### Mother Says It Saved Her Life

"My mother is firmly convinced that Tanlac saved my life and I don't doubt myself but what that is true." This statement was given out for publication a few days ago, by Miss May Anderson, a popular young lady residing at 100 1/2 Argyle St., Halifax, Nova Scotia.

"About a year ago I caught a cold, which I neglected until I was forced to take to my bed where I had to remain for three weeks. When I got up I could hardly stand alone and would stay awake all night long coughing. I had no appetite and could not regain my strength."

"I had my things ready and the time set to go to a sanitarium when my mother, who was almost frantic over my condition, brought me a bottle of Tanlac. So I started home and began taking the Tanlac, and when the third bottle was gone I felt so much better I knew I was getting well. I was almost a skeleton when I started taking Tanlac, but now I am rounded out and feel as strong as I ever did. Tanlac made such a wonderful change in me that my friends could hardly believe I was the same one who had been so sick. My mother praises Tanlac to everybody on account of what it has done for me."

Tanlac is sold by all good druggists.
