

BUTTER.

OUR "BLUENOSE" brand of Butter is now very well known throughout the West India Islands and South America and its quality has made friends for it wherever introduced. "Bluenose" Butter is packed in $\frac{1}{2}$ lb., 1 lb., 2 lb and 5 lb. tins and in kegs of about 35 and 55 lbs. It is packed to compete with the very best Danish and French Butter and our increasing sales indicate that it will eventually crowd them out of the market.

A leading firm in Trinidad writing us on Feb. 20th last, say :

"We have tried your "Bluenose" Butter and find that it compares favorably with the Danish and French brands we handle. We hope to in future favor you with a liberal share of our patronage."

A New York exporter who was in Halifax on Sept. 15th, said on examining "Bluenose": "It is the finest tinned butter I have ever seen."

CHEESE.

WE are large handlers of full sized Cheese for the English market, and Twins and Flat Cheese for the West India trade. Enquiries solicited.
