ciliation

Coola Valley.

(Special Correspondence). Bella Coola, Jan. 25.—The annua neeting of the Conservative Association was held or Tuesday, Jan. 14th, at Hagensburg, the president being the chair.

The principal business was the elecion of officers for the coming year, the result being the re-election of J. A. Sylvester as president, John Jorgensen as 1st vice, J. H. Lunass as 2nd vice strict Japanese immigration:
Sir, the answer is this: I claim that we are to-day in a better position than we are to-day in a better position than being the action of some Conservative in the valley who are starting anothe association: the feeling of the mee ing being that there ought to be only one association and not two. Sleighing Good.

Sleighing has been very good during the last few days and very much freight, lumber, etc., is being n Mr. West, manager of the Olga mine, returned on the steamer Amur with a lot of supplies. The mine has started work with a full gang of men and the outlook is very bright indeed. This mine being close to the wharf, ore will be shipped very cheaply to the smelters. Some very rich samples of copper have been taken out.

Organ-grinders are not allowed to play anly between midday and sunset.

The sea is much more salt in the owing to the greater evaporation.

> Black Watch

Chewing Tobacco Rich and satisfying. The big black plug.

PASSENGER TRAINS

Recent Experiment Tried by C. P. R. Has Been an Entire Success.

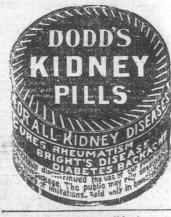

The most important experiment tried by the C. P. R. for improving essfully carried out by the passenger coaches could be with natural gas for illuminatin mmodated itself perfectly Pintch gas fixtures, and gave a better light.

The car selected for the test was No. 303, which was equipped with standard Pintch gas tanks which a joint equalized capacity of 1.160 tanks were charged with natural ing, thus demonstrating its superiori over Pintch gas by four hours. that the United States have power to | Pintch gas inverted mantles were used

through to Winnipeg. last night with the lights still bur

The local C. P. R. officials in charge are much pleased with the experiment charging these tanks will be erected

doing that. One way is the literact of the opposition this afternoon and from Santa Barbara, California, costing about \$900. One of the trees is an about \$900. One of the trees is an about \$900. One way is to legislate against the exceedingly fine specimen weighing about one ton and a half. These will ment, by the will of the Commons, of be placed in the palm room of the
