chronicle:

Dear Sir,—Noticing in your col-  
umns from time to time the com-  
plaints of our school board have been  
keeping in order and digesting ac-  
cording to the usual routine, and I  
am not well if instead of abolishing  
any of the junior classes, that they  
establish another one for the teach-  
ing of parliamentary usage and or-  
der, or how would it do to send the  
whole body to the kindergarten for  
one term? Something certain  
should be done, or else ask the pa-  
rents not to report the meetings in  
their two hundred and thirty.

Thanking you for the privilege of  
making these few observations, I re-  
main, Yours respectfully,  
OBSERVER.

HIS SUIT WAS DRYING  
SO THIS FARMER TOOK TO THE  
BAYFIELD IN HIS UNDER-  
CLOTHING.

(Stratford Herald.)  
A good story comes from one of  
the Zorras, there lives on a certain  
farm two hundred and ten acres,  
a farmer who found himself with but one  
suit of clothes for all occasions,  
and he thought last week it rained  
and naturally, being human and without  
an umbrella, he got wet. In fact,  
he got thoroughly soaked, drenched  
to the skin.

The next day he was out pitching  
hay. Friends, coming along the com-  
road stopped to look at him, at-  
tracted by his well known geniality  
of disposition. But a surprise was  
in store for each of them. From a  
distance they thought he had become  
a follower of Mark Twain and E.  
H. Harriman, and was appearing in  
a suit of pure white. Coming closer  
they saw their mistake. He wore a  
suit of underwear, and was not a  
bit ashamed of his appearance. His  
other suit was drying. That was the  
explanation.

## CHILD WHO STIRS BIG AUDIENCES

Twelve Year Old Girl Preacher  
of Yorkshire Has Made  
Many Converts.

London, July 30.—The latest re-  
cruit to the ranks of child preachers  
is a little Doncaster girl, who is  
electrifying Yorkshire just as  
Evan Roberts roused Wales.  
Frances Brady Storr is the name  
of the new evangelist. She is the  
daughter of a working woman who is  
at present the police court mission-  
ary at Doncaster, for the British  
Women's Temperance Association.  
The child's stepfather is a laborer  
employed in the town at the Great  
Northern Plant Works.

Although she was only 12 years  
old last September, in one month  
alone she has addressed more than  
5,000 people, and it is said that some-  
thing like 300 men and women have

CORNER-STONE LAID.  
Ceremony In Connection With Car-  
negie Palace of Peace.

The Hague, July 31.—The founda-  
tion stone of the Andrew Carnegie  
Palace of Peace, was laid yesterday  
afternoon at Zorgevliet, in the midst of  
the wooded park stretching from The  
Hague to Scheveningen, by M. Noll-  
hoff, president of the second peace  
conference.

The inauguration of this monument  
which Mr. Carnegie has donated to con-  
memorate and carry on the work of  
the international peace conferences  
marked by considerable cere-  
mony.

Practically all the delegates, a num-  
ber of high court officials, the mem-  
bers of the states-general and dele-  
gations from numerous civic and  
municipal bodies were grouped around  
the stone which, when the structure  
is completed, will form the corner  
of the Grand Hall of Justice.

The Hague, July 31.—Great Britain  
has presented an amendment to the  
American proposition regarding the  
establishment of a general court of  
arbitration, under which any contract-  
ing power may withdraw from the  
agreement upon six months' notice.

TWO WOMEN STRANGLED.  
Both Crimes Were Evidently Com-  
mitted by the Same Person.

New York, July 31.—At a late hour  
last night no arrests had been made  
in the cases of two women found  
strangled to death and whose bodies  
were discovered, one Monday night  
and the other early yesterday.

One woman, who was found dead  
with a necktie knotted around her  
throat in a boarding-house in Twenty-  
Second street, has been identified un-  
der several names. It seems probable  
that she is Mrs. Sophia Kehrer, wife  
of Jacob Kehrer of Buffalo. The po-  
lice have discovered that she lived  
at different times in Brooklyn and  
Jersey City and had relatives living  
in Toronto.

The police have as yet found no  
clue as to the identity of a woman  
whose body was found in an arroyo  
in East 16th street. They believe,  
however, that both crimes were com-  
mitted by the same person, as both  
bodies were mutilated in the same  
manner.

Clothing Caught Fire.  
York, Pa., July 31.—Charles Brad-  
ley, 35 years old, was stealing a ride  
on a Lehigh Valley freight train, when  
his clothing ignited from a spark of  
the locomotive. He was seen to run  
along the top of the train with his  
clothing ablaze until he was blinded  
and exhausted. Then he fell between  
two of the cars and was crushed.

Miss Edith May Henry, Napanee,  
has been appointed teacher of mod-  
ern and English in Bowmanville  
high school.

Four men were killed in a  
crack at Brockton, Mass., caused by  
a special colliding with the rear of  
a freight train.

Geo. Smith, aged 25, a prosperous  
farmer near John, was drowned  
on Monday. His brother Fred was  
drowned a few weeks ago.

## FOURTH SURVEY PARTY

PROGRESS OF HYDRO-ELECTRIC  
COMMISSION'S WORK.

Toronto, July 30.—The Hydro-Elec-  
tric Commission will next Monday  
send out its fourth surveying party,  
which will take up the work from  
Hamilton to Guelph, Berlin, St.  
Marys and Stratford. The surveying  
parties already out are, making  
steady progress, which is recorded  
each day at the offices of the Hydro-  
Electric Commission in the Conti-  
nental Life Building. Each party's  
position is indicated by a large map  
by means of green tacks, the posi-  
tion of the levelmen on the route be-  
ing indicated by tacks with white  
heads. The entire Western Ontario  
power scheme covers a distance of  
slightly over 600 miles, so that the  
undertaking is one of magnitude.

Of the parties already out the first  
has worked from Niagara Falls into  
Clinton township. The other has com-  
pleted its work from London to  
Woodstock, and the third, which  
worked out from Toronto, is now in  
Peel county, about 18 miles distant.

On Wednesday a meeting of the  
commission will be held at 2:30  
when Hon. Adam Beck will be pres-  
ent.

CONVICTION QUASHED  
The appeal of R. H. Reid of the  
Mansion House, from the decision of  
Police Magistrate Morrison, on the  
17th of this month, when he was  
fined \$30 and costs for keeping two  
hens, was heard by Judge Finkle at  
Woodstock this morning. His Honor  
quashed the conviction.

PLAYED WITH POWDER  
GUELPH BOY WILL LOSE SEVER-  
AL FINGERS.

Guelph, July 29.—Roy Jackson, a  
young colored lad living with his  
parents on Neeve street, met with a  
serious accident this morning, which  
will likely result in the partial loss  
of his right hand.

It appears he had some powder in  
a bottle in one hand and poured some  
of the powder on the ground and  
put a light to it. The flames com-  
municated to the bottle which then  
exploded and caused havoc to his  
hands. The right member is the  
worst used up, the thumb being al-  
most severed and the artery had  
been sewed up. Some injuries were also  
sustained to the left hand but they  
are not serious. It is not anticipated  
that the lad will lose his hand, al-  
though he had a narrow escape, but  
it is hardly likely he will recover the  
full control of his fingers. He was at  
once conveyed to the general hos-  
pital where his injuries were attend-  
ed to and he is now doing very well.

INSANE ON TRAIN  
PASSENGER TRIES TO KILL BABY  
BY THROWING HER FROM  
WINDOW.

New York, July 30.—Frederick Ford  
of Philadelphia, became insane on a  
New York Central express train af-  
ter leaving Albany today and made  
several efforts to kill his two-year-  
old daughter by throwing her from  
a window of the train as it was  
speeding along. He was restrained by  
other passengers. Ford also tried to  
leap from the train. He was held  
captive by members of the train crew  
until this city was reached, when he  
was sent to Bellevue Hospital.

Several weeks ago Ford went to  
Montreal on business. Last night the  
father and daughter began their  
leisurely journey and shortly after  
leaving Albany today the passengers  
noticed that Ford acted queerly. The  
train crew was called and a watch  
set upon Ford, who did not remain  
quiet long but went to the car door  
and tried to jump while the train was  
running at high speed. He was stop-  
ped by a brakeman. He repeatedly  
made efforts to jump from the train  
but the crew stopped him.
