# CHEERIO! THE ROBINS ARE SINGING!

HE yawning, ugly coal bin, that won't stay filled—cuts in on many a family's summer enjoyment. It looks as if coal might be scarce, and \$17 a ton and upward next winter. The problem of getting sufficient coal supply is so serious—that it puts a smudge over the entire year. Canada's population will be about 9,000,000 by the end of this year. Coal demand grows so rapidlywhile coal supply dwindles—that we are approaching a Fuel Crisis. Fortunately every Crisis creates a Remedy; and the Remedy for Fuel Distress is now at hand in NUKOL. Consider NUKOL then very carefully.

UKOL is a co-operative industry being built up by fuel users to solve the fuel problem in Ontario. The first NUKOL Factory at Toronto is a going and growing success. It has relieved the Fuel Problem locally to a great extent. Consequently more NUKOL Factories are planned for construction at Port Stanley and other points in the Province. By the end of this year the output from all these factories ought to greatly relieve the fuel situation in all parts of Ontario. But before NUKOL Factories can pro-

duce fuel there must be money to build them and the most logical way to secure the money is from the people to be benefitted by NUKOL. Consequently NUKOL is a People's Enterprise - offering Good Fuel

and Profits to all who

support NUKOL finan-

T is not enough to say, "I'll buy your Fuel": The market for NUKOL already is tremendous. The important thing is to build more plants and still more plants to supply NUKOL in Ontario. Every order filled seems to bring in a dozen new orders. It takes considerable capital to build these plants. But the returns are three-fold: By your investment you get your own fuel, you are in line for dividends and you are helping home production to keep Canadian dollars at home. As a shrewd business man-as a public-spirited citizen-NUKOL is a real investment

for you. Consider NUKOL carefully and seriously. We want to give you a beautifully illustrated folder freeshowing how NUKOL is made—and how NU-KOL profits are to be made. Call or write for
