Mix them in the order given and bake in one crust. Only an undercrust is necessary, though strips of thin crust across the top are good. The oven should be fairly hot, and the pie dates soon after it is baked. If whipped cream, soon after it is baked. Doctors are just people. Most doctors are, at any rate. Some are not so just. I have prescribed and administered my share of calomel in my time. I used to accept what the medical fathers passed on down, and without even thinking of questioning their traditions. I used to dole out some calomel to almost every patient I attended; you know, a wee bit of a tiny teenty dose every hour or half tended; you know, a wee bit of a tiny teenty dose every hour or half hour for a day—something to keep the mother or nurse out of mischief while I was watting to see what alled the patient.
