CHINESE PUZZLE.

The New Militia Orders Relating to Dress.

Museum Freaks Will Not Be in It When the Squad Turns Out.

In a very short time the people of St. John will be treated to the spectacle of the brave defenders of the country marching about the streets with the following attractive costume. On their heads will be the old and familiar bubble, below this a blue serge tunic ornamented with red, then a salmon colored belt. The men may wear trousers, but it has not yet been decided upon. If they do, the trousers will be of a khaki, loose and even baggy. If they don't—

The legs below the knees will be protected by blue spiral puttees, and the feet shod in heavy tan shoes. This is according to the new militia orders just issued, which are worrying many of the officers in the city. Scarcely any of those who have received advance copies of the orders can make sense of them, and at present there is a big laugh all round. The militia department is evidently desirous of introducing a new service dress and the orders issued evidently relate to this. But the whole business is so mixed that a few can make head or tail of it. Officers are allowed to wear the present head-dress if they want to, and can wear their present uniforms for three years longer, but the men must change, and it is stated in the orders that every person must dress in the same manner. Almost any combination of colors is possible under the new regulations, and unless something more definite and comprehensive is announced the first parade when the new dress comes in will be about the hottest show ever seen here. Museum freaks won't be in it with Dundonald's darlings.

Many changes are to be made. All branches of the service will wear the same kind of dress, if they don't wear something else, and the descriptions of the different parts of the new uniform are contradicted in every other paragraph in the orders.

It is currently reported that one officer claims to understand the orders, and his translation of them will be swayed with much interest by the others.

AMERICAN COMPETITION.

European Congress Wants to Know How to Fight It.

ROME, April 15.—In the agricultural congress which is meeting here, and which is attended by well known European economists, the principal topic yesterday was the competition of European markets by the United States. Alarm at the extent of the invasion was expressed. It was proposed that a committee of twelve, representing France, Italy, Germany, Belgium, and the Netherlands, be appointed to study the best way for Europe to fight American competition, but action was postponed, until the next congress.

THE LATE MISS EMILY HENSLEY.

(Halifax Recorder.)

Our obituary notices this evening tell of a death last month in England of Miss Emily Hensley, an elder sister of Albert Hensley, of this city. Of a large family there are living in England one brother and three sisters, and on this side Mrs. Hobbins, of P. E. Island, and Mr. Hensley, of Halifax. The late Judge Hensley, of Charlottetown, and the late Dr. Hensley, of Windsor, were brothers of the deceased. Miss Hensley was a very estimable lady and was engaged in every good word and work. In the course of her charitable work she took the now celebrated singer, Frank T. Bullen, then a poor boy in London, and educating him made of him a famous writer. Those who have read his "Crisis of the Cathedral" will remember it is dedicated to Miss Emily Hensley, in grateful remembrance of thirty years' constant friendship and practical help, by her humble pupil. Of it Rudyard Kipling wrote in a preface: "It is impossible there is no other word. I've never read anything that equals it in its deep-sea wonder and mystery."

Miss Hensley had a number of intimate friends on this side of the Atlantic, particularly in P. E. I., who will affectionately remember her for her kindly disposition and cheering manner.

BROUGHT BACK HOME.

Rich Young Man Said to Have Been Kidnapped.

NEW YORK, April 14.—Moses Fowler Chase, a wealthy young man of Lafayette, Ind., who recently was found in the sanitarium near Paris by Consul General Cowley, reached here today on the steamer Kronprinz Wilhelm. A tug met the steamer at quarantine and took Chase to Jersey City. The young man came over under an assumed name and was met by a number of friends who were armed with a permit from the collector and accompanied by customs officers to facilitate the landing. At Jersey City Chase took a train for New York.

The young man, who is heir to his grandfather's estate of nearly one million dollars, is said to have been taken some time ago and secreted near Paris, without the knowledge of his father.

STEEL SHIPBUILDING AT SYDNEY.

SYDNEY, April 15.—A leading business man of Glasgow who recently arrived here from the other side says he heard it from a good authority before leaving that the Fairfield Shipbuilding Company, the largest on the Clyde, has practically decided to establish a shipbuilding plant on Sydney harbor. The company assign as the reason for this move their desire to meet American competition, practically on its own ground, and they state that the situation at Sydney is an ideal one for a steel shipbuilding plant.

IN THE BALKANS.

The Outlook Grows More Threatening Every Week.

CONSTANTINOPLE, April 15.—The Albanian soldier who shot M. St. Charles, the Russian consul at Mitrovitsa, inflicting a wound from which he died, subsequently died, has been sentenced to death, the Russian embassy here having demanded a revision of the previous sentence of fifteen years' imprisonment.

LONDON, April 15.—The Times' correspondent at Constantinople, in a despatch dated April 11, says the Bulgarians have destroyed a small village of exclusively Macedonian population. One hundred and sixty-five persons were massacred. The women were subjected to indescribable mutilation.

LONDON, April 15.—The Outlook's correspondent of the Times had an interview last Monday with Hilmi Pacha, the new inspector general of the Bulgarian bands, who were massacred by the Bulgarian bands. The latter said that the Albanian question was settled and that the Turkish government had no further anxiety with regard to it. The disturbance in Albania, he asserted, was caused by small and ignorant factions, and the revolt was by no means general. He expected, however, serious difficulties with the Bulgarian bands, whose activity was only checked temporarily by the bad weather. Hilmi Pacha was diffident about discussing the Austro-Hungarian reforms, but he approached the subject of the progress of their application three months hence.

The local diplomatic and other opinions, remarks the Times' correspondent, do not seem to put the inspector general's optimistic statements, and it is contended that the sultan's mission is a farce and the only solution is the military occupation of Albania. The weather is now fine and warm, favoring a resumption of Bulgarian activity.

RAILWAY MEN'S WAGES.

The Northern Pacific Makes An Advance All Round.

ST. PAUL, Minn., April 15.—All matters in dispute between the officials of the Northern Pacific Railway Company and conductors and the trainmen have been settled to the satisfaction of both officials and men. The men will get an advance of 15 per cent. for freight conductors and trainmen and 12 per cent. for passenger men. Yard men in all yards were granted the new Chicago scale, which is one-half cent an hour higher than the rate which the Northern Pacific men secured last fall. The company agreed to discontinue double header trains, except on two divisions, where they will be run on low tonnage. The increased pay will affect about 1,400 men, scattered between St. Paul and Duluth and the Pacific coast.

LABOR TROUBLES.

DETROIT, Mich., April 14.—The Canadian Bridge Company's plant at Walkerville, Ont., where a strike has been on since April 1, resumed operations with 250 men today. The company compensated the strikers by withdrawing an order for a ten hour instead of a nine hour day.

WHITE WEDDING.

That of Reginald C. Vanderbilt and Miss Neilson.

A Brilliant Affair and Gifts of Surpassing Beauty and Value.

NEWPORT, R. I., April 15.—The wedding of Reginald C. Vanderbilt of New York, the youngest son of the late Cornelius Vanderbilt, and Miss Catharine G. Neilson, also of New York, which occurred at "Albion" at noon yesterday, was a brilliant affair as well as an early opening of the social season of 1903 at Newport. As the marriage took place in a private villa, it lacked much of the pomp which usually attends the church function. About 100 guests, nearly all from New York, were present at the ceremony. It was a white wedding. The decorations were white on a black-ground of green, the bridesmaids were gowned in white, with white picture hats, the bridegroom, his best man and the ushers wore white puff cravats and white buttonholes, and the bride was dressed in white.

For an hour preceding the ceremony, an orchestra played, and just at noon the measured strains of the Wedding March from Lohengrin signalled the approach of the bride party. Rev. Father Leenan, attended by two altar boys, previously had taken his place at a floral altar and just as the procession started down the grand staircase Mr. Vanderbilt, accompanied by his elder brother, Alfred, took positions beside the priest.

Miss Neilson advanced on the arm of her uncle, Frederick Gebhard. Her four bridesmaids were Miss Isabelle May of Washington, Miss Florence Twombly, a cousin of Mr. Vanderbilt, Miss Evelyn Parsons and Miss Nathalie Schenck. The bride was gowned in heavy white silk, with a veil of rare lace having back the crown of her head and end of the train. Around her throat was lightly clasped a serpent necklace of rarest pearls, the gift of the bridegroom.

The ceremony was brief, its completion was indicated by Mendelssohn's march. A reception and an inspection of the bridal gifts followed. The latter were declared to be probably as costly as were ever bestowed on two young persons at the advent of their married life. Then came the wedding breakfast. Mr. and Mrs. Vanderbilt left for their new villa at Sandy Point, a few miles up the island, in the afternoon. There they will spend a few days preceding a three months' trip to Europe.

BOSTON, April 14.—Mr. and Mrs. Reginald Clay Pool Vanderbilt began their honeymoon in this city, and are occupying apartments at Hotel Somerset in the Back Bay, where they arrived yesterday afternoon from Newport. Their special, consisting of an engine and a passenger coach, only came as far as Roxbury crossing station, where the couple alighted and took a carriage in order to avoid the curious who were watching for them at the in-town stations. Arriving at the Somerset about 4 o'clock, they entered by the ladies' entrance and went directly to their apartments. Their suite is not the bridal suite that was ordered by Mr. and Mrs. Alfred G. Vanderbilt on their bridal tour here in January, 1901, but is one of equal elegance, which commands a broad view of Commonwealth avenue and the Fenway, on the fourth floor, consisting of four rooms.

Mr. and Mrs. Vanderbilt brought no servants, not even a maid, and their baggage, consisting of three trunks and a grip, came on the regular Newport train, being brought to the hotel from the South Terminal at 7 o'clock today. Dinner was served them in their apartments at 7:30.

It is not known how long the young couple will remain in this city. Some hint that they may leave today, but they may remain over until next week to attend the horse show. Meanwhile the special train is sidetracked in the Roxbury yard, awaiting Mr. Vanderbilt's orders.

REV. C. E. EBERMAN.

Death of Field Secretary of Christian Endeavor Society.

BOSTON, April 13.—Rev. Clarence E. Eberman, field secretary of the United Society of Christian Endeavors, is dead. News of his decease which occurred at East Northwest Territory, yesterday afternoon, was received at Christian Endeavor headquarters here today.

Mr. Eberman started on a convention of the Pacific coast and the Canadian provinces. He was taken ill at Vancouver a few days ago, but took the train for Calgary, the place of his next appointment. He was compelled to leave the train at Banff. Medical aid was called and the disease was pronounced prevalent typhoid fever. Then congestion of the lungs developed and death came yesterday. Mrs. Eberman was with her husband at the last.

Mr. Eberman was appointed field secretary of the United society of two years ago. During that time he appeared as representative of the Christian Endeavor movement in all the provinces of Canada and in every state of the union.

HALIFAX BARRISTER MISSING.

(Halifax Recorder, Tuesday.)

Adam A. MacKay, barrister, of this city, is missing. He was last seen by his relatives on Saturday week. A Recorder representative, hearing that he had mysteriously disappeared, called at his father's home, 35 Coburg road, and learned that the report was correct.

His father, Rev. H. B. MacKay, said that on Saturday evening, April 4, his son left home apparently in the best of health, promising to return in a few hours. He, however, did not return home and his relatives have not seen or heard of him since, and in consequence are greatly distressed about his non-appearance.

Any person who saw Mr. MacKay after the time mentioned would confer a favor on his relatives by sending any information to his father at the above address.

KANSAS CITY, Mo., April 15.—At the annual conference of the re-organized Church of Jesus Christ of Latter Day Saints, twelve apostles were assigned to various fields. They include F. M. Sheehy and W. W. Greene for the Eastern States, Nova Scotia and New Brunswick. Nearly four hundred other ministers were appointed for places in the United States and many foreign countries. Next year's meeting will be held at Drexland, Ohio.

TEN PERSONS KILLED.

And Enormous Damage Done by a Tornado.

EVERGREEN, Ala., April 15.—In the tornado which passed near Peterman and Burnt Corn, Monday, ten persons are known to have been killed. Numerous barns, residences, fences and outbuildings were swept away, entailing heavy losses. Owing to the destruction of telegraph and telephone wires, the name of only one victim, Henry Salter, a well known planter, has been learned. Several residences were demolished, the timber falling on the occupants, killing and injuring all within the buildings. Heavy rains followed, rendering the roads almost impassable. Peterman, which is in Munro Co., is 25 miles from a railroad station.

EXCHEQUER COURT.

His lordship Judge Burbridge arrived from Ottawa and held a special meeting of the exchequer court yesterday afternoon, when the case of the King v. Kilgour Shives was considered. The case arises from the expropriation of a wharf property owned by Mr. Shives at Campbellton. The government offered \$5,000 for the property, which the owner refused, claiming \$20,000. Partial evidence regarding the value of the property was taken yesterday and the court adjourned. Meanwhile his lordship considered the appointment of a referee to take further evidence concerning the value of the property. Last evening Judge Burbridge and Messrs. Trueman and McLatchey met Judge Trueman's office and decided on Messrs. McLeod, McKean and Thorne as the gentlemen to comprise an arbitration court. The consent of each was obtained and this morning Judge Burbridge ordered reference of the case to them.

They will take evidence at Campbellton and may adjourn to St. John to hear argument. The three are appointed by the court, so there is no question of one or other representing either interest as in other arbitrations here.

LITTLE BOYS FIGHT.

Mrs. McAnulty of Brussels street reported five boys for being promoters of a prize fight in which her boy was one of the principals. The lads appeared in court this morning, and Mrs. McAnulty told her story. She said that Robert Garnet and Charles McCullum had been at her boy and had beaten him. Then Bobby Garnet told his little tale, which was to the effect that Willie McAnulty had advised another boy to throw a boulder at him. Bobby described the fight and added: "Mrs. McAnulty sat and watched her boy and me fighting, and when he was beating me she laughed, but when I began to get the best of him she started for a policeman." This childish description of a mother's devotion to her darling nearly brought forth a flood of tears, but there were no buckets and the floor had recently been cleared, so the weeps did not come.

"And what did you say, Donohoe?" inquired the magistrate. "I just told Bobby to soak him." Here Bobby broke in, "And that woman told me to go home to my dirty, drunken father."
