Men FROM 17 TO 60 NOTICE!

This is not a call to colors, as the heading might imply—but is an announcement to every man who does his own shaving and who has not learned about Soely's Aftershave.

If your skin is sensitive and burns and smart after shaving, or if it itches a dry, puckered feeling, you can immediately relieve this by using just a little of Soely's Aftershave after washing the lather from your face.

Delicately perfumed—is not greasy nor sticky—dries quickly and leaves the skin smooth and soft. Heals and closes up any little cuts or scratches from the razor. All druggists have Soely's Aftershave in 2 1/2 and 50c bottles.

ALFONSO WANTS SPAIN IN LEAGUE OF NATIONS

Madrid, Jan. 11.—Concerning the entry of Spain into a league of nations, King Alfonso, in an interview with the editor of the Madrid Review, said today: "Spain is a progressive nation and is disposed to live within the concert of nations. She must, by her commercial relations and her treaties, maintain close union with her neighbors."

"The trip to Paris of Count Romanones, our premier, was of enormous importance. It resulted in a demonstration

War to Peace

Article No. 1
Cut out for Reference.

HIS Announcement is made by the Dominion Government—made now because it feels that every Canadian wants to know, and is entitled to know, just what plans it has made to meet the problems that face the country. Only now has it been possible to finish the many plans and policies necessitated.

From day to day the Government will use this space to explain what it is doing to bring back our soldiers, to ensure the comfort of their dependents, to keep the whole nation busy and prosperous.

The problem is to take back our soldiers and war-workers into our social and business life under proper working and living conditions. It has four phases:—

1. To bring the soldiers home.
2. To fit those who have suffered overseas for useful employment.
3. To have ready for every soldier and war worker an opportunity for employment.
4. To assure for them proper living and working conditions.

The plans of the Government are such as will help solve these problems. What those plans are will be reported to you in this series of announcements.

(Signed)
J. A. CALDER,
Chairman.
