

The Chapel has been completed during the year, the seats having been given by Mr. Robert Gooderham, and the gasaliers by Mr. Gooch, of Parkdale. Services are held every Sunday, and the daily spiritual needs of the inmates supplied by the several clergymen of Parkdale, whose services are thankfully acknowledged.

Mrs. Hall, with the assistance of Mr. Alexander, kindly gave a concert to the inmates during the summer; Mr. and Mrs. Cornell and family, Mrs. Barton, and the choir of the Dundas Road Presbyterian Church, also contributed their musical talent.

Mrs. Lauder has conducted weekly Bible classes, and to these and many others who have contributed, either to the recreation or the quiet thought and solace of the inmates of the "Home," we tender our heartfelt thanks.

In the month of July a strawberry *fête* was held at the "Home," much to the pleasure of the inmates, and from this, and the sale of useful and ornamental work, the sum of \$225 was realized. It is probable this festival will be made annual, and greater success is hoped for each year.

The subscriptions for the year have been \$3,327 31. We thank all the donors for their greatly appreciated gifts.

The grants from the Ontario Government and the City Council have been continued and are thankfully acknowledged.

It may be well here to say that Dr. Crowdy, of Newfoundland, who visited us, reported that he considered the working of our "Home" to be "perfect and strikingly economical."

A portrait of our late President, Mr. McMurrich, has been completed by the well-known artist, Mr. Forbes, and hung in the Board room. The expense has been defrayed by the proceeds of a special entertainment which have been devoted to that purpose.

The Medical Staff, the Matron (Mrs. Craigie), and the servants under her charge, have all done their duties well and with a cheerful heart, and have maintained the happy character of the "Home."

(Signed)

WILMOT MARY CUMBERLAND,

Secretary.
