

HANDICAP FAILS TO STOP THE LIPTON SHAMROCK CHALLENGER

EVEN UP THE COUNT WITH THE ORIOLES

Two Baltimore Pitchers Are Hit Freely and Pile Up Score.

HEARNE TROUBLED

Had Difficulty in Keeping the Birds Under Cover All Thru.

The battle with Dunn is an even thing. The Leafs, under the leadership of Eddie Green, needed the Orioles pitcher at the island yesterday and had a right royal time. When the armistice was signed the locals had eight runs and Baltimore four.

Bunny Hearne, the Leafs' newest pitching addition, was on the mound, but had many a hard time before the day was over. The Orioles hit him freely, but not as timely as did the local boys, and that about tells the whole tale.

Dunn's crew played a miserable game in the field, and their five misplays had considerable to do with the scoring. Green, used nearly every other day by Dunn, was the first Baltimore twirler. He was easy. Then Groves was brought on, and he failed to stop the barrage. It was a most pleasing afternoon for the large Tuesday crowd.

Both sides took a whiff at rapping the umpires for the daily circus. Toronto came out second best when Riley was hoisted out of the game for throwing his bat on the ground when a strike decision did not suit him. Other features were a-plenty. George Whitman emerged from his batting slump with three pretty singles, one of which drove in a run. Devine was the long-distance hitter of the day, with a double and a triple. Dunn used fifteen men in an effort to stop the Leafs, three of these being pitchers. Anderson, who went to right when Riley was chased, was the only change on the Toronto team. Manager Duffy had not returned from Boston in time for the game.

The Leafs were off on the wrong foot, or it would be better to say, they were stepped into trouble right at the start. Mabel lined into Blackburn's hands, but Lawry doubled and scored on Jacobson's single, and Bentley's rap put Jake over.

This left a two-run handicap to overcome. The locals opened their bruising act in the third, and ended with three runs and the lead. Blackburn looped a hit to left, and Devine scored him with a double. Hearne sacrificed, O'Rourke's hit counted another. Gonzalez singled, and Dunn pulled O'Brien out and sent Groves to the hill. He walked Kauff, but O'Brien's fly to right let Kauff score. Riley was put out at the same time for disputing a strike, and Anderson batted and played right. Andy lined in to Lawry's hands.

The sixth was the next scoring round, and they added four to the total. Onow atoned for an early bad ball by his hunt when Groves fumbled. Groves fell in trying to get Whitman's punt, and the bases were full. Jacobson misjudged Blackburn's fly, the ball falling safe, and three runs scored when Jacobson fumbled in picking it up, and Bishop dropped the return at second. Devine rolled out to short. The next two whiffs.

The eighth run was scored in the seventh. Kauff was hit by the pitcher's ball, and tallied on Whitman's single. Hearne's second trouble round was the eighth. The second pair of Baltimore men were pushed over in this inning. Lawry, Jacobson and Bentley singled. Lawry scored on the last rap. Bishop hit into a double-play, and Hearne singled them up by using two walks. Casey hit to right for the second run, and Dunn pulled Parnham, a right-handed hitter, into the fray for Groves. It looked like a tie-kick situation with the corners occupied, but after a conference, Hearne was allowed to continue, and kept the ball in close to Rube, and he rolled to second. This made the final score 8 to 4.

TWENTY-TWO DAYS TO CROSS OCEAN

Forty-foot Yawl Expects to Set This Record—Will Race at Cowes.

Sydney, N.S., July 20.—A wire received late last night from the yawl "Finnish", master-builder of the 40-foot auxiliary yawl "Typhoon" upon which "Finnish" "Cassidy" Baldwin of Baddeck and Toronto, and William Wallace Watson, yachtsmen, set out from Dr. Alexander Burt's estate on the D'Or Lakes, Saturday night, bound for Cowes, Isle of Wight, where they expect to participate in the annual regatta, stated that when he left the yawl off Point Anconia, she was making about seven knots, in the direction of St. Pierre Miquelon, her first stop.

GRAHAM LEFT OFF THE ANTWERP LIST

Committee Fail To Select Good Little Boxer, But Take Along Losers.

The boxing committee have selected the following men to represent Canada at the Olympic games:
125-lb. class—Harry Turner, Montreal A.A.A.
135-lb. class—Walter Newton, Riverside A.C., and A. Rankin, Hamilton.
145-lb. class—Chris. Newton, Riverside A.C.
155-lb. class—Albert Schneider, Montreal A.A.A.
160 and 175-lb. class—Corp. A. Prudhomme, London, Ont., and Alex. Hecovitch, Montreal A.A.A.
The Riverside A.C. are up in arms and rightly so. The committee's Antwerp selections are far from satisfying the club and many boxing fans will back them up when it is noticed that Cliff Graham, the good little 115-pounder, is not one of the selected. The list carries the names of two men who were defeated in the tourney that ended last night, but Graham, who won his class, is left at home.

Graham is the international, Canadian, Ontario and city champion at his weight. He has only been beaten once, by a 35-pounder, and that by a man in a class higher. He has won nine of his last twelve fights by the knockout, and clearly showed himself the best at his weight in the Olympic tourney.

CAPT. LESLIE TRIES BABE RUTH STUNT

Emulating Babe Ruth, Captain Dave Leslie of the Varsity team in the Fire Fighters League slashed out a hit with one on the lines in the 6th inning of yesterday's game with the Centrals, which tied the score, and a moment later McKay of the same team duplicated the feat and the leaders were eventually, 2 to 0. It was a great finish to one of the most exciting contests of the season, both Benson and Kyle pitching fine ball, the two spots their support was not of the best and earned runs were few and far between. Sparkling plays were contributed by Calhoun, Paul and Caskey, while Cox carried in two runs for the losers by fast base running. Benson struck out seven and Kyle three. The score:
Centrals.....2002000—4 4 4
Varsity.....100104—3 7 6
Batteries—Kyle and Wilson, Benson and Leslie, Umpire—Furresdon.

DUE TO TRAVEL

The first 15 minutes were featured by bungling sail handling on the Shamrock. The balloon jib refused to break out, and, finally, when it did, it fouled around the stay. Then a spinnaker was tried and found to set poorly. Two or three other head sails were set and taken in. During these experiments Resolute walked right into the lead, and it looked like a repetition of Saturday's contest.

Finally Burton settled down on a No. 1 jib topsail and a little trial which maimed top, set on a stay from the bowsprit to 10 feet below the main top. There was a big space between the two sails and Resolute was streaking it along under balloon sail. The defender drew out until she was more than a half mile ahead.

Then the wind became fickle. Shamrock, which had worked out to windward, found the defender, in fact, beat way as Resolute did when she gained such a lead last Saturday.

Settled the Race.
Nursing the draft of air carefully Burton ran by Resolute so fast that it looked as if the defender had dropped her anchor. In 15 minutes she had made a mile to the good, due to the just above the forelock.

This practically settled the race. Resolute could not find the breeze, and, although Captain Adams handled her wonderfully well, the drafts of air shunned her almost completely. Shamrock turned on the first mark three miles and a half in the lead and at once picked up a nice breeze which gave her more margin over the defender. In fact, heit way on the second leg, which, thru a cantine

(Continued From Page 1).

When she had crossed the finish line thru the screaming line of spectator craft, Shamrock swung about and cruised leisurely back to watch Resolute come home. Hata waved and handkerchiefs fluttered congratulations to Shamrock as she swept back thru the fleet with her sails bellies taut. A moment later a jet of steam leaped from the bow of the challenger, indicating Resolute had crossed the line, but the whistle was never heard. It was swallowed up in the din that accompanied the defender. Resolute, the defender, received if anything a greater ovation than did Shamrock and despite the odds against her, her supporters could be heard on every hand predicting that she would yet win the series. They pointed out that the first race, last Thursday, was lost thru an accident to her rigging when the defender was far in the lead, and that on the second attempt, Saturday, which ended in "no race," Resolute was far in the lead when the race was called off at the expiration of the allotted racing time.

Altho Shamrock won today, Resolute's supporters insisted that fickle breezes had given victory to the challenger. Neither boat, they averred, has had an actual test of her sailing capabilities in the present series.

Pro-Resolute Complaint.
Shamrock IV, today—so argued the "pro-Resolute"—not only got most of the puffs of wind, but Resolute was actually the smallest that had turned out in the series. The smaller craft were not in force, and many of the craft that did turn out for the race departed before the real race began, leaving the smaller craft to meet a repetition of Saturday's "no race."

Shamrock tore her balloon jib topsail slightly on the home run, but otherwise both craft came thru in fine shape, and, before being towed into the horseshoe of Sandy Hook, both hoisted the pennant that indicated their readiness to race tomorrow.

The regatta committee of the New York Yacht Club announced tonight that the yacht will race tomorrow. The contest will be over a thirty-mile windward and leeward course. The committee stated there would be no change in the Saturday plan, and that the time allowance is expected to remain the same as today's.

The regatta committee at noon today hesitated for 15 minutes and then decided that the westerly breeze would hold and hoisted signals for a reach south-southeast, a beat about west, and another reach northeast by north.

Fight for Position.
The fight for position was rather dull, as Shamrock made no effort to gain the lead, and Resolute, who was the challenger, was content to follow. Shamrock to cross as she pleased thirty-eight seconds ahead, which allowed Resolute's time with her allowance at the finish, to 7 minutes and thirty-nine seconds. It looked like a very liberal margin for the defender, but it was found to be too small to give her the race.

The first 15 minutes were featured by bungling sail handling on the Shamrock. The balloon jib refused to break out, and, finally, when it did, it fouled around the stay. Then a spinnaker was tried and found to set poorly. Two or three other head sails were set and taken in. Sir Thomas Lipton's Shamrock IV, who made it two straight wins in the America's Cup series yesterday—Shamrock overcame the big handicap and showed her heels clearly to the Resolute.

Started Out Confident That He Would Lift the America's Cup

Aboard steam yacht Victoria, July 20.—By wireless to the Associated Press:
Sir Thomas Lipton declared at the end of today's race that he believed the showing the Shamrock IV, had made justified him in the hope that he would lift the cup this time.

"I started out this morning, as I usually do, hoping to be fortunate enough to win," said Sir Thomas, "but in yachting, as in every other sport, there is no certainty. If there was, there would be no pleasure in it for me."

"The great ambition and pleasure in my life is for the best boat to win. I am under good hopes that I will lift the cup this time. I feel after today's sailing that I am justified in hoping."

of the wind, proved a task for more than half the Shamrock crew at one time he had a mile and a half. Four miles from the second mark, for time again favored the Shamrock. The wind dropped and then came in from the southwest. This gave both boats a chance to show their mettle. Shamrock, who had picked it up first and pulled still further ahead, her lead at the turn being over 9 minutes.

Altho it looked like Shamrock's race with only 10 miles to slide down to the finish, Resolute had a seeming advantage of bringing up a better breeze. However, the breeze softened again instead of freshening, and altho Resolute lacked to lead under balloon sail, Shamrock, under spinnaker and balloon jib, sailing a straight course, gained nearly a mile. Shamrock naturally picked it up and St. Clair's crew reported at ground before 6 p.m. All players take this notice as final.

M. J. Harvey will referee the Sunlight-Toller fourth division league game tonight. The game with Caldonians and Braves, Thursday night at Broadview for the benefit of W. Edmonston should prove a scorcher. Claret is idle Saturday and will have out their strongest team while Calveys are anxious to show their mettle against a first division team. The Calvey players and those patronizing the said game note the kick-off has been set for 7.30 o'clock.

ONE-RUN VICTORY FOR THE POLICE TEAM

The Police beat the Letter Carriers yesterday evening in a Civil Service League game by the close score of 7 to 6. Three errors by the Carriers' shortstop, with a triple, three singles and a base on balls mixed in, enabled the Police to overcome the 4-run lead of the Carriers. Miller, G. Crowe and Sweeney hit timely for the Police, especially the former, who batted in two. Forbes, Giles and Pope inserted hits in the right place for the Carriers. Whitaker of Carriers, kept the hits well scattered, till the last inning, and struck out seven. Geo. Crowe and the other out at first. Olander struck out six for Police and allowed six hits. Holmes did some nice throwing to bases for Police.

LAST BOWLING TROPHY MOVES FROM GUELPH

Guelph, July 20.—The last bowling trophy in possession of the Guelph Club left the city this afternoon when a rink of Preston players, skipped by Charlie Kannacher, took away the Bowman Cup. They defeated the locals, headed by George Yates, by the score of 24 to 17. The winners took the trophy from the Southampton tournament last year, and they will have the honor of returning the mug next week when the tournament is again held at Southampton.

The Midland senior lacrosse team are holding practices Wednesday and Thursday evenings at 7 o'clock on Cottingham Square, to prepare for the Saturday game at Scarborough Beach.
