

= SILVER NOVELTIES =

Amongst the many new lines now being shewn by our travellers for the XMAS TRADE, we would ask for special attention to our Silver Plated Fancy Goods. These comprise a very large range, and have been chosen with a view to usefulness, as well as beauty of design. The prices will be found to be exceedingly reasonable, all the goods being marked so as to yield a good large margin to the retailer. They consist of Frames, Mirrors, Trays, Cigar Sets, Toilet Sets, Manicure Sets, Jewel Boxes, Card Boxes, Tablets, Bottles, Whisk Holders, and numerous other lines. They are the line for Xmas 1893. Don't miss seeing them.
