SOCIAL CENTRE WORK

The executive of the Playgrounds Association met last evening in the Y. M. C. A. building with the president, W. B. Tennant, in the chair. The others present were Mrs. T. H. Bullock, Miss Grace Leavitt, George McDonald, Geo. E. Day, William Hawker, W. E. Scully, F. deL. Clements and A. M. Belding.

A letter from Miss Mabel Peters was read, expressing her thanks for being made honorary president and wishing the association success in its work.

A statement from the treasurer showed that the sum of \$1,787.84 had been expended last year for permanent equipment for playgrounds.

There was a very interesting discussion of social centre work, and the president was authorised to appoint a committee to consider the best method of organizing such work before the close of the present year in connection with some of the city school buildings. The view was also expressed that facilities for social centre work should be taken into consideration whenever any new school buildings were to be erected. The association is the only one of its kind in the city and others that the church brotherhood movement would prove of great value in this community work.

St. Patrick's Day Plans.

A. O. H. Division No. 1 held a meeting in the society's rooms, last evening, with President J. McDermott presiding, and reports were received regarding arrangements for the church parade in honor of St. Patrick's Day. It will be on the preceding Sunday, in the afternoon.

The route will be the same as that taken last year, as follows: The parade will form in Sydney street and will proceed along Waterloo to the Cathedral.

Daily Hints For the Cook

Oatmeal Bread

First have your water boiling hot. In to your bread pan put a cup of rolled oats. Now pour over it 8 cups boiling water, 1/2 cup of molasses, 1 tablespoon of lard, 1 dessertspoon of salt. Let cool. When blood warm, add 1 yeast cake, which has been dissolved in cold water. Now add bread flour until firm and can be kneaded. Let rise over night and make two loaves and bake 1 hour and 20 minutes.

Cracker Plum Pudding

Six common crackers, 1 quart milk, 1 cup raisins, 8 eggs, 4 1/2 tablespoons butter, 1/2 cup sugar, 2 tablespoons milk, 1/2 teaspoon ground nutmeg, 1/2 teaspoon salt. Split the crackers, butter them, allowing 2-4 tablespoons of butter to each cracker. Stone raisins and place between the cracker halves, putting together again in original shape. Pour the scalded milk over the crackers; let stand overnight; add the eggs beaten, diluted with the 2 tablespoons of milk; sugar, salt and nutmeg. Bake 45 minutes. Serve with wine sauce.

SUSSEX NEEDS HOUSES

Record:—A serious effort will be made to organize a mutual aid society for Sussex. At present there is a big demand for houses here and none are available, or is there any likelihood that the situation will be relieved unless concerted action. Five families from outside points, who asked for houses in Sussex this week had to be turned down. That means that this town is losing money every day by having no houses to rent. Preliminary steps are being taken to form a company to provide funds for the erection of houses within the town.

DR. McDONALD'S ESTATE

30 DOCK ST. STORE OPEN EVENINGS

WRITING to the agent entrusted with the purchasing of the stores for the forthcoming Imperial Trans-Antarctic Expedition, Sir Ernest Shackleton uses these words:

"I consider the question of the concentrated beef supply is most important—

it must be Bovril"

Men who trust their lives to their food take no risks, and Sir Ernest Shackleton, planning this expedition with as intimate a knowledge of stores as of ice and snow, has recognized the scientifically proved value of Bovril.

The independent scientific investigations which proved

and to remain within that party at all elections for two years.

The 50,000 women voting in the primaries must maintain allegiance to the political party they declared for at that time. One of the fears of all politicians is that no political party can be sure of the woman-vote, and their fears are well founded.

Editor St. John Times:

Sir,—The statements appearing recently in your columns that the newly enfranchised women of Chicago did not vote in any considerable numbers at the primaries and that therefore women were already tired of their franchise is misleading in effect. In round numbers the Chicago women registering to vote April 6th were 145,000. Of these only 30,000 voted in the primaries, the middle of February, and immediately the conclusion of the outside world was that only those women appearing at the primaries still maintained their interest in effective citizenship. The facts are that the leaders of the Chicago women, Jane Adams, Grace Wilber Trout and others urged the women not to vote at the primaries this time, so soon after their enfranchisement, and when a great majority of them were absolutely unprepared and unfamiliar with political party action. A state law requires all electors voting in the primaries (nominations) to declare their political party,

THE GRANITE WORKS

A movement is on foot it is said looking to the merging of the granite interests of St. George, St. John and St. Stephen parties are reported to be interested in the matter.

DANGEROUS TO PICK AT A SORE CORN

The razor or jackknife way of picking and gouging out corns is but a temporary relief, and very often causes blood poisoning. To quickly remove the corn, apply Putnam's Painless Corn and Wart Extractor, the only sure remedy for sore foot lameness, corns, callous bunions and corns. Its name tells the story.

Vaseline A Blessing To Mothers

A mother thinks carefully when choosing an ointment for her baby's tender skin. It must be pure through and through—must contain nothing that can possibly harm.

This is what makes "Vaseline" such a great blessing to mothers.

It is pure—absolutely pure—the best and safest ointment for the skin from earliest infancy.

"Vaseline" is a great cleanser. It works into the pores and takes away all dirt and impurities with it. It keeps the skin fresh, clear and soft, as Nature made it.

There are several different preparations of "Vaseline" put up in collapsible tin tubes which insure unimpaired purity.

One box "Vaseline" Baby's Lotion will give many other useful household hints. Write for your copy today.
