South End Police Call Discloses

Where the Money Went

There was a stir in the central police station last evening when a message came over from the telephone to the effect that a woman had been robbed and the presence of a policeman was wanted at the corner of Britain and Charlotte streets. Policeman Gosline, who is doing call duty, lost no time in getting to the place and on arival there found a woman in a very much excited from of mind. She said that while in a house in Lower Cove she had been robbed of fifty cents. She also said she lost a pair of rubbers in the house and that the occupants would not permit her to enter the house and reclaim her goods. The policeman accompanied her to the other side of the story. The accused, also a woman, denied having taken the money and declared that her visitor, while in the house sent out for two bottles of liquor, "and that is where her fifty cents went to "she said to the policeman. Circumstances corroborated her story and the policeman, after giving both a temperance lecture, dismissed them with a warning to set a guard upon their actions.

GENERAL OTTER LIKES

TO COME UNEXPECTEDLY

"I like to find things just as they are," said General W. D. Otter, commanding the Canadian militia, who paid an unexpected visit to the city last evening, coming here from Fredericton. He said that he purposed making an inspection of the local depots today and would leave the city again this evening," I keep constantly on the move," said the general "and as a rule arrive when I am least expected. It is a very good plan for it gives you an opportunity of seeing things just as they are and not as they might be when the inspection is known of."
