MOUNTED POLICEMAN ACCUSED OF TREASON

Corporal Toft Attempted to Dissuade Men in West From Enlisting.

MADE STRONG APPEALS

Prisoner Joined Force for Second Time at Beginning of War.

REGINA, May 23.—Corporal Toft of the R.N.W.M.P. is now a prisoner in the guard room at the barracks, and he will appear in the police court on a charge of treason arising out of certain activities he has been engaged in, trying to dissuade prospective recruits from joining the colors. The warrant was taken out yesterday. It was learned that Toft is charged with having personally approached men who intended to join for active service and has made strong appeals to them not to do so. During last year he has been under surveillance by provincial and Dominion officers, who have learned of his pro-German sympathies. So far as could be learned Toft had joined the mounted police force at the beginning of the war for the second time. He formerly was an officer in the force and had resigned. For some time he was at Milestone, Sask., and left that place to go to Vancouver. At the outbreak of the war he enlisted with the force for the second time, and was sent to Melville, in Yorkton division, under Inspector Belcher. While at Melville, it is alleged, complaints were made concerning his activities against recruiting and for a time he was watched. Later he was transferred back to Regina.

JUDGE GAVE J. PETERS BENEFIT OF DOUBT

T. N. Phelan, who conducted the case of Mrs. A. Peters, in which she received $700 damages for injuries from the Toronto Railway Company, was a witness yesterday morning in the charge of perjury laid against the woman's son, Joseph Peters.

The accusation arose out of a statement alleged to have been made by the defendant when he declared that one of the posts along the street had been painted white subsequent to the time his mother fell off the car.

The judge gave him the benefit of the doubt when he swore it was his honest belief that the post was white instead of green.

DUNLOP TIRES
SEAL OF QUALITY
BICYCLE

Every other wired-on bicycle tire offered for sale in Canada is an attempt at an imitation of Dunlop. The tire that has been the standard for twenty-two years, and is still the standard, is a pretty good line to pattern after. You can still get the original—Dunlop "Traction" or "Special." Why get any other bicycle tire?
