WORK WILL BEGIN MONDAY MORNING

RAILS NOW HERE FOR THE TRAMWAY TRACK

By-Law Respecting Free Library Advanced Stage in Council—Curfew By-Law Finally Passes.

Before proceeding to the regular business of the council last evening, Mayor Hayward had a few remarks to make regarding the steps he had taken to arrange for the thanksgiving service in the drill hall on Sunday night. The hall had been placed at the city's disposal free of charge, and those who had participated in the programme had generously offered their assistance. He desired that public notice be taken of this fact.

In the order of communications, Rev. W. Leslie Clay wrote forwarding a resolution of the Ministerial Association requesting that the city pass the by-law providing for the prevention of the sale of cigars and tobacco on the Sabbath. Laid on the table pending the receipt of legal advice on the council's powers in the matter.

Dr. J. C. Davie and Messrs. Eberts & Taylor wrote stating their willingness to pay their share of the cost of laying a concrete sidewalk in front of their offices on Langley street.

The city engineer said that he could not give the exact cost of the work, but considered that the work should be done.

On motion of Ald. McCandless, the sidewalk will be laid on the west side of the street from Bastion to Fort street.

J. P. Walls complained of injuries Mrs. West, a client, had received through a defective sidewalk on South Park street. Referred to city solicitor for report.

Ald. Worthington wanted a similar course pursued in regard to Mr. Richards, hurt some time ago, but was reminded that he would have to introduce the matter in the ordinary way.

Geo. Powell, on behalf of Andrew Gray, proprietor of the marine railway, sought the consent of the council to an application for the building of a marine railway on the foreshore. Received and referred to a committee previously appointed on such subjects.

R. C. Bugshaw asked for a share of the city fire insurance.

Ald. Grahame said in this connection that the two companies represented were not strong financially. On motion of Ald. Yates, however, each company will be given a fair share of the city's patronage.

The city clerk reported the receipt of the following communications, which had been duly turned over to the proper officials:

From J. S. Byrn, requesting that the drain on Niagara street be deepened.

From John O. Townsend, complaining of the noxious odors arising from a box drain on the southwest corner of Fernwood and Centre roads.

From Thos. Hooper, requesting that the sewer on Niagara street be extended to provide sewerage for the premises of Geo. S. Russell, and from

D. H. Bale et al, requesting that Leighton road be improved.

A. T. Goward, manager of the B. C. Electric Railway Co., notified the council that the rails for the relaying of the track on Government street were now here, and that the company was prepared to go ahead with the work as soon as the city was ready.

In this connection the city engineer said that the work would be started on Monday morning.

Hooper & Watkins sought the decision of the council on the matter of the erection of a new building on Broad and Government streets, for which plans had been submitted to the city engineer, who had refused to grant the permit necessary for the work to go on. The letter was referred to the building inspector for report. It was explained by C. Spencer, who was present, that the decision of the board was very urgent; that the only difference of opinion was in respect to the use of the old walls. He was informed that the question would be immediately considered, that the building inspector would be asked to report at once, and that an answer would be forthcoming without delay.

The city engineer reported in regard to the surface drain on Cedar Hill road that the nuisance complained of cannot be got rid of until a closed drain be laid the entire distance of 3,100 feet. The work, however, he would not recommend while so many bad drains exist in the city. He saw no cause for complaint in the matter of drainage on Walnut street, but a pipe drain to connect with Fernwood street at a cost of $225 was needed. Some grading on Belmont street, requiring an expenditure of $40, preparatory for the planting of shade trees was necessary, together with a box drain costing $25 on Bank street. Only one house, the report pointed out, will be benefited by the laying of a plank sidewalk on Clarence street, the cost being $21. In regard to the nuisance complained of at the corner of Catherine and Line streets, this was caused by a private connection not being made with the street drain, and he found that no neglect could be attributed to the corporation for the overflowing on Coburg street.

In a subsequent report the city engineer recommended that the request of S. C. Oppenheimer for a concrete sidewalk on the north side of court house be granted at a cost of $160; that $75 be voted Mr. Spencer as compensation for expense involved in sewer work; that 400 feet of box drain be laid on Leighton street at a cost of $80, and that $53 be expended in the improvement of various sidewalks in Victoria West.

Both, with the exception of the one clause in the former, were adopted.

The city water commissioner and the city purchasing agent reported, recommending that the tender for the supply of Niagara meters from G. C. Henshaw, of Vancouver, be accepted, the contract price given being $762.80.

After considerable discussion the tender of W. W. Bownass was accepted, the figure being $777.55. This was the lowest Victoria tender.

The city market superintendent reported receipts of that building during the past month, which were adopted.

H. Dallas Helmcken and 33 others petitioned the council for the introduction of a by-law providing $15,000 for the purchase of a site and $5,000 yearly for the maintenance of the Carnegie library. Received and filed.

Ald. Grahame suggested that an admirable site for the building was to be found in a plot of ground belonging to the government in front of Mr. Spencer's residence.

The city assessor's report on the petition pointed out that the assessed valuation of the property of the petitioners represented more than the tenth of the assessed roll required for the introduction of a by-law. Received and placed on file.

Ald. Grahame incidentally asked if it would not be advisable to approach the government on the matter of widening Bastion street near the court house, as he understood that the government had offered the property required.

The Mayor remarked in passing it Ald. Grahame could secure the government's sanction to such an improvement he would receive support of the entire council, and the matter dropped.

Chas. E. Redfern and other residents on St. Charles street asked that no change be made in the name of the street. Laid on the table.

M. J. Knott and a large number of others petitioned the council on pretty much the same lines as one submitted a few weeks ago asking that sections 9 and 10 be revoked in the streets by-law.

Ald. Cameron explained that several years ago there was an agitation to regulate the bicycles, and there was a desirability to raise funds on them, now some other way must be found to raise money.

Received and laid on the table.

The Home committee recommended that John Temple, 74 years of age, be admitted to the Home. Carried.

The finance committee reported accounts aggregating $5,700. Carried.

From the same committee a recommendation was read providing for $500 out of the Johnson street widening by-law. Carried.

Ald. Cameron's motion providing for a concrete sidewalk with granite curbs on the east side of Wharf street between Bastion and Yates streets, the same to be done by day labor, next came up, and carried unanimously.

Ald. Worthington's motion respecting the supply of sawdust for the electric lighting station for the balance of the year was next brought up, and was carried. According to a term of the contract proposed the company shall keep the city supplied with slab wood during any break down or stoppage of its mill.

Ald. Cameron's by-law respecting the purchase of a free library site was put through its first and second readings and considered in committee, which, on rising, reported progress.

The curfew by-law was then passed and the council adjourned.

A SPECIAL OFFER

Twice-a-Week Times for 50c

In order to still further extend the wide circulation of the twice-a-week Times, the publishers have decided to reduce the subscription price for new cash subscribers from now until the close of the year,

Over 7 Months, to 50c

Daily Times for $2.50

The Daily Times has been similarly reduced. It will be sent to any address outside the city of Victoria until the end of the year for $2.50.

TO PROPAGATE TROUT.

Government Will Restock Rivers and Lakes of Vancouver Island—New Regulations.

It is understood that the Ottawa government has favorably received most of the suggestions made by the Tourists' Association in regard to the fisheries on this Island. In respect to restocking the streams and lakes the department will now undertake not only to continue the planting of sockeye, black bass, steelhead and Cohoe salmon, but have promised to begin the hatching of rainbow and Dollie Vardon trout, the latter to be placed in the rivers and lakes of Vancouver Island as soon as possible.

They have also promised to prohibit the use of nets inside Victoria harbor, change the close season for trout from November 1st to March 31st, and prohibit netting inside Cowichan Bay, except by Indians for food.

The department also approves the fixing of the minimum size limit of trout to eight inches.

The whole question of Indian weirs on Cowichan and other rivers stands in abeyance for the present, some difficulty being apprehended if the tradition rights of the Indians to fish by this means is summary interfered with. The question will be gone into by the Indian agent at Victoria, the inspector of fisheries, and Senator Templeman this summer.

—Eight carloads of rails for E. C. Hawkins's Klondike Creek railway are now on their way to the coast from Toronto, and will probably be shipped north on the Princess May, which leaves here for Vancouver to-night.

If You Could Look into the future and see the condition to which your cough, if neglected, will bring you, you would seek relief at once—and that naturally would be through

THE EIGHTEENTH ANNUAL TOURNEY

FULL PROGRAMME OF THE REGULAR SHOOT

Event Will Take Place at Portland, Ore., on June 26th, 27th and 28th—Rules and Regulations.

The eighteenth annual tournament of the Sportsmen's Association of the Northwest will be held under the auspices of the M. A. A. C. Rod and Gun Club at Portland, Ore., on Thursday, Friday and Saturday, June 26th, 27th and 28th. The programme for the event has been issued and deals fully not only with the different events, but with transportation, time of the commencement of shooting and the facilities provided on the grounds for practicing. The officers of the association are also published.

Shooting will commence each day at 8.30 a. m., and the grounds will be open for practice on Wednesday, June 25th. Three sets of fine expert traps with electric pulls will be used.

The association announce that arrangements have been made with the railroads entering Portland for a fare and one-third rate.

The rules to be enforced during the shooting are as follows:

All shooting will be class, except ties for trophies, which will be shot for at the original number of targets.

American shooting association rules for inanimate target shooting will govern all contests. Five cents will be charged for targets, and will be deducted from purse.

No entries in any event after one squad has shot out.

All shooting will be in squads rapid fire, except pairs and expert rules. No gun larger than 12 guage will be allowed. Black powder barred.

The official score will be kept on a score board in plain view of the shooter. It will be the duty of the shooter to watch the score board and see to it that the right score is recorded. In case of error it must be corrected at once as no appeal will be allowed after the shooter has left and passed on to the next set of traps.

The programme of events is as follows:

Thursday.

Event No. 1—$20 added; 10 targets; unknown angles. Entrance $1.50; divided 50, 30 and 20 per cent.

Event No. 2—$30 added; 15 targets; unknown angles. Entrance $1.75; divided 40, 30, 20 and 10 per cent.

Event No. 3—$40 added; 20 targets; unknown angles. Entrance $2; divided 40, 30, 20 and 10 per cent.

Event No. 4—$30 added; 25 targets; unknowned angles, reversed. Entrance $2.50; divided 30, 25, 20, 15 and 10 per cent.

Event No. 5—Multnomah medal; 20 targets; known angles, reversed. Entrance $4; 50 per cent. of purse goes to present holder, balance divided 40, 30, 20 and 10 per cent.

Event No. 6—$40 added; 20 targets; unknown angles, reversed; use of both barrels. Divided 40, 30, 20 and 10 per cent. Entrance $2.

Event No. 7—$40 added; 20 targets; unknown angles. Entrance $2; divided 40, 30, 20 and 10 per cent.

Event No. 8—Three men team trophy (does not count in general average); 20 targets, unknown angles. Entrance $7.50 per team; $70 added. Only bona fide members of clubs belonging to association eligible. Shooter belonging to more than one club must shoot with a team representing the city in which he lives. First prize, team trophy and 50 per cent. of purse; second prize, 30 per cent.; third prize, 20 per cent.

Event No. 9—$30 added; 25 targets; unknown angles, reversed. Entrance $2.25; divided 30, 25, 20, 15 and 10 per cent.

Event No. 10—$50 added; 25 targets; 15 singles, known angles; 5 pair. Entrance $2.25; divided 30, 25, 20, 15 and 10 per cent. Total number of targets first day, 200. Total entrance, $22.(5. Added money, $350.

Friday.

Event No. 11—$20 added; 10 targets; known angles. Entrance $1.50; divided 50, 30 and 20 per cent.

Event No. 12—$20 added; 10 targets; known angles, reversed. Entrance $1.50; divided 50, 30 and 20 per cent.

Event No. 13—$50 added; 20 targets; 10 singles, known angles; 5 pairs. Entrance $2; divided 40, 30, 20 and 10 per cent.

Event No. 14—$20 added; 10 targets; unknown angles, reversed; both barrels. Entrance $1.50; divided 50, 30 and 20 per cent.

Event No. 15—Globe trophy; 50 targets; $5 entrance. Ten known angles, ten known angles reversed pull; five pairs, ten unknown angles; ten reversed pull unknown angles; use of both barrels. Fifty per cent. of purse goes to W. F. Sheard, of Tacoma, present holder of trophy. First prize, Globe trophy, value $400; second prize, 50 per cent. of balance of purse; third prize, 30 per cent. of balance of purse; fourth prize, 20 per cent. of balance of purse. Winner of trophy to receive one-half of purse at next tournament. Squad shoots down ten known traps, unknown angles, and ten unknown angles reverse pull, use of both barrels; rest. Squad shoots down ten known traps, known angles, and ten known traps and angles, reverse pull; all up. Squad shoots down five pair, one man at centre.

Event No. 16—$45 added; 15 targets; unknown angles. Entrance $1.75; divided 40, 30, 20 and 10 per cent.

Event No. 17—$45 added; 15 targets; unknown angles, reversed. Entrance $1.75; divided 40, 30, 20 and 10 per cent.

Event No. 18—$100 added; 25 targets; unknown angles, reversed. Entrance $2.25. Use of both barrels. Divided 30, 25, 20, 15 and 10 per cent.

Event No. 19—$100 added; 25 targets; unknown angles. Entrance $2.25; divided 30, 25, 20, 15 and 10 per cent.

Event No. 20—Entrance $4. Walla Walla Brownlee medal. The above medal was donated to the S. A. N. W. by Mr. N. B. Brownlee, of Spokane, to be shot for annually during the life of the association. Twenty targets, expert rules; indicator pull; known angles; 4 unknown, 1 known trap; squad up. One man fires 5 shots from centre and gives way. Winner of medal to receive one-half of purse at next tournament. First prize, medal; second prize, 40 per cent. of purse; third prize, 30 per cent. of purse; fourth prize, 20 per cent. of purse; fifth prize, 10 per cent. of purse. Total targets second day, 200. Total entrance second day, $23.50; $400 added.

Saturday.

Event No. 21—$50 added; 10 targets; unknown angles. Entrance $1.50; divided 50, 30 and 20 per cent.

Event No. 22—$75 added; 20 targets; unknown angles. Entrance $2; divided 40, 30, 20 and 10 per cent.

Event No. 23—Anaconda cup; 25 targets; unknown angles. Entrance $4. Fifty per cent. of purse goes to present holder of cup. First prize, cup; second prize, 50 per cent.; third prize, 30 per cent.; fourth prize, 20 per cent. of balance of purse. Winner to receive 50 per cent. of purse at next tournament.

Event No, 24—$75 added; 20 targets; unknown angles, reversed. Entrance $2. Use of both barrels. Divided 40, 30, 20 and 10 per cent.

Event No. 25—Brownlee trophy; 25 targets; unknown angles, reversed. Entrance $4. Use of both barrels. Fifty per cent. of purse goes to present holder of trophy. First prize, trophy; second prize, 50 per cent. of balance of purse; third prize, 30 per cent. of balance of purse; fourth prize, 20 per cent. of balance of purse. Winner of trophy to receive 50 per cent of purse at next tournament.

Event No. 26—$50 added; 15 targets; known traps, known angles. Entrance $1.75; divided 40, 30, 20 and 10 per cent.

Event No. 27—$50 added; 20 targets; unknown angles. Entrance $2; divided 40, 30, 20 and 10 per cent.

Event No. 28—$75 added; 20 targets; unknown angles, reversed. Entrance $2; divided 40, 30, 20 and 10 per cent.

Event No. 29—$75 added; 20 targets; unknown angles, reversed. Entrance $2. Use of both barrels. Divided 40, 30, 20 and 10 per cent.

Event No. 30—Championship medal; 25 targets; known traps, known angles. Entrance $4. Fifty per cent. of purse goes to present holder of medal. First prize, gold medal; second prize, 50 per cent.; third prize, 30 per cent.; fourth prize, 20 per cent. of balance of purse. Winner to receive 50 per cent. of purse at next tournament.

Total number of targets third day, 200. Total entrance, $25.25. Added money, $450.

Special arrangements will be made for lady contestants. A committee of three consisting of W. F. Sheard, T. B. Ware and A. E. Guist has been appointed to award ladies' special prizes as follows: First prize, championship gold medal; second prize, championship silver medal; third prize, box of candy.

J. Stevens Arms & Tool Company have donated one Stevens single barrel shot gun for the longest number of straights.

A number of local shots intend participating in this shoot. On account of the comparitive ease in reaching Portland from here it is expected that more of Victoria's crack shots will take part in the event than usual. Several local shots are practicing, and it is likely that more of the trophies of this shoot will come to Victoria this year than heretofore.

VICTORIA DAY ON THE NAAS.

(Special Correspondence of the Times.)

The residents of the Naas met at Mill Bay on Saturday, the 24th, and celebrated Victoria Day in a fitting manner. A good programme of sports had been arranged by the Federation Canning Co.'s employees there, and ample preparations made for the comfort of the visitors, who gathered from different points on the river. Shortly after noon lunch was served in the large refreshment tent, after which the sports commenced and continued till six, when the company sat down to an excellent dinner. During the evening the prizes were distributed by Mrs. Collison, with many laughs when the booby prizes were given. Next came the concert, which was very successful, and supper at eleven closed a most enjoyable day.

The prize winners were as follows: Sack race, Watson Noble; three-legged race, G. W. Deaville and J. W. Stewart; potato and spoon race, Miss A. Collison; ladies' needle threading race, Mrs. G. Chambers; skipping contest, Miss Collison; ladies' throwing contest, Mrs. G. Chambers, first; Miss McCullagh, second; shooting competition, R. C. Stratford, first; Mr. Gault, second; quoits, A. Piper; whist, B. Stapledon and Mr. Miller; ping pong, G. W. Deaville.

VOLCANO ACTIVE.

Baku, Russia, June 4.—The Gusygran, a mud volcano near the village of Kobi, Caucasia, has been in eruption, accompanied by cannon-like reports. The country around the volcano for some distance was enveloped in flames, but no fatalities have been reported. A few shepherds were burned and some flocks of sheep destroyed.

SUMMER ENERGY AND ACTIVITY.

IF YOU ARE NERVOUS, DESPONDENT, SLEEPLESS, IRRITABLE OR OUT-OF-SORTS IN JUNE,

Paine's Celery Compound

FRESH ENERGY, VIGOR AND NEW HEALTH.

June should be the banner month of the year for the enjoyment of nature and life. If men and women are not physically capable of enjoying the good things of nature and home so bountifully provided by an All-Wise Creator, the fault is their own in the majority of cases.

Our nervousness, insomnia, despondency and irritableness are continual and forcible reminders of ill health and disease. Their continuance in June means unhappiness and misery; their banishment by the use of Paine's Celery Compound means energy, activity, vigor and full ability to enjoy Heaven's best gifts. Thousands are now acquiring rugged health and buoyant spirits through the use of Paine's Celery Compound. The blessings of health, home and nature will be your portion if you wisely use the great medicine this month. It truly makes people well.

NAVIGATION OPENED THROUGH TO DAWSON

Lake La Barge Has Been Cleared of Ice—Communication Direct With White Horse.

Navigation is now open from White Horse to Dawson. J. H. Greer, local agent of the White Pass & Yukon Railway Company, has received word to this effect from Skagway. The message was sent from Skagway yesterday, and it is altogether probable that some of the steamers had reached White Horse then or possibly the day before.

Last year navigation opened about the same time, but this is ten days earlier than in 1900. The river has been virtually clear for quite a while, and several steamers, including the Clifford Sifton, Bailey, Zealandian, Hootalinqua and Casca have reached the Klondike metropolis, running from La Barge.

Quite a quantity of freight had accumulated at White Horse, a large proportion of which is probably now en route to Dawson. Among this is included the large shipments made some days ago by J. Piercy & Co., and other local merchants, arriving simultaneously with the clearing of Lake La Barge of the obstacles to navigation.

FELL FORTY FEET.

Lineman Lost Hold While Working on Quadra Street Pole.

Another telephone pole accident occurred yesterday afternoon. While C. K. Bogart, a lineman, employed by the telephone company, was working on a fifty-foot pole at the corner of Quadra and Pioneer streets, he lost his hold and fell about forty feet, striking a wire in falling, and landing on his back. Dr. Ernest Hall was at once summoned, and after examination the injured man was removed to the Jubilee hospital. It was found that his right hip was broken, while he also sustained a number of bruises. His injuries, unless there be serious internal ones, are not fatal, and to-day Bogart was doing nicely.

It is probable Bogart's belt had not been securely fastened around the pole, and, as in the case of the unfortunate lineman who dropped from the Yates street pole, when his weight bore on it the strap slipped and he fell, Bogart's parents reside in Rossland.

—The Japanese fishermen have again organized for the coming season, and have elected committee. It is said that there will not be within 50 per cent. as many Japanese and whites on the Fraser river this year as last.

PAGE WIRE FENCE
This is the Page Standard II Bar Fence, made of "Page" wire which is twice as strong as common wire. The continuous coil, note wavy appearance, allows for expansion and contraction which is important owing to Canadian climate. Our upright wires are in one piece and have strength of about 800 pounds. If made of pieces spliced at each horizontal, they would have a strength of only about 200 pounds. We also make gates, ornamental fences, poultry netting, nails and staples.
