FORECASTS—Light, variable winds; fair and warm today and Thursday, with less fog off the coast.

Synopsis—The barometer has risen generally from the Great Lakes to the Atlantic and there is no indication of disturbance. To Banks and American ports, light variable winds with less fog. Sable Island, southwest wind, ten miles an hour; cloudy.

Highest temperature during the last 24 hours, 74.

Lowest temperature during the last 24 hours, 56.

Temperature at noon, 74.

LOCAL NEWS.

DIDA—The mysterious, mystifying creation of a woman out of nothing.

The steamer *Majestic* was ten minutes late in leaving her wharf this morning, owing to there being such a heavy freight and passenger list, as this was her record passenger day.

Owing to the unfavorable weather the time limit for the second round of the St. John Tennis Club's handicap tournament has been extended until August 4th. The third round semifinals and finals until August 13th.

Do not forget Fairville Presbyterian picnic at Westfield Beach tomorrow (Thursday) Aug. 2. Trains leave Union depot, St. John, at 8:25 a. m. and 1:10 p. m.; Fairville at 9:35 a. m. and 1:20 p. m.

On page six of this issue C. B. Pidgeon announces a grand clearance sale of boats and shoes, men's furnishings and made-to-order suits. Such reasonable goods at the very low prices quoted offer at rare opportunity for saving money.

More summertime bargains at M. R. A's Ltd., commencing tomorrow. This time—advertising will be short—ends of washing fabrics. The very choicest of this season's trans-Atlantic importations will be found in the array of remnants. All out on full view in the front store with prices and lengths plainly marked. Waist lengths, children's frock lengths, Kimono pieces, for dressing jackets, etc.

F. B. Carvill, M. P., is in the city. In conversation with the Star Mr. Carvill stated that for the last two years he has had strong hopes that the Grand Trunk Pacific would come by the river valley route, and he has had no cause to change this opinion. Of course, said Mr. Carvill, it will be some months before he is settled down to business principles it will be seen that the river valley route is a much more practical route than the central route.

Miss Nellie Bulyes, graduate of Quincy Hospital, Mass., and who has for the past two years been in the profession in Boston arrived by the Calvin Austin yesterday. She left this morning to spend a few weeks with her parents Mr. and Mrs. T. P. Bulyes, Galetown. She was accompanied by her friend, Miss Louise Baulin, a graduate of the Boston Conservatory of Music. Miss Sully has won a number of prizes for being a very clever musical scholar and a bright musical future is prophesied for her.

The judgment in the case of the Williams' Sewing Machine Company vs. Geo. W. Holder was reviewed before Judge Forbes this morning. The case was an action brought in the city by the plaintiffs against the defendant for a sum of money. The defendant filed a set off of \$115. Judge Ritchie, however, gave the plaintiff judgment for the full amount. This morning Judge Forbes gave an order to withdraw the set off in order that the defendant might sue upon. A. A. Wilson appeared for the defendant and H. A. McKeown for the plaintiff.

EMPEROR'S TOUR ENDED

SWINEMUENDE, Aug. 1—Emperor William returned here yesterday from his four weeks' cruise in northern waters on board the steamer *Hamburg*.

NEGRO SHOT TO DEATH.

ATLANTA, Ga., August 1.—Floyd Carmichael, a negro about 22 years old, after being identified by Miss Annie Poole as the man who had assaulted her early yesterday, was shot to death in sight of his victim late in the day by a posse who had captured him.

FERRY COMMITTEE MET THIS MORNING

Tenders for Work of Improvement on Ludlow Received—Several Bills Passed.

A meeting of the ferry committee was held this morning and the tenders for the improvement of the Ludlow were opened. Those present at the meeting were Ald. Lockhart, chairman, Ald. Tilley, Ald. Bullock and Superintendent Glasgow.

A letter from J. S. Gibbon, asking that a trial on the Ludlow be made of some new coal which he has received. It was moved to ask Mr. Gibbon what the price of this new coal is and if it is lower than the present coal to put in circulating pumps as follows:

Side suction engine, \$45, \$356.

Double suction engine, \$45, \$370.00.

Side suction engine, \$45, \$360.

It was decided to leave the awarding of these tenders until the engineer could look over these different pumps and coils and give his opinion in the matter.

A considerable discussion then arose over the paying of some of the bills for repairing the Ludlow. A bill of T. W. Ellison for \$125.86 for painting was received and passed. This bill received special attention as Ald. Bullock thought that this should have been put out to contract. Other bills were received and passed.

A petition of John Lambert, mate on the ferryboat, was received asking for an increase in his wages. It was decided to leave this matter stand over.

TWO CHANCES.

The employment bureau of the Currie Business University, Ltd., has two good openings for young men of good address who have had some experience in canvassing. This is no book agency proposition. Applications to be made at the office, 20 Canterbury St.

THE DREDGING WORK ON THE WEST SIDE

Mr. Mayes Denies Communication Sent to Board of Works

Dredge Is Not Throwing Mud Over Sections of New Wharf—No Contract for Extra Dredging.

Contractor Mayes, speaking to the Star this morning, took exception to the communication sent to the board of works yesterday by D. C. Clark, stating that the work of the dredge beaver just outside of No. 3 section of the new wharf, is the cause of mud being thrown up against and into the No. 2 section, making it very hard to lift and move.

The trouble is, said Mr. Mayes, that the sections of wharf were built eight or ten feet too high, so that when they grounded they sank so deep into the soft bottom that the mud was forced up through. This he contends is really what has happened.

In reference to the dredging for the crib at the head of Union street, Mr. Mayes said he wished it distinctly understood that he has never received the contract for that work, and that as soon as he does he can go ahead and finish the whole thing in three weeks time. It had repeatedly been stated that he had received the contract for the entire dredging, but no word of the contract has so far been sent to him, although he has been unofficially informed that his was the lowest tender of the three.

"As soon as that work is done," Mr. Mayes remarked, "the dredge will be removed to Sand Point channel where work will go on rapidly and quietly, interfering in the least with any kind of shipping." Mr. Mayes thinks in placing the cribs where they are so poor judgment by Mr. Clark was used. At low water it interferes materially with the dredge, as it leaves no room to turn the screw.

LUMBERING OPERATIONS ON ST. JOHN RIVER.

Water is Unusually Low and Large Number of Logs are Hung Up—E. W. Pond in the City.

E. W. Pond, lumber king of the Upper St. John, is in the city today. Mr. Pond states that the water in the northern part of the river is unusually low for the time of year. About eighty million feet of lumber have gone over the Grand Falls this year. Besides this \$500,000 feet have stopped at the St. John lumber company's mills at Van Buren. This company Mr. Pond states, is about to begin the construction of a new long lumber mill near the present shingle mill, the power to be derived from the main mill. They are apparently giving themselves no easiness about the matter of the settlement of existing difficulties concerning the right of way on the river.

There is now a drive of about three million feet hung up at Edmundston, belonging to Charles Miller and Randolph and Baker. The first small rise in water will bring it down to the Grand Falls.

Mr. Pond thinks that the river difficulties will not be settled amicably enough by the appointment of commissioners from both sides of the line to look after the matter, which seems likely to be done in the near future.

COMPETENT JUDGES AT ST. JOHN EXHIBITION

The St. John Exhibition has secured the services of very competent judges in all the classes of live stock, a factor of some importance to exhibitors of well-bred stock. The names of the judges and the classes they judge are as follows:

Horses, (heavy), C. M. Macrae, Esq. Horses, (light), Dr. J. Standish. Cattle, (dairy), W. E. Stephens, Esq. Cattle, (beef), Duncan Anderson, Esq.

Sheep, C. M. Macrae, Esq. Swine, Duncan Anderson, Esq. Poultry, Sharp Butterfield, Esq.

There is \$15,000 in cash prizes to be distributed in the live stock classes and the entries close August 20th at regular fees, after August 20th additional entry fees are charged. The St. John Exhibition opens September 1st and closes September 6th, and is the banner fair of Eastern Canada this year.

VOLIVA THE ONLY NAME MENTIONED.

ZION CITY, Ill., August 1.—At a meeting in the tabernacle here last night for the purpose of choosing candidates for general overseer of the church in September in accordance with the recent order of Judge Landis, the name of Wilbur Glen Voliva was the only one presented. A standing vote of these present at the meeting showed 1,410 in favor of Voliva's election. The name of John Alexander Dowle was not mentioned at the meeting.

TOO LATE FOR CLASSIFICATION.

FOR SALE.—Electric Motor Sausage Cutter, sausage stuffer, belting, pulleys and shafting, next spice drawers, table desk, 2 sets express harness. S. MCCONNELL, 694 Main St. 1-5-6

WANTED.—Bright lad about 15 for small hotel; good address. Apply ST. JOHN HOTEL. 1-4-6

Fur Styles

FOR Next Winter

will doubtless be of interest to the lady whose mind is made up to have something new in this line next November.

Because our 1906-07 sample show is now to the fore, we feel justified in talking fur regardless of the mercury's proximity to the eighty mark.

Contrary to some prophesies, furs will be used in a greater degree of popularity this coming season than ever before. Preparations are being made in all the centres to meet the demand.

Many novelties are introduced, and we show the best of them. The Mortar Muff is a conspicuous departure. It is larger, almost square and quite fat.

Cravats are also new—the Broadtail and other styles. In fact so many new ways of conforming furs to the sensible needs of women and children have been introduced, that one feels perfectly satisfied with the wide range of designs.

An early examination of the advance supply will settle one's mind on a choice, at least, and may be the means of securing an exclusive model before the fall activity.
