

### LET A DAVEY TREE EXPERT EXAMINE YOUR TREES NOW

Weak crotches in trees are the ones that split apart in the storm. Dead limbs are the ones that fall—a menace to life and property. Trees with cavities are the ones that the winds blow over. A fallen tree cannot be replaced in your lifetime.

### THE LOSS OF TREES IS THE PRICE OF NEGLECT

You may think that your trees are sound—but do not trust to guesswork—learn the truth through a Davey Tree Expert without cost or obligation. If your trees need no treatment you want to know it—if they do need treatment you ought to know it. Let a Davey Tree Expert examine your trees now.

### Express Rates Reduced

An order has been issued by the Dominion Board of Railway Commissioners, reducing express rates between points west of Sudbury, Ont., in accordance with an analysis of the cost of transport. It is said the reduction in rates will mean to the Dominion Express Company 35.36 per cent. of its net revenues.

The order of the Board (No. 104) dated May 8th, says:

"It is ordered:—

"(1) That the express companies under the jurisdiction of the Board be, and they are hereby required to submit new standard tariffs, of maximum mileage rates to be charged for express freight classified as merchandise between points west of and including Sudbury, Ontario, making a reduction of approximately twenty (20) per cent. from the maximum mileage rates in excess of fifty cents per hundred pounds now being charged; the said reduced maximum rates to carry with them the appropriate tolls of the 'graduate' tables, scales 'K' and 'N' and the special tariff for single shipments of 500 pounds or over.

"(2) That the said maximum rates, so reduced for the mileage group from nine hundred to one thousand miles, do not exceed four dollars (\$4) a hundred pounds in the sections between Sudbury, Ont., Sault Ste. Marie, Ont., and Crow's Nest, Canmore, and Thornton, Alberta, and four dollars and seventy-five cents (\$4.75) a hundred pounds in the section west thereof in place of five dollars and six dollars respectively, as now charged."

### The Biggest Thing in the Clock Business

Big Ben is the biggest thing today in the alarm clock business.

He is only two years and a half old, but he's already getting more work from the Dominion than any clock alive.

In two years and a half time, 6,000 Canadian dealers have adopted him. Nearly half of the families in Canada leave it to him to call them up in the morning; nearly half the families in Canada use him all day long to tell the right time by. He is really two good clocks in one—a crackerjack of a time-keeper and a crackerjack of an alarm.

Big Ben stands seven inches tall. He is triple nickel-plated and wears an inner vest of steel that insures him for life. His big, bold figures and hands are easy to read in the dim morning light. His large, comfortable keys almost wind themselves. He rings five minutes steadily or ten intermittently. If he is oiled every other year, there is no telling how long he will last.

Big Ben's price is \$3.00 anywhere in Canada. If you cannot find him at your dealer's, a money order sent to *Wentzel, La Salle, Illinois*, will bring him to you, carefully packed and duty charges paid.
