T. DODDS & SON

The most successful sale of shorthorns in Canada in many years was held at Flora, sixty-three head exclusive of calves at foot being sold for \$49,150, the top price being \$2,600.

Archibald McLean, one of the oldest residents of Elgin county, died last week at his home near Port Burwell, aged 96 years. He came to Canada when a lad of 13 years.

of sugar, is only 1 1/2 cents a pound. This is why a jar of homemade Strawberries, Raspberries, Cherries, Plums, Peaches or Pears, is about the most inexpensive sweet or dessert that can be put on the table.

Besides the economy of putting up a goodly supply of homemade Preserves, there is another reason. We must conserve our food supply. We must save our fruit crops. Last year, because of the mistaken idea of economy, hundreds of thousands of dollars worth of berries and fruit were wasted. Now that the women realize that the cost of preserving was greatly exaggerated last year, they are determined to do more preserving, and also to enjoy an abundance of delicious homemade Jams, Jellies and Preserves this winter.

Lambton Pure Bred Livestock Breeders Meet in Petrolia

The first Annual Meeting of the County Pure Bred Livestock Breeders Association was held in the Agricultural Office, Petrolia, on June 28th. Thirty-nine members were present.

Like all other farmers' associations in the county of Lambton the co-operative spirit was foremost for the furthering of the interests of the breeders in the county. In union there is strength, the interests of one breeder being directly the same as the interest of all others, breeding the same breed of stock. Therefore the concerted efforts of all in one particular direction cannot fail but benefit the community.

The first attempt of this Association in its object of promoting the breeding of high-grade pure bred livestock; and the aiding of its members in buying, using and selling first class animals through the efforts of the Dispersion Sale held in Petrolia, on February 28, 1917, was highly satisfactory. All breeders contributing stock, as well as all buyers, were highly satisfied with the first attempt and a motion to hold a Dispersion Sale again in Petrolia during the month of March 1918 was the unanimous vote of all those present. The Secretary was also directed to ascertain through the members the possibility of holding a sale this coming fall if sufficient stock warrants such.

The publicity given the county breeders from different districts in Ontario, and also Michigan, enquiring as to the possibility of securing choice breeding stock from members of the Association. A tabulated list of all stock for sale by the members of the Association is to be kept by the Secretary, to comply with such requests. The 1916-17 officers were again elected for 1917-18 with a few changes in the breeders' directors.

Hon. Pres.—J. L. Englehart.

HOW IS YOUR APPETITE

Loss of appetite during the summer months is a common trouble, and indicates that the digestive system is out of order. Lacking a healthy appetite many people—especially women—go too long without food, or eat sparingly because food seems to distress them and it is no wonder that they complain that they are constantly tired and unable to stand the hot weather. This simply means that the digestive system is not doing its proper work, and that the nutriment that should come from the food is not being distributed to the various organs of the body. In other words the blood is growing thin and watery.

You need a spring tonic, and in all the realm of medicine there is no tonic that can equal Dr. Williams' Pink Pills. Take a short treatment with these pills now and notice how promptly your appetite returns and your power to digest food improves. Your food will then do you good, your strength will return and you will no longer complain that the hot weather tires you out.

The best time to begin taking Dr. Williams' Pink Pills is the moment you feel the least bit out of sorts. The sooner you do so the sooner you will regain your old time energy. You can get these pills through any medicine dealer or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

The residential streets in Strathroy will be laid out with a road allowance of 26 feet, allowing twenty feet on either side for boulevard.

AUCTION SALE

HOUSE and HOUSEHOLD EFFECTS by auction, SATURDAY, JULY 28th, 1917, at two o'clock, on the premises. That nicely situated 10 room cottage on Simcoe Street, Watford, belonging to the undersigned. It is nearly new. On the lot is a large hen house, which can easily be converted into a stable. Also good coal house. Plenty of hard and soft water. Also the following household effects: 1 large-sized baseburner with oven, 1 parlor stove, 1 Morris oak rocker, 1 oak buffet, 1 parlor lamp, 1 hanging lamp, 1 baby carriage, about 4 cords hard maple wood, split; a quantity of pine shingles and other articles too numerous to mention. No reserve as proprietor is moving to Sarnia. The above house and lot can be purchased any time before day of sale. Intending purchasers should take a look at this property. Apply to the undersigned auctioneer or on the premises. Possession given any time. HARRY WILLIAMSON, Proprietor; J. P. ELLIOT, Auctioneer. Jul 13-31

PUT UP PLENTY OF PRESERVES

Increased Cost of Sugar is Surprisingly Low. Women Now Realize What a Foolish Extravagance it was to do Without Homemade Preserves.

There is nothing quite so effective as facts and figures to demolish a fallacy.

Last year, when sugar went up a few cents in price, some people decided that they would not put up their regular supply of homemade preserves. They could only see the 2 cent or 3 cent increase in the price of sugar. They could not see how much more it would cost them to replace preserves with anything else. They did not stop to figure how this increase in the cost of sugar, was going to affect the cost of preserving.

Others did, however, and proved that the cost of preserving, due to the increased cost of sugar, had been greatly exaggerated.

Here is the way these clever women proved it. Before the war, we know that sugar was 5 1/2 cents a pound. Because of war conditions, the price of sugar fluctuates, but the retail price for the best granulated sugar averages 8 1/2 cents a pound. This is an average increase of only 3 cents a pound.

Every good housekeeper knows that a quart jar of preserved berries or fruit requires only half a pound of sugar, so that the increased cost of preserving, due to the increased cost
