

McGILL UNIVERSITY

OFFICE OF THE DEAN

FACULTY OF DENTISTRY

MONTREAL, Nov. 28, 1930.

Sir Arthur Currie,  
Principal  
McGill University  
Montreal.

Dear Sir Arthur.-

Not knowing exactly when you expect to return from your Asiatic trip I am writing to ask for three months leave of absence to include June, July and August 1931.

I am anxious to secure more experience in the field of Oral Surgery, and intend spending considerable time in Paris and Vienna. I am also anxious to become better acquainted with the teaching of dentistry in Europe, and have already been in communication with Dr. N. King, Secretary of Medical Education of the United Kingdom.

I have been appointed by 8th Inter-<sup>Aug-1931</sup>national Dental Congress, which will be held in Paris, to act as chairman of the Anatomy Section of that convention.

This is not a request for funds, but for a little extra time.

Yours faithfully,

*Arthur P. Walsh*

ALW/AF.

Acting Dean.
