ALMOST INSUPERABLE OBSTACLES TO THEI UCCESS IN THE LAND OF THE SUN GOD. "At present there are nearly a thousand American missionaries in China, represent ing the different Protestant churches of the United States. They follow actively their various branches of the work in the different provinces of the empire. Many of them, in intellectual and spiritual gifts, are far above the average of our home workers. In their doings with the natives they prove to be ined by the highest principles of good will and humanity as well as by christian. charity. They are men and women of whom America may well feel proud. "The home of the missionary is a centre-

of light for all the surrounding districts. The children of the mission schools' and colleges see the home life of the missionaries, learn the meaning of the Stars and Stripes, of the national flag, understand their feeling of patriotism in the highest sense, and delight to learn the history of the country that has sent them so much hope from purely philanthropic motives. It is the spirit of patriotism that the Chinese need next to the
