TO THE MAN WHO THINKS

Suppose a wealthy man of your acquaint-ance, one whose word and whose ability to carry out his promises you placed full confi-dence in, proposed to sell you a valuable farm, worth at this time, say \$10,000, and would sell it to you as being an exceptionally healthy man, on a credit running through ten years, with a certain equal amount payable each required. Suppose further, that this friend said: You can make these yearly payments for any number of the ten years that you please, and if you see fit for any cause, to stop these payments at the end of any of the years short of the ten, (after two years have been paid for) fwill make you a deed of the runther. I agree to give you, at the end of each year, while you are making these pay-ments, the annual profits, earnings, or diri-from your animal profits, earnings, inta ten years shall not be liable for your antual payment, and that the farm in dots, and he further guarantees the at at the era of the ten years the farm shall be worth excelly \$10,000. He then says: Take this offer and I will further bind myself and guar-antee to you that if you will keep up your antue payments, and die Axy trace within hose ten years, and before all the payments are made, that if yo

A that, of further parameters on the same, WOULD YOU NOT BUY A FARM UN-DER SUCH CIRCUMSTANCES? This is a fair illustration of an Endowment Policy in the Ærna Liffe Insurance Com-PANY of HARTFORD. Office-Opposite Government Savings Bank, York Chambers, No. 9 Toronto street.
