The most famous eartl quake of history was that at Li bin, November 1, 1755, when 30,000 prope were buried alive and 30,000 more were killed. Calabria, Mesattia and a rumber of smaller villages were destroyed February 5, 1875 and some 100,000 lives were lost. In 1825 Murcia, Spain, was destroyed, 3500 houses being thrown down and a couple of the usend being killed. Lima and its harbor. Callao, in Pern, were destroyed in 1856 and again in 1746, and thousands perished. Arequipa, Pou, was wiped out of existence in 1768, 50,000 being left homeless and several thousand losing their lives. In the same year the citis of Ibarsa and Otavalia were destroyed, and not one of their 10,000 inhabitants escaped or could ever be found afterward. Catecatchy was also obliterated from the face of the earth, and a lake now covers the spot where it stood. In that earthquake the United States war vessel Wat he was carried from the harbor of Callan two miles inland. The famous earth quake that devas a elan depropulated four years. It took but three minutes for an earthquake to make the entire city o' I cot R vol., Jamaics, a complete wreck in 1692, and even less time for the destruction of San Salvador, in the West Ludies, Marci 19, 1873. The city of Mendoza, in the Argentiue Republic, was destroyed and 12,000 people killed by a shock of but a moment's duration in March, 1861.
