BRIEFLETS.

Rev. Father Kruse, O. M. I., returned to Ottawa last week.

Brother Boisramée, O. M. I., returned from St. Charles last Saturday, where Brother Rioux, O. M. I., is now stationed.

Rev. Father Drummond, S. J., will resume next Sunday his course of Scripture lectures in the Church of the Immaculate Conception.

Rev. Lord Archibald Douglas came in from his New South-west farm in the Dauphin country last Saturday, and went on to England yesterday.

We are glad to hear that His Honor the Lieutenant-Governor of the Northwest Territories is quite convalescent from his recent sharp attack of illness.

Father Brindle, the bravest of brave army chaplains in the British service, has been chosen auxiliary bishop to Cardinal Vaughan. He is 62 years old.

His Grace Archbishop Langevin, O. M. I., left Winnipeg for Calgary last Wednesday. He was accompanied by Rev. Father Gravel, who formerly labored in the diocese of St. Albert.

On the evening of St. Patrick's Day there will be a grand concert and lecture in St. Mary's Church. Father Drummond will talk on "Some Phases of Irish Character." Miss Madge Barrett will sing. Tickets, 25 and 50 cents.

A correspondent wants to know why we insist on celibacy for the ministers of Christ. We insist on celibacy for priests, not for preachers. These we would have married as early as possible and as often as necessary.—*Western Watchman.*

On Thursday morning next there will be a requiem mass sung at St. Mary's Church at 9.30 for the repose of the soul of the late President of France, M. Faure. The mass has been asked for by the French colony of Winnipeg and St. Boniface.

Rev. Father Kulawy, O. M. I., went to Dauphin last week. In his last missionary excursion to Pleasant Home, north of Stonewall, he found two hundred Galician families who are even more fervent Catholics than any of their fellow-countrymen he has yet seen.

His Lordship Bishop Pascal, O. M. I., of Prince Albert, returned from his long sojourn in Europe last Thursday and continued on to Prince Albert the following day. He was accompanied by Rev. Father Boissein, O. M. I., lately ordained, and by Br. Welsh, O. M. I., a young Lorrainer.

Mgr. Pascal says Count Badeni, the Austrian Minister of Foreign Affairs, was extremely kind in arranging for the Bishop's visit to Galicia, where His Lordship found every prospect of substantial assistance. In Rome Mgr. Pascal had a long private audience with the Holy Father, who astonished him by the multiplicity and minuteness of his inquiries into the condition of the Saskatchewan vicariate. The Prince Albert prelate hopes to secure, through the

good offices of the Propaganda, the services of several Galician priests of the Order of St. Basil.

A telegram from Rome announces that Bishop Christie, of Vancouver's Island, has been promoted to the Archbishopric of Oregon.

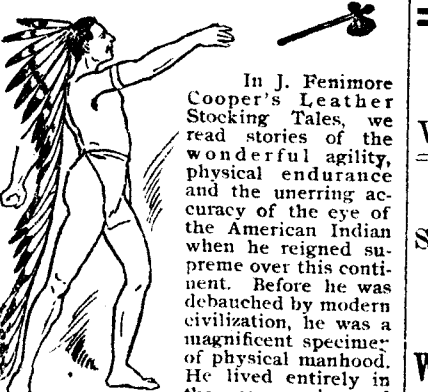

The Fathers of St. Boniface College are laying down new hardwood floors in the principal corridors. These floors are made of narrow black birch planks, only two inches wide, dovetailed in various geometrical patterns. The work is being done by Brother Lefebvre, assisted by J. B. Tremblay, a student from North Dakota.

Mgr. Pascal, O. M. I., would have very much liked to attend the meeting of the Bishops of his ecclesiastical province at Calgary, but some of his own missionaries were waiting for him at Prince Albert on most important business, and if he delayed any longer, their journey home would be made doubly hard by the breaking up of the ice on rivers and lakes.

The Literary Society of St. Boniface College is preparing, for Monday, the 20th inst., in honor of the fourth anniversary of His Grace's consecration, a literary and musical soiree to which all the public are invited free. The literary features will be speeches and essays, mostly in French, on the history of the great struggle for religious liberty between Bismark and the Catholics of Germany, from 1871 to 1878.

ST. MARY'S MISSION CLOSED.

The closing exercises of St. Mary's mission were held last Sunday evening, when Rev. Father Fallon delivered a very entertaining discourse on "The Blessed Virgin Mary as Seen in the Bible," quoting from the Sacred Scriptures to prove that the Mother of Jesus Christ was worthy the veneration accorded her by the Catholic Church. The most interesting feature of the evening service was perhaps the renewal by the congregation of their baptismal vows. Each member held in his hand a lighted taper, and answered himself the self-same questions which his sponsors had answered for him, when he, by the Sacrament of Baptism, had been first admitted a member of the Church. The blessing of objects of piety followed, after which came the Benediction of the Blessed Sacra-

In J. Fenimore Cooper's *Leather Stocking Tales*, we read stories of the wonderful agility, physical endurance and the unerring accuracy of the eye of the American Indian when he reigned supreme over this continent. Before he was debauched by modern civilization, he was a magnificent specimen of physical manhood. He lived entirely in the open air, and knew no medicine, save the simple herbs gathered by his squaws. A civilized man leads an unnatural and an unhealthy life. Unlike the Indian if he would maintain his physical and mental health, he must take reasonable precautions to combat disease. Nearly all diseases have their inception in disorders of the digestion, torpidity of the liver and impurity of the blood. Dr. Pierce's Golden Medical Discovery is made of simple herbs. It restores the lost appetite, makes digestion and assimilation perfect, invigorates the liver, purifies the blood and promotes the natural processes of excretion and secretion. It sends the rich, red, life-giving blood bounding through the arteries and corrects all circulatory disturbances. It dispels headaches, nervousness, drowsiness, lassitude, and drives out all impurities and disease germs. It cures 98 per cent. of all cases of consumption, bronchitis, asthma and diseases of the air-passages. It gives sound and refreshing sleep, drives away all bodily and mental fatigue and imparts vigor and health to every organ of the body. Medicine dealers sell it, and have nothing else, "just as good."

"A few of my symptoms," writes Charles Book, of Chicago, Calumet Co., Mich., "were heart-burn, fullness after eating, pain in my bowels, bad taste in my mouth, and occasional fever and hot flushes. Dr. Pierce's Golden Medical Discovery cured all these and I am perfectly well."

Dr. Pierce's Pleasant Pellets are sure, speedy and permanent cure for constipation. One little "Pellet" is a gentle laxative and two a mild cathartic. They never gripe. Found at all medicine stores.

A New Departure.

Dr. Marschand, the celebrated French physician, has at last opened his magnificently equipped laboratory in Windsor, Ont. There is a large staff of chemists and physicians at his command, and the men and women of Canada may now procure the advice of this famous specialist free of charge.

Dr. Marschand has a world-wide reputation for successfully treating all nervous diseases of men and women, and you have but to write the doctor to be convinced that your answer, when received, is from a man who is entitled to the high position he holds in the medical fraternity. Why suffer in silence when you can secure the advice of this eminent physician free of charge.

All correspondence is strictly confidential and names are held as sacred. Answers to correspondents are mailed in plain envelopes.

You are not asked to pay any exorbitant price for medicines, in fact it rarely happens that a patient has expended over 50 cents to one dollar before he or she becomes a firm friend and admirer of the doctor.

A special staff of lady physicians assist Dr. Marschand in his treatment of female cases. Always inclose three-cent stamp when you write and address The Dr. Marschand Chemical Co., Detroit, Mich. U. S. A. Mention the Northwest Review when you write the Doctor.

THE DOGMA OF THE "IMMACULATE CONCEPTION" ON AN OLD TOMBSTONE.

A reader of the Liverpool *Catholic Times* writes to that journal as follows:

"The following epitaph will interest your readers and at the same time convey a lesson to those of our 'separated brethren' who think the above 'dogma' a modern idea. That the epitaph of Christopher Urswyk in St. George's Royal Chapel, of Windsor, 1510, should be in so prominent a place gives additional interest to the words in which it is couched: 'Pray for the souls of King Henry VII. and of Christopher Urswyk, formerly his Chief Almoner and Dean of this College. † Hail Mary, etc. And Blessed be thy Most Holy Mother Anne, from whom proceeded without stain (sine macula) thy most pure Virginal Flesh. Amen. † O, God, who by Thy Only Son, incarnate from the womb of a Virgin, and the pain of death, had redeemed the human race, deliver from eternal death the souls of Henry VII. and of Christopher, as also those whom the said Christopher, when alive, has offended, and lead them to live eternal through Christ our Lord. Amen.' The original is in Latin."

"Abot 1730," says Dr. Ashe "Porter has first manufactured in the City of London" This name was given to the beverage, because the principal consumers, were the Stalwart Porters of the day, who found its invigorating properties most beneficial, under their strain of work.

The names of Porter or Stout (as used by the public) are synonymous. We wish to mention our STOUT. Made from pure Malt and Hops it is most nourishing to the invalid, because of its peculiar, aromatic flavour.

It is grateful to the Jaded Palate because of its TONIC QUALITIES.

It creates a healthy appetite, and builds up the system. All sized bottles from half pints.
