

THE MONTREAL FLOOD. The British Columbia Relief Committee has been kept busy all day distributing relief. The distress among some of the poor families in the submerged district is very great and many were the applicants for food and other supplies today. Crowds have visited the flooded district to-day, the streets being crowded with all sorts of craft. A few boats have been seen coming down to-night and a further blockade take place.

"Golden Medical Discovery"—the great blood-purifier.
