CONDITION OF THE ORDER.

It will be needless for me to enter into lengthened details in reference to the state of the Order in the Province. The foregoing figures exhibit the fact that—except perhaps during the first two or three years in its history, and when, “owing to the novelty of the thing,” persons flocked into the Divisions—our organization never before received in any quarter so large an accession of membership as during the past quarterly term. Let us hope that this progressive movement may continue.
