

CAMPAIGN NOTES.

The Liberals of Victoria do not Think Much of Their Self-Imposed Candidate.

Sir Charles Tupper's Great Reception at Springhill—Hon. A. R. Dickey's Election in Cumberland Certain.

Joint Meeting of Both Parties at Bedouque, Prince Edward Island—Judge Morton in Kings.

News from Kent continues of a cheering character. Mr. McInerney's friends are now thoroughly organized in every polling district in the county, and his election is assured.

Mr. McCarty has opinions with which I do not agree. But I appreciate him because his work contributes to the fall of the government which we hate in common.

The division of duty in the Laurier-Mowat-McCarthy combination appears to be as follows: Sir Oliver Mowat, as the protector of Catholic separate schools in Ontario, appeals to the Roman Catholic voters.

Sir John Macdonald used to say that the grigs had accused him of every crime in the calendar, from pitch-and-toss to manslaughter.

A Hampstead correspondent writes under date of June 2nd: "There is no foundation whatever for the statement in a despatch in last Saturday's 'Telegraph' from this place, that Mr. Wilmore could not raise a meeting here on Friday night."

The political fight is growing hotter and hotter, and the conservative cause is daily gaining new adherents.

In St. John, N. B., the N. P. is violently attacked by Premier Blair, who says it has "proved an utter failure."

A correspondent writes: Judge Morton has been making a house to house canvass through Westford parish, and Mr. Domville has given the same old speech, with slight additions and subtraction, which has served him in the campaigns of the past.

A LESSON TO PROFIT BY.

The greater part of the farming class, as well as the manufacturers, are going for the trade policy of the government.

the free traders. Mr. Laurier is riding the same free trade horse as the democratic party did in 1892, and by which the United States has suffered.

VICTORIA CO.

A prominent French Canadian resident of Edmundston writes as follows to the Sun: At a sudden convention of a section of the liberal party of Victoria held here Saturday, May 30th, the friends of Fred LaForest of Edmundston succeeded in nominating him as the liberal standard bearer, to oppose Hon. John Costigan. The friends of Mr. Costigan are elated at the choice.

ON P. E. ISLAND.

Bedouque, May 30.—A combined liberal and conservative meeting was held last night in the Centreville hall. The evening being very wet, the hall was not as nearly filled as would have been had the evening been favorable.

KINGS CO.

Mr. Morton met his committee at Sussex Tuesday evening. He said he had been over most of the county, but there were one or two parishes he wanted to visit yet.

CUMBERLAND CO.

Springhill, June 1.—Saturday will be long remembered as one of Springhill's four hours gala days. Only twenty-four hours' notice had been given of the coming of the premier of Canada, and yet the largest and most enthusiastic assemblage that ever crowded into the drill shed and stood in the broiling sun on the thorough roadway.

The Protection Plank.

It is well to have a large foreign trade. The protective plank secures the latter. It is not a diminution of protection that Canada needs.

KENT CO.

Richibouctou, June 3.—The political situation is being discussed more and more as the day of battle draws near. Mr. LeBlanc is making a desperate effort to secure votes.

Ship Railway Gate.

On Saturday Mr. Dickey made the announcement that an order in council had been passed and signed by the governor general, revising the charter of the ship railway and extending the time of its completion three years.

"The ready road to reciprocity with our neighbors is to accept Sir Richard Cartwright as the senator from the Province of Ontario."

Great Britain takes today 50 per cent. of our exports. Twenty years ago she took 39 per cent. of them.

A Woodstock correspondent writes: "F. R. Hale is meeting with a hearty reception wherever he goes in the county, and good judges estimate his majority over Dr. Colter all the way from 300 to 500."

Mr. Morton met his committee at Sussex Tuesday evening. He said he had been over most of the county, but there were one or two parishes he wanted to visit yet.

THE CATTLE EXCLUSION ACT.

Mr. Buxton Makes a Motion to Exempt the Colonies From the Bill. Mr. Long Admits That He Had Made a Strong Case—The Amendment Defeated.

THE CATTLE EXCLUSION ACT.

London, June 2.—Sydney Buxton, liberal, who was under secretary of state for the colonies in the late government, moved to exempt the colonies from the operation of the cattle bill where it was shown that they were free from cattle diseases.

Mr. Long in reply, said the government had no desire to impair the Canadian trade, and was acting with the strictest sense of duty.

Mr. Buxton made the motion to exempt the colonies from the bill. Mr. Long admitted that he had made a strong case.

The amendment was defeated. Mr. Buxton's motion was not carried.

Mr. Long's speech was a strong one. He argued that the colonies were not free from cattle diseases.

The debate was long and spirited. Mr. Buxton's arguments were not convincing.
