

Captains of Industry.

This department of the "Canadian Manufacturer" is considered of special value to our readers because of the information contained therein. With a view to sustaining its interesting features, friends are invited to contribute any items of information coming to their knowledge regarding any Canadian manufacturing enterprises. Be concise and explicit. State facts clearly, giving correct name and address of person or firm alluded to, and nature of business.

The D. F. Jones Manufacturing Company, Gananoque, Ont., have recently made a carload shipment of shovels to Mexico.

The new flour mill being built at Portage la Prairie, Man., by the Lake of the Woods Milling Company, is nearing completion.

The grain elevator being built at Miami, Man., by Carson Bros., with a capacity of 30,000 bushels, is being pushed to completion.

The St. John, N.B., City Council have appropriated \$150,000 towards the purchase of land and the erection of a grain elevator.

The Cobourg Woolen Company, Cobourg, Ont., have recently added several new looms and other machinery to their woolen mills.

MESSRS. MASSEY & LANSING, manufacturers of paper pulp, etc., Watertown, N.Y., will establish a large branch of their works at or near Ottawa.

The kiln house of the Hamilton and Toronto Sewer Pipe Company, at Hamilton, was damaged by fire to the extent of about \$1,500 on June 25th.

The Nova Scotia Steel & Forge Company, New Glasgow, N.S., are building a large machine shop and foundry to be used in connection with their works.

The Trinidad Asphalt Company of Toronto has been incorporated with a capital stock of \$100,000 to manufacture asphalt for use in pavements, roadways, etc.

Mr. S. A. BUCKLE, Port Hope, Ont., has begun the manufacture of fly netting in connection with his lace works. He is turning out large quantities of both articles.

The Citizens' Telephone and Electric Company has been incorporated at Rat Portage, Ont., for the purpose of generating electricity for commercial purposes.

The Ridgetown Canning Company, Ridgetown, Ont., has been incorporated with a capital stock of \$25,000 to engage in the business of canning fruits, vegetables, etc.

The McLaughlin Carriage Company, Oshawa, Ont., inform us that they are quite full of work, their productions at this time being about seventy-five vehicles per week.

The Cobourg Mat and Matting Company, Cobourg, Ont., have begun the manufacture of woolen stair carpet in various styles and are now turning out some fine lines of goods.

The Macfarlane Shade Company of Toronto has been incorporated in this city with a capital stock of \$100,000 to manufacture window shades, shade cloth, window trimmings, etc.

The Niagara District Fruit Preserving Company, of St. Catharines, Ont., has been incorporated with a capital stock of \$30,000 to can and preserve fruits, vegetables, meats, fish, poultry, etc.

The North American Mill Building Company, of Stratford, Ont., are refitting the flour mill of Mr. J. R. Defoe, at Napanee, putting it in most thorough condition, including full roller process machinery.

The Ontario Iron Fencing Company, Picton, Ont., whose factory was destroyed by fire on June 18th, at a loss of \$11,000, are rebuilding their works and expect to be again in full operation during the current month.

LYMAN BROTHERS & COMPANY, Toronto, have been incorporated as a stock company with a capital stock of \$150,000 to take over and continue the business of Messrs. Lyman Bros. & Co., manufacturers of drugs, medicines, etc.

The St. Timothee Manufacturing Company, Montreal, has been incorporated with a capital stock of \$50,000 to acquire and operate the St. Timothee woolen mills at St. Timothee, Que., and the St. John's hosiery mills at St. John's, Que.

MESSRS. R. DAVIS & SON, ship builders, Kingston, Ont., have just completed an elegant steam yacht built by them for Capt. C. C. Newton, Montreal. She is 60 feet long, 10 feet beam, has compound condensing engine and cost \$7,700.

The powers granted by the Government to the Breithaupt Leather Company, of Berlin, Ont., have been extended, enabling the company to carry on its operations in Toronto and Listowel in addition to the places named in the letters of incorporation.

MESSRS. PATTERSON & CORBIN, street car builders, St. Catharines, Ont., inform us that they are pushed with work, manufacturing horse and electric street cars for Yarmouth, N.S., Winnipeg, Man., Sarnia, Ont., Toronto Junction and other points.

Mr. T. W. SEEDS, Trenton, Ont., desires to sell his planing mill and sash and door factory at that place. The works are thoroughly equipped with the best improved machinery all in good order, and a first class business is being done. See advertisement elsewhere.

Mr. J. M. BROOKS, Oshawa, Ont., is offering to let a very fine building in that place well suited for manufacturing purposes. The building is of brick, two stories high, 75x25 feet, with 25 h.p. steam engine and a line of shafting, with ample railroad and shipping conveniences.

Mr. E. B. SALYERDS, proprietor of the Preston Brush Works, Preston, Ont., informs us that his works are now very busy manufacturing machine and furnace brushes. These goods are well and favorably known to all machinery and steam power users in the country.

The Rat Portage and Keewatin Electric Street Railway Company has been incorporated with a capital stock of \$300,000, to build and operate a street railway in these towns, and to engage in the supplying of electric energy for the purpose of producing heat, light and power.

The Canadian Mineral Wool Company, recently formed in Toronto with a capital stock of \$10,000 to acquire the business previously conducted by Messrs. Gast & Co., manufacturers of mineral wool pipe and boiler covering, etc., have received their letters of incorporation.

Mr. A. W. SPOONER, Port Hope, Ont., is asking the attention of machinery users to the "Copperine" manufactured by him, and which is claimed to be the best machinery box metal made. It ensures cool bearings, no hot boxes, and is guaranteed to be as represented. This is a strictly Canadian product and cannot be excelled by any maker, or in any country.

Established in 1848.
