Report of Deputation That Waited on Government.

The Imperial South African Veterans' Association met at Williams' Cafe last night to receive the report of the deputation of six who waited on the Dominion Government on Saturday. The petition of the association to have the "Volunteer Bounty Act of 1908" so extended as to include all men of the Anglo-Saxon race who took part in the South African war, has already the sympathy of over forty members of parliament.

A new proposal submitted for consideration is an offer by the 4000 members of the association to serve as a military reserve force, for the defence of, and within the Dominion of Canada, for a period of ten years, or until the age of 55, in return for the desired grant of 320 acres. The cost of maintaining such a reserve force for the period named was estimated at two million dollars, whereas the nominal value of the tand asked for is \$640,000. Lt was represented that the formation of such a reserve had the approval of the militia council and of the general staff.
