

But it is during the month of June that the pilgrimages will reach the City of the Sacred Heart in rapid succession. Marseilles and Lyons and the rest of southern France begin the month. On June 12th, the International Congress, meeting in Paris, and composed of members from all parts of the world, go to Paray. The United Christians of Syria and Egypt will be represented by members of their various rites. Mexico is announced, and Sought America

Shrine of the Blessed Margaret Mary.

will be represented by contingents from the Argentine Republic, Ecuador and Chili. The Archbishop of Bahia in Brazil is actually engaged in organizing a pilgrimage to the shrine.

By the wish of His Eminence Cardinal Perraud, Bishop of Autun, the Feast of the Sacred Heart, June 22, has been reserved for foreign nations. Our Canadian pilgrims are expected to reach Paray on this day, and arrangements are being carried out to give them a noble reception. Germany, Spain, Portugal, Belgium, Greece, Poland, Ireland and Russia have promised to send large bodies of pilgrims at the same time. So that Paray-le-Monial will, on the great Feast of the Sacred Heart, be an object lesson, to be witnessed once in a life-time, of the Catholicity and Universality of the true Church. Once more our Canadian readers are invited to take part in the pilgrimage which will leave Montreal about the first of June.
