BERTHIER en haut is to have a bolt factory. The town has promised a bonus of \$4,500, on condition that constant employment be given to at least 40 hands. The factory is expected to be ready by March.

WE COMMEND to the insurance fraternity a perusal of the somewhat lengthy communication of our fair friend in Boston, as affording an unusually frank description of the circumstances surrounding a heavy fire loss and its adjustment—in Canada.

R. LOUGHEAD & SON, furniture, Toronto, are offering a time compromise of 50 cents in the dollar on liabilities of about \$2,000. Mr. Loughhead was formerly unsuccessful as a builder, and was not likely to be more so in a business of which he had a more limited knowledge.

J. L. EWING, general dealer, Otterbourne, who began business there some 5 years ago with a capital of about \$1,250, has assigned. His stock is valued at \$1,200; book debts foot up \$2,100. He lays claim to the land on which he built, and says it is worth some \$1,600.

FROM the reference to the late firm of H. R. Beveridge & Co., last week, it might have been inferred that Mr. A. M. Perkins' experience in the dry goods business had been a sad one. Mr. Perkins is shown to have come out of the business rather ahead, even after the terms of the dissolution had been completed.

SOME heavy failures are reported among the lumbermen of Chicago. Canadian trade is affected but lightly. We note that the presumably wealthy Toronto firm of McIntosh & Co. have been obliged to call their creditors together. The liabilities are stated to be about \$55,000; assets somewhat less.

MR. W. J. WHITHEAD, manager of the Hudson and St. Anne's Cotton Mills, says operations will be resumed on Monday, the 26th inst., a boon which the people of our eastern suburb will know how to appreciate. The growth of Hochelaga under the influence of these large manufactories is truly remarkable.

A COMPARISON of the imports of merchandise at the port of Montreal during October with those for the corresponding month of 1882 shows a decrease in cotton fabrics of over 50 per cent, a slight falling off in iron and steel; a slight increase in fish; a slight decrease in woollen manufactures and a large increase in bacon, hams, beef, etc.

THE PRIVATE bankers in Winnipeg referred to last week are Messrs. Adamson & Co. As might be supposed, the troubles are due to real estate speculations. Judgment has been recorded in favor of the Federal bank for about \$70,000. Another bank is suing for \$40,000, and a third one for \$15,000. Numerous other

writs have been served, but there is said to be little prospect for unsecured claims.

MORIN & Co., traders, St. Cesaire, Que., have effected a compromise at 50 cents in the dollar. The liabilities of J. Daigneau & Co., hemlock bark dealers, St. Hyacinthe, are about \$250,000, cause of trouble trying to control the market in their line. The estate will be liquidated under the supervision of Mr. W. Farwell, cashier of the Eastern Townships Bank, to whom they assigned.

MESSRS. A. W. OGILVIE & Co., flour millers, this city, have expended \$100,000 in building elevators along the line of the Canadian Pacific Railway during the past season. Mr. W. W. Ogilvie of the firm, who has just returned from a several months' sojourn in the North-West, says it is the first of their investments out there from which they have received full value for their money.

JOHN ST. PIERRE, of St. Polycarpe, Que., storekeeper, has assigned to Kent & Turcotte. Liabilities about \$3,000; assets about \$2,000. Cause of trouble, selling too cheap.—Jos. Loiselle, carrying on the business of grocer and furniture dealer in a small way at the Tanneries suburb, has assigned to Kent & Turcotte. He owns property valued at \$5,000, but heavily
