

# ANTITOXINS.

## GIBIER'S

Diphtheria--Double,  
Streptococcus,  
Tuberculosis,  
Tetanus,  
Venomus.

The **Double Antitoxine** for Diphtheria containing serum from the horse immunized against both Diphtheria and Streptococcus (Erysipelatis) is only manufactured at the New York Pasteur Institute, and is an advance in these productions being a protection against mixed infection. No anti-septics are used in these Serums.

## THE G. F. HARVEY CO., Manufacturing Chemists,

Sole Agents for United States and Canada  
for the New York Pasteur Institute products.

**Saratoga Springs, N.Y.**

Canadian Branch, Mille Roches, Ont., Messrs. KEZAR & BENNETT, Agents.

PHYSICIANS who desire that their patients should use some form of Hamamelis, or Witch Hazel, can be sure of obtaining a preparation which is unvarying in its strength and always to be relied upon for its efficacy and purity by specifying **POND'S EXTRACT** in their prescriptions. This precaution is necessary because of inferior preparations of witch hazel, frequently recommended by druggists as just as good as POND'S EXTRACT.

POND'S EXTRACT is indicated for **pains, bruises, sprains** and many troubles of an **inflammatory** character in which a soothing and healing lotion is desirable. It has also very valuable properties as a **styptic** and **astringent**, and is, therefore, especially useful in checking **hæmorrhage**. It is besides **antiseptic**, entirely without danger from poisonous effects, and can be used in any quantity without fear of harmful results. It is scientifically prepared and always uniform.

It is, therefore, recommended to the medical profession as a safe and useful preparation. *A bottle will be sent free to any physician on application.*

Prepared only by **POND'S EXTRACT COMPANY,**  
**76 Fifth Avenue, New York.**

Trade Mark on every Wrapper.
