**Some hon. Members:** Question.

**Hon. Lionel Chevrier (Laurier):** If I may take just one moment of the time of the house, Mr. Speaker, I should like to say this in so far as this amendment is concerned. It was those of us who sit in the official opposition who raised the subject matter for the first time.

**Mr. Argue:** That is not right.

**Mr. Chevrier:** It is right.

**Mr. Argue:** You moved the motion for the first time.

**Mr. Chevrier:** It was the hon. member for Levis (Mr. Bourget) who raised it, and both he and I moved amendments in connection with the matter. For that reason, and so there may be no misunderstanding about the matter, we propose to support this amendment.

**Mr. Speaker:** Is the house ready for the question?
