

Benefits Catarrh RAILROAD MAN NOW STANDS ALL WEATHER.

MR. JOSEPH CONLEY.

The regular use of Duffy's Pure Malt Whiskey has built up the system of Mr. Joseph Conley, so that he is able to brave the exposure that his work as a railroad man necessitates. It has also been of great benefit for Catarrh.

"I have been using Duffy's Pure Malt Whiskey for 2 years and find it a wonderful body builder. I work on the railroad 12 hours every day and am able to withstand all kinds of weather with no bad effects. I always keep it in the house and when I get wet I always take a good dose. I had catarrh for 10 years, but since using Duffy's I am practically cured."—Joseph Conley, 682 Sycamore street, Buffalo, N. Y.

EMPERESS TROUPE GIVE FINE ENTERTAINMENT IN THE OPERA HOUSE

Last night at the Opera House the "Empress Troupe" in their many-colored, elegant costumes, entertained a good sized audience with a fine programme. The concert was under the auspices of St. John's Society, for the benefit of the immigration fund, and included in the programme His Worship the Mayor, who occupied a box, and His Lordship Bishop Le Blanc, with several of the clergy of the Roman Catholic diocese of St. John.

The first part of the programme contained several songs and duets by members of the troupe, which with the merry quips of the "end men," pleased the audience well, who approved the efforts of the men with frequent applause, many of the selections being deservedly encored. In Part II the Folies gave a musical sketch which included several songs and some pleasant foisting. In this part the song "Memories," splendidly sung by F. Roberts, was composed by a member of the troupe, C. Olden. The Empress Folies have become well known in St. John, and last night kept up their fine reputation for good, wholesome fun and singing. Their programme will be repeated tonight, when another large audience is expected. The programme follows: Interludes—L. Johnston. Musical Director—E. Cleff.

PART I. Opening Chorus—The Mamebanhs. The Truop Song—Sesside Air. P. Shaw Song—The Sheepshealer. C. Olden Song—No One Knows. J. Duckers Duo—Ain't it great to meet a Pal. Terry and Thomson Song—Sing me an Irish Song. L. Johnston Song—Roma. F. Roberts Song—Oh, the Steamer. J. Walker Song—On Moonlight Bay. Master Warner Song—English as She Spoken. C. Neary Song—Hello, Hello Silvery Sea. Closing Chorus—The Pheroel and the Maid. L. Johnston and the Truop. PART II. The Folies in their drawing room enter-

MORE GRAIN THIS YEAR

The grain shipments for the winterport season of 1912-13 will, it is believed, be far in excess of the shipments of any previous season in the history of the port and as the grades of grain are excellent there should be a sharp advance in the values over other years. That lake navigation has ceased, the grain being brought here all the way by rail.

Table with columns for C. P. R., I. C. R., and Total. Rows include months from December 1911 to January 1913, showing increasing shipment volumes.

MASONIC INSTALLATION. The Most Worshipful the Grand Master, accompanied by a large delegation of grand officers, paid an official visit last evening to St. John Lodge, No. 2, P. M., A. Little Beauty Chats

By BLANCHE BEACON

The Care of Gray Hair

If you want your silvery hair to look absolutely free from dust, I know that this is easier said than done, but if you will make a friend of rice powder your hair will be a credit to you. Every evening the grey-haired woman is asked to fill her hair with rice powder and then tie her head up in a strip of heavy cotton cloth—the powder will shake out on the bedclothes. Thus oddly attired as to the head, Madame can retire to sleep soundly until the rising hour. Once up, she must seize upon a stiff-bristled hairbrush and subject her powdered locks to a most thorough brushing. All the dust and grime will come out with the powder and the elderly beauty will find herself possessed of hair that looks brand new. At least every four or five weeks the grey-haired dame should give her silvery tresses a careful shampoo. A most excellent soap jelly can be made by shaving one-half cake of white toilet soap into a kettle containing three cups of hot water. This mixture must be allowed to simmer over a low flame until the soap has dissolved, then set it away until it thickens, when a half teaspoonful of the best ammonia should be beaten in. When you are ready for your shampoo, comb and brush your hair until not a tangle remains, then dampen lock with the soap jelly, massaging it well into the scalp and smearing it thickly over the ends of the hair. As soon as your head looks like a fluffy snowball, begin to rinse. Use at least nine waters, then fill a kettle with warm water to which you have added a very little indigo, and dash liquid over hair. Use only enough indigo to give the water the faintest tinge, as too much bluing is worse than none. When silver tresses are inclined to turn yellow, slightly blued water proves a friend in need.

To keep the face smooth, white and beautiful all winter, there's nothing quite so good as ordinary mercurized wax. Rough, chapped or discolored skin, inevitable in winter weather, is gently absorbed by the wax and replaced by the newer, fresher skin beneath. The face exhibits no trace of the wax, the latter being applied at bedtime and washed off mornings. Creams, powders and rouges, on the other hand, are apt to appear conspicuous at this season, because of alternating expansion and contraction of the skin, due to changing temperatures. I advise you to try this simple treatment. Get an ounce of mercurized wax at any drug store and use like cold cream. This will help any skin at once, and in a week or so the complexion will look remarkably youthful and healthy. Winds and flying dust often cause squinting and other contortions, which make the weather disagreeable. You can quickly get rid of every wrinkle, however produced, by using a harmless face bath made by dissolving 3 powdered scoles in 1 1/2 pt. witch hazel.

Daily Hints For the Cook

WATERMELON CAKE. White Part—Whites of 6 eggs, 2 cups white sugar, 1 cup of butter, 1 cup of milk, 4 even cups of flour, 2 teaspoons baking powder. Flavor with lemon. Red Part—Whites of 2 eggs, 3/4 cup red sugar, 1/2 cup of butter, 1/2 cup of milk, 2 cups of flour, 2 teaspoons baking powder. Beat the sugar and butter to a cream and the eggs to a stiff froth. Take half the quantity of the white part for first layer, then one of red and put 2 rows of raisins about one inch apart. Finish with white layer. Bake in loaf tin. The raisins represent the seeds of the melon. Only a few are needed. WATER CAKE WITH CHOCOLATE ICING. One cup sugar, 1 cup warm water, 1/2 cup butter, pinch of salt. Sift 2 cups flour with 3 teaspoons baking powder, add to the above mixture flour and bake. Two squares chocolate, 4 tablespoons sugar, 4 tablespoons milk, 1/2 teaspoon butter. Melt chocolate, sugar and milk together in bowl and set in hot water. When smooth add butter and stir thoroughly. Flavor with vanilla. Spread on cake while warm. COLDS CAUSE HEADACHE AND GRIP. LAXATIVE BROMO Quinine relieves the cause. There is only one "BROMO QUININE." Look for the signature of E. W. GROVE, 25c. CAMPBELL-STEEVES. In the Leinster street Baptist parsonage yesterday afternoon the pastor, Rev. W. Camp, united in marriage Robert Campbell of Salina, Kings county, and Miss Beatrice Steeves, of Hillsboro, Albert county. They left last night for their home in Salina.

DR. ELIOT IS STRONG FOR PREVENTIVE MEDICINE

Preventive medicine, said President Emeritus Charles W. Eliot, of Harvard university, in a public lecture at the Harvard Medical school recently, is capable in the future of doing away with poverty and misery, of remedying industrial disputes and of contributing to the cause of international peace. The medical practice of the future, he declared, would be one who prevented disease rather than cured it. More than half the physicians of the country, he believed, eventually would be engaged in preventive rather than curative medicine. One of the most irritating things in international relations is the strife that arises from the question of population. Preventive medicine is making efforts to the immigration of peoples. Our achievements in the Panama canal zone have made safer future migrations to tropical countries. South American cities are becoming centers. We are going to get through preventive medicine, relief from the frictions which arise out of immigration among the leading nations of the world.

Sackville Notes

Mrs. Lillian and daughter Edith, of Campbellton, also Joseph Harper, of Seattle, and Mr. and Mrs. William Harper, of St. John's, Que., have been guests of Col. and Mrs. Bedford Harper. A letter from Rev. F. G. McIntosh who some months ago was called to the pastorate of the Sackville and Dorchester Presbyterian churches, states that he is returning to his former home in Sackville about February 1. Albert and Harold Lucas, who have been in Sydney visiting their brother, expect to leave today for London, Ont. where they will operate a fruit and market gardening farm. Rev. Mr. Lucas, who is still in the West Indies, engaged in International Sunday school work, expects to return to Sackville about May 1, when he and Mrs. Lucas will go to London to join their sons.

MRS. R. M. SMITH PRESIDENT

W. C. T. U. Annual Meeting—Child Protection Act Endorsed. The annual meeting of the St. John W. C. T. U. was held yesterday afternoon in the rooms of the society. This meeting is held during the week of preparation for the annual conference of the W. C. T. U. The meeting was opened with devotional exercises which were directed specially towards the new Child Protection Act, which is now being organized in connection with the work of the union in New Brunswick. Election of officers: Mrs. Morton Smith was chosen president; Mrs. Charles Clark, second vice-president; Mrs. Hoar, secretary-treasurer; Mrs. Williams, corresponding secretary. With regard to the Child Protection Act, the union made a motion to the effect that the act which is soon to come before the local legislature and municipal council, has the entire sympathy and cooperation of the union. Mrs. J. W. Seymour was appointed evangelistic superintendent and superintendent of sailors' temperance work. Mrs. James Porter, superintendent of relief work. The following were appointed delegates of the women's council—Mrs. Seymour, Mrs. Porter, Mrs. Hipwell, Mrs. Hoar, Mrs. Humphrey and Mrs. Clark.

MANY NEW ENGLANDERS IGNORANT OF THE BIBLE

New England, according to Reuben A. Smith, evangelist, in a speech of preparation for the Evangelistic Association of New England at the Twentieth Century club in Bangor presents more difficulties to religious work than any other part of the United States. "There are thousands of people in our rural section," he declared, "who never saw the inside of a Bible. It is such as these who are to become our leading men. "The country church of New England is in a spiritual decline, for reasons which I cannot say after years of work done among them. The lodge in the country town is supplanting the life of the church. One of the worst evils in New England is the Saturday night dance in the country. If the theological schools of today paid a little more attention to the simple workings of the Gospel and less to the proper construction of a sermon, the young ministers sent out into the wilderness would accomplish far more than they do."

EVERYBODY WHO USED GREAT KIDNEY REMEDY OBTAINED FINE RESULTS

At the time I commenced using your Swamp-Root I was so bad that I had give up work. The pains in my back would be like some sharp instrument piercing my kidneys and I could hardly get out of a chair without help. I finally resolved to give your Swamp-Root a trial and the results were so fine that I have recommended it to others, and it seems to produce the same beneficial results with every body that uses it. I am very thankful to you for your great remedy, Swamp-Root, as I know that it will do all your claim for it. CHAS. J. SHELDON, McEwan, N. Y. Personally appeared before me, this 23rd of September, 1909, Chas. J. Sheldon, who subscribed the above statement and made oath that the same is true in substance and in fact. R. C. GLEASON, Justice of the Peace. My commission expires May, 1912.

Letter to Dr. Kilmer & Co., Binghamton, N. Y.

Prove What Swamp-Root Will Do For You. Send to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. It will convince anyone. You will also receive a booklet of valuable information, telling all about the kidneys and bladder. When writing, be sure and mention the St. John Evening Times-Star.
