## Michigan Lumbermen Purchase Limits and Propose to Erect Mill.

### Probable That the New Concern Will Operate Own Line of Carriers.

### "Are You a Mason?" a Question That Agitated Police Court.

From Our Own Correspondent.

Vancouver, B. C., Nov. 10.—Daniel F. Altland represents the Michigan interests that have been deposited in the bank. The Toha river country, which includes about fifty miles of thickly timbered country, twenty-five miles of this timber was sold under license by Messrs. Martin and Shannon.

In August last Mr. Altland appeared in Vancouver in response to a letter from Mr. Shannon, and was taken to the limits. A steam launch made the trip with the party up Toha river to the very center of the limits.

On October 26th the transfer was advertised and the moment the government announced the purchase of the entire purchase was deposited in the bank. The Toha river country contains far more timber than was first mentioned, and the Michigan men have advertised for a mill site at Salmon Bay, where the big mill will be erected.

From another source it was learned that the purchasers intended to convert everything in their limits into lumber for foreign markets. One of them remarked that they would get their share of the lumber orders from the Vancouver, B. C., to New York.

He stated that it did not pay to ship by rail, but a waterway would be available before many months.

The Michigan men who are to establish themselves in the province have been for some time past buying up lumber all their business lives and their fathers before them. They comment on the fact that the lumbermen have advertised for a mill site at Salmon Bay, where the big mill will be erected.

A Washington State lumberman, who was in Vancouver today, stated that common points there would be no more logging of timber into the Canadian Northwest.

He stated that this 40 cent rate would be a great advantage to the lumbermen here and even if some of them would go back on their pledge there would be enough who would stand by their anti-exporter promise to make the 40 cent rate a reality.

There were several bills drafted in favor of the lumber industry and unfavorable to the railways. If the railways were to be pressed, these bills would not be pressed.

This authority stated that the lumbermen in Vancouver jumped their bid to bid for the land. They did not wish to bear prices in their own hands, but they were forced to do so by the fact that the railways would not let them have the land to spare for Canada.

Mattie Kurrier, the former president of the Finnish colony on Malcolm Island, has formed a new cooperative society, and has a practical significance, and a principal word in the name of the company is "The Finnish People's Machine Works," which has reference to a mythical machine supposed to have been invented for the Finnish people by the had been invented in Finland. This machine is supposed to perform every mechanical task required of it, and by its use the Finnish people were to be made happy and prosperous. Evil spirits, it is said, stole the machine and destroyed it, so that the Herat translation of the title of the new company is "The Makers of the Stramon, or the Machine which never runs."

whether or not the prisoner is a Mason, as he says he is and is acquainted with Masonic secrets. One attempt to do this was the lower court failed. Police Officer Miller, who is a member of a local Masonic lodge, refused to be examined on the question as to whether or not the prisoner, to his knowledge, is a Mason.

A severe lecture, Judge Henderson sentenced Wilson to two years and six months in the penitentiary. It has been the question as to whether or not his story about possessing valuable Masonic secrets was imagination.

### LEHIGH VALLEY OFFICIALS.

Philadelphia, Nov. 10.—At a meeting of the board of directors of the Lehigh Valley Railway Company, J. A. Middleton, second vice-president, was made first vice-president, and J. W. Platt, who was assistant to the president, was appointed to the position of second vice-president.

### RAILROAD WORKERS MEET.

St. Louis, Nov. 10.—The conference of the brotherhood of maintenance of way employees today chose Toronto, Ontario, for the next biennial convention, and the following officers were elected: John Wilson, of St. Louis, grand president; A. B. Love, of Kingston, Ont., first vice-president; W. S. Powell, of Greenboro, N. C., second vice-president; C. Boyle, of Merckville, Ont., grand secretary.

### LIFE-SAVERS LOST.

Storm on Carolina Coast Destroys Station and Crew Drowned.

Norfolk, Va., Nov. 10.—Further advice from the Carolina coast may that the New England life-saving station was destroyed by Sunday's storm and that all the crew were drowned. It is said that a tidal wave washed across the strip of land separating the coast from the sound and carried the station building away.

### Happenings in The Far North

#### Yukon-Grown Tomatoes of Fine Quality are now on the Market.

From Dawson exchanges just to hand the following interesting items respecting the progress of affairs in the Far North are taken:

One of the arrivals from Fairbanks, Alaska, states that the big companies were doing a splendid service in being camp at the close of the season so present speculators on coming goods and forcing the fellows who are developing the country into native high prices to exist.

"The big companies," said the man, "were selling only enough goods to each buyer to keep him for the winter. By following this method they prevented the speculators from cleaning out the company stocks at a fell swoop, as was the case with the smaller companies, that were not following this policy. The big companies certainly were besieged with buyers. The clerks did not have to wait for customers. If anything was reversed, but there were big forces of men at work hustling the goods together and getting orders in double quick time. It was like Dawson in '88."

Yukon-grown tomatoes, apparently as fine quality as can be found anywhere, are to be seen in the window of W. H. Rankin, the Standard circulating library, in the province of Kwangsu, South China. They have captured Yuen-fen, Nienpen, Loehengshan, Hsin-fen, and Linchow, five of the principal towns in the province. The merchants and bankers fled from the town, and the former governor of the province of Shantung, who was recently appointed viceroy at Nanchang, has been ordered to immediately proceed to his post and to take measures to check the rebels in the Yangtze valley.

A despatch from Shanghai October 19 reported a three-day fight between Chinese troops and rebels at Loehengshan, one of the towns mentioned in the foregoing cablegram, in which a large body of the latter was defeated.

### CATHOLIC UNION CONSIDERS POSITION

#### The Authorities of Washington University Discuss Situation of That Institution.

Washington, Nov. 10.—The semi-annual meeting of the board of directors of the Catholic Union of America convened at the Union today and considered matters of importance connected with the future of the institution. Chief of these were the renunciation of the Catholic creed by the Marquis de Manassés, the withdrawal of the American Marquis, formerly Miss Mary Wendell-Caldwell, well, whose generosity founded the university. The bankruptcy case of Thomas E. Waggaman, treasurer of the university, whose failure may seriously embarrass the board in providing finances for immediate use, was also considered. The statement of the American Marquis, made public yesterday in a communication to the Associated Press from Rome under date of October 30th, came as a complete surprise to the officials of the university. An official communication had been made to the withdrawal of the Marquis, but it was without that action of any kind would be taken by the board of trustees. The Marquis stated that he was the principal benefactor of the university, and he had been a student at the university at this time.

### London, Nov. 10.—The weekly newspapers devote considerable space to the Presidential election in the United States and dwell lengthily upon the personality of President Roosevelt as the prime factor in the Republican victory. The most notable article appears in the Spectator, which says the result of the election is a "subject for congratulation throughout the English-speaking world."

### West Coast Accident.—On Thursday last Mr. Godson, one of the staff at the Hammond creek cable station, lost his little boy, aged six years, under peculiarly distressing circumstances. The little fellow, while playing on the bank of the river with a younger brother, accidentally fell in. No one was at hand at the time, and when Mr. Godson was alerted he was within fifty yards of learning the facts, after rapidly removing his coat and vest, dived into the river, and, with some difficulty, recovered the body, which was lying on its face in eleven feet of water. Assisted by George Anderson, the child was brought to the bank and immediate efforts at resuscitation were carried out, but unfortunately immersion in the icy cold water for from 15 to 20 minutes rendered the case hopeless.

### CONFIDENCE IN JAPAN.

London, Nov. 10.—Subscriptions to the Japanese loan were closed at noon today. It is said that the bids for the \$30,000,000 offered in London aggregate \$300,000,000.

### NEGRO'S BODY IN RESERVOIR.

North Yakima, Wash., Nov. 10.—The dead body of Taylor Pile, a negro, was found in the reservoir of the city water company at 4 o'clock this afternoon by two men who were passing. He had been in the water since the night before. It is supposed he was out hunting a chicken roost and fell into the water. The water company immediately resorted to the water and drained the reservoir as soon as the body was discovered.

### REBELLION IN CHINA.

Contradictory Reports as to Progress of Trouble in the South.

Shanghai, Nov. 17.—The rebels have repulsed the imperial troops at Linchow-shan in the province of Kwangsu, South China. They have captured Yuen-fen, Nienpen, Loehengshan, Hsin-fen, and Linchow, five of the principal towns in the province. The merchants and bankers fled from the town, and the former governor of the province of Shantung, who was recently appointed viceroy at Nanchang, has been ordered to immediately proceed to his post and to take measures to check the rebels in the Yangtze valley.

### EMPEROR WILLIAM'S THROAT.

Further Emphatic Denial of an Off-Recurring Report.

Berlin, Nov. 10.—Rumors of a recurrence of Emperor William's throat malady and the necessity for another operation were resorted with the greatest incredulity in court, medical and other well-informed circles in Berlin. The Emperor's daily course of life is such as to almost in itself give the lie to the reports. The Associated Press is able to corroborate the recent denial of a similar story with a statement from a competent medical source, close to His Majesty that the Emperor is in the best of health.

### LORD MINTO TAKES LEAVE OF CANADA

#### Unusual Outburst of Popular Enthusiasm a Tribute to Their Excellencies.

Ottawa, Nov. 10.—Lord and Lady Minto and their charming children said goodbye to the citizens of Ottawa today. They were given a send-off which was the most enthusiastic since the late visit of the Marquis de Manassés. A spontaneous tribute and expression of the esteem in which their Excellencies are held by the citizens of Ottawa. The presentation of the civic address to His Excellency and the citizens of Ottawa, which was held at the Drill hall. The souvenir was a brooch of maple leaf design, studded with diamonds and cost \$1,000. Lord Minto, replying to the civic address, reviewed the progress of Canada during the past six years and expressed warm affection for the Canadian people. Lady Minto spoke a few words of thanks. The route to the station was crowded with spectators and their Excellencies were frequently cheered.

### DEVELOPING THE SULLIVAN.

#### Shareholders Will Be Asked to Authorize Another Issue of Bonds.

The stockholders of the Sullivan Group Mining Company will meet on November 24 to consider a proposition to issue \$400,000 bonds, to be secured by a mortgage on the property near Marysville, B. C. The call for the meeting has been issued by Charles Sweeney, president, and J. C. Williams, secretary of the company. The call for the meeting includes a resolution which the stockholders will be asked to authorize the company to provide that \$250,000 worth of the new bonds shall be issued to take up outstanding bonds of the company for the amount, and that the other \$150,000 worth of bonds be used for additional working capital and for the completion of the smelter. The call of the company says that it is the intention of the company to complete the smelter by the first of the year. When Mr. Sweeney took the management of the company over several months ago the \$250,000 worth of bonds mentioned in the resolution were issued to build the smelter and take up outstanding indebtedness, and the additional \$150,000 is wanted now to finish the smelter.
