ONTARIO FARMER KILLS HIS FAMILY

Then Commits Suicide—Revolving Crime at Gananoque—Bodies Found by Hired Man.

GANANOQUE, Ont., May 12.—William Walde, a farmer living two miles from here, startled the community this morning by murdering his entire family in a brutal manner and then committing suicide. His wife and two little children, aged two and four years respectively, were beaten with a hammer until their heads were crushed to pulp. He went down stairs and crushed a note, explaining his crime, which he attributed to mental and physical collapse and mania. He then placed himself in front of a mirror in the bedroom, cut his throat from ear to

ear, and carefully laid himself down on a bed beside his murdered family. Walde was only 28 years old and a well known farmer in the district and most highly esteemed. He was apparently fond of his family, and was of a quiet disposition. His remarkable crime is inexplicable to those who have known him for years. He told a hired man named Shipman that if he did not find him when he went to the factory with milk to go up stairs and he would be there. On Shipman's return, not seeing Walde about, he sought him as directed and was horrified at the awful spectacle which met his gaze upon entering the bedroom.

LIVES SAVED BY MONKS.

GENEVA, May 12.—The monks at the Grand St. Bernard hospice state that this winter has been the most severe experienced for many years. During the five months just ended more than 1200 snowbound travelers—chiefly Italian workmen, and including three British tourists—have been given shelter at the hospice.

WILL GO AHEAD WITH NEW SCHOOL ON WELDON LOT

H. H. Mott Instructed to Prepare Plans for \$35,000 Building

J. E. Wilson's Tender for Fire Escape Bridges Accepted—Teachers' Petition for Vocal Instructor.

The School Board held its regular monthly meeting last evening. Tenders for the construction of the two bridges to connect St. Joseph's and Victoria schools were opened and the tender of John E. Wilson was accepted. H. H. Mott was retained as architect for the new school building to be erected on the Weldon lot. The first report of Trust Officer McMann was received. It was also decided that the school holiday in observance of Loyalist Day be Monday, the 27th instant. Other routine business was transacted.

Fire Escape Bridges

The first business taken up was the opening of the tenders for the construction of the fire-escape bridges between Victoria and St. Joseph's schools. On the request of the chairman, Architect H. H. Mott explained what the bridges would be like. They would be of steel, he said, with open-laid pitch pine flooring and wire netting on the sides. The tenders were then opened. The tenderers and amounts were: Jas. K. Fleming, \$1,750; John E. Wilson, \$1,400. These tenders included the cost of repainting the old fire escapes.

It was moved that Mr. Wilson's tender be accepted. The architect was instructed to enter into a contract with the tenderer.

The New School

A communication was received from the government, allowing the board to issue \$40,000 bonds to cover the cost of the erection of a new school on the Weldon lot.

Ald. Bullock explained that he would like the superintendent to state why the new building was needed and from what district its pupils would be taken. Dr. Bridges explained that the overcrowding of the Victoria and Leinster street schools made the new school necessary and that the pupils would be drawn from those schools.

Trust Officer's Report

The trust officer next made his report for the month of April. He explained the system on which he was acting. The following are some of the details of Mr. McMann's report: Visits made to homes, 129; visits to schools, 39; to police court, 2; trunks, 40; cases of irregular attendance, 162; habitual truants, 5; truants who had returned to school, 37; school children employed contrary to the school law, 5; absent on account of sickness, 38; absent on account of lack of clothing, 22.

The officer reported that he expected to have five truants up before the juvenile court on Saturday. He also stated that Factory Inspector McMann and himself had clashed owing to fourteen to be employed while the school law required that they must have passed the seventh grade.

The school board expressed itself as being highly satisfied with the report.

Teachers' Applications

An application for a position on the High School staff was received.

An application from Miss Pearl Currier to be placed on the waiting list was filed.

The same was done with an application of Miss Edna S. Tufts.

The application for a position as teacher, from Martha E. Bray, was ordered to be filed.

Miss M. Pauline Shaw applied for a position as a teacher of domestic science. The application was filed.

Patrick Burke, caretaker of the Douglas avenue school, applied for an increase of salary. The application was referred to the building committee.

Loyalist Day

Dr. Bridges next brought up the matter of Loyalist Day, a legal school holiday. This year the 18th of May falls on Saturday. The superintendent wanted to know what would be done about the matter. He proposed that the 27th of the month be granted as a holiday in observance of Loyalist Day. The proposal was concurred in by the board.

The superintendent brought up the matter of decoration of the Victoria School grounds. Previously the flowers had been paid for by the teachers. He thought the board should pay for the decorations.

It was decided that a committee of the superintendent and Ald. Bullock be appointed to look after the decoration. At the suggestion of the superintendent it was decided that Misses Tufts, Fritz, Brown, Crisp and Holder be enrolled as reserve teachers.

It was also decided that the teachers' committee should meet on the evening of next Monday.

FITZPATRICK SWORN IN.

OTTAWA, Ont., May 12.—Hon. Charles Fitzpatrick, chief justice of the supreme court of Canada, was sworn in administrator of the Dominion this afternoon.

Mr. Lockhart moved that H. H. Mott be employed as architect for the new building. The motion was carried.

On Mr. Maxwell's motion it was decided that the heating of the building be by steam.

Mr. Maxwell also moved that the architect be instructed that the outside limit of the cost of the building be \$35,000.—The motion was carried.

Want Vocal Teacher

A communication signed by practically all the city teachers, requested that a teacher of vocal music be supplied for the schools. The communication was ordered to be filed.

On Mr. Maxwell's motion the question of flag-poles and flags for schools was referred to the buildings committee to report back to the board.

The board confirmed the action of the chairman in ordering the payment of the teacher in the recently reopened, Stanley Point school.

The salary of the janitor of the Victoria school was the next subject discussed. Six hundred dollars was what Mr. Oldford asked as salary. It was decided that \$550 per year be offered him.
